

WETTLAUER CONCRETE MIXERS

"First-Class in Every Respect."

Our Concrete Mixers are strongly endorsed by all users. It is a conceded fact that our machines give a more uniform mix and do half as much more work than any other mixer on the market.

Our Mixers were used on the New Concrete Sub-Station now being Erected for the Toronto Electric Light Co.

READ WHAT THE CONTRACTORS SAY ABOUT THEM:

Messrs. Wetttlauffer Bros., Mitchell, Ontario

Dear Sirs:—We have used two of your Mixers nearly three months, and wish to state they have given us every satisfaction. The Gasoline Engines have been a surprise to us, as any of our men can start them, which saves an engineer; the cost of fuel is very small. We can heartily recommend your Mixers as being first-class in every respect.

Yours very truly,

JAS. C. CLAXTON & SON,
Per Henry Claxton.
