

PLOWS! PLOWS!

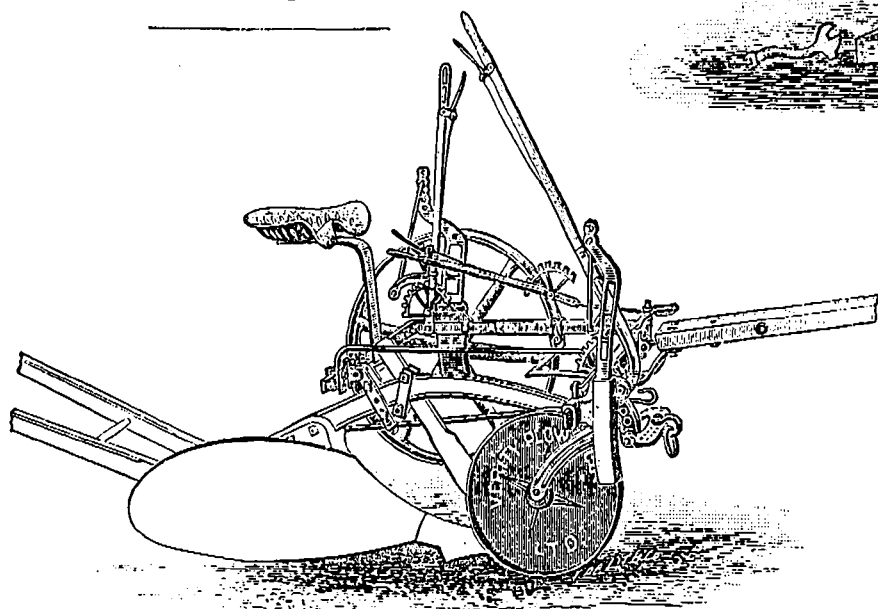

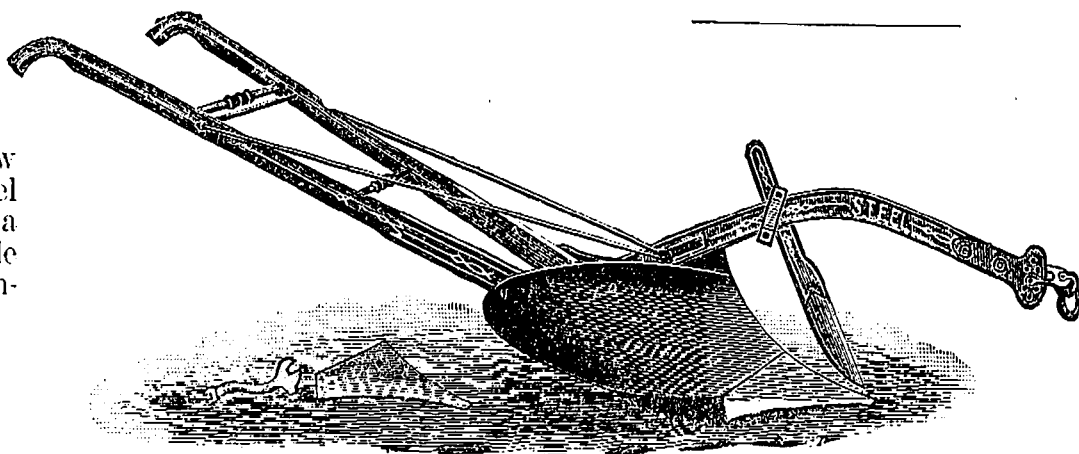

No. 4 A Plow.

This is in every sense a General Purpose Plow, and for general use has no equal. Easy to hold, of easy draft, and suited to all kinds of land. Will clean any kind of soil. Steel Beam, Steel Coupler, and best quality Soft Centre Steel Mouldboard.

No. 7 Plow.

This is a wide Plow for summer fallow and fall ploughing. The Soft Centre Steel Mouldboard is so shaped as to make a grand Jointer Plow, and will cover stubble and manure thoroughly. Wheel and Skimmer furnished when specially ordered.

PATENTED IN THE UNITED STATES AND CANADA.

Also the following well-known Styles:

- No. 1—Sod Plow.
- No. 2—Light, Wide, General Purpose Plow.
- No. 3—Verity IXL.
- No. 5—Light General Purpose Plow.
- No. 6—Very Light Plow; heavier than One-Horse.
- No. 11—General Purpose and Sod Plow.
- No. 13—Stubble Plow, with or without Skimmer.
- No. 14—Sod Plow.
- No. 15—Light One-Horse Plow.
- No. 17—Short-handled Stubble Plow.
- No. 30—Sod or Stubble Plow, with Skimmer and Wheel, if desired.

ALL PLOWS ARE FURNISHED WITH SOFT-CENTRE STEEL MOULDBOARDS.

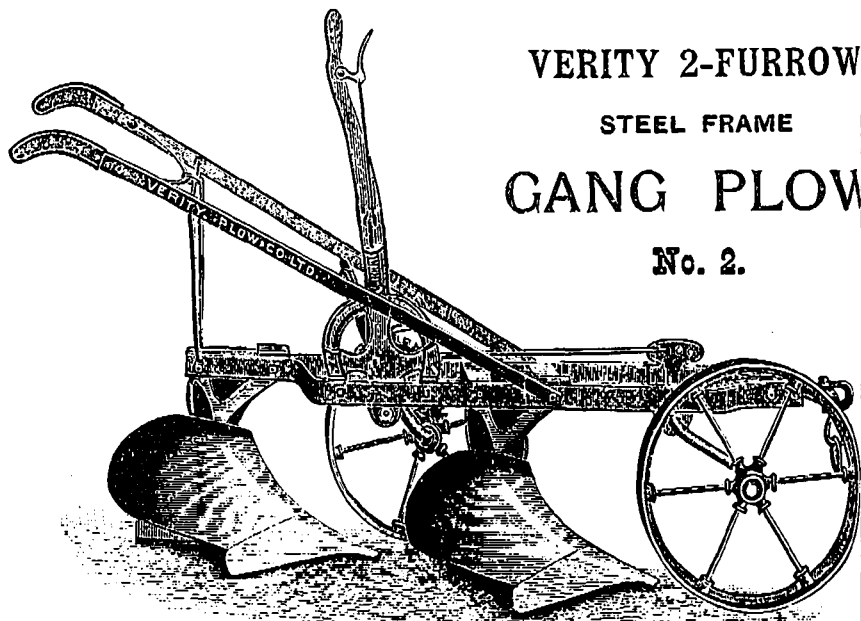

Verity's "Climax" Sulky
