

4. In each fishing season of the Regime, the Government of Canada shall limit fishing for albacore tuna by its vessels in the EEZ of the United States to 110 troll vessels. The Government of the United States shall limit fishing for albacore tuna by its vessels in the EEZ of Canada to a number of vessels reflective of historical levels.
  
5. If at any point during the term of this regime a Party receives a request for resolution of a matter related to the implementation of this Treaty with specific regard to the Regime, and notwithstanding the consultations contemplated in paragraphs one and two of Article VI of the Treaty, the Parties may establish through an exchange of letters setting out a mutually held understanding on the terms of reference for an ad hoc consultative group consisting of an equal number of experts knowledgeable about the Pacific albacore tuna fishing industry who will serve in their personal capacity for the purpose of examining questions of implementation referred by the Parties.
  - (a) The Parties will set out any question or matter of difference between them involving the rights, obligations or interests of either in relation to the other or to the inhabitants of the other.
  - (b) Each Party will be responsible for determining the manner in which the travel and other costs associated with the operations of the consultative group for the members of the group that they nominate will be provided, and for the respective shares.
  - (c) Each Party will be responsible for determining the manner in which any jointly incurred expenses associated with the operations of the consultative group are funded.
  - (d) Any report submitted by the group should represent a consensus of the members appointed, but in the absence of a consensus, two reports, one by a majority of the members and the other by a minority of the members, or a report each should the views of the group be equally divided, may be submitted to the Parties for their further consideration.
