NATIONAL STANDARDS ORGANIZATION

Question No. 552—**Mr. Flemming**:

1. Is the government considering the setting up, through some department, of a completely new national organization on standardization to be known as The Standards Council of Canada and, if so, is it proposed that such a Council will take over the duties which have been carried on by the Canadian Standards Association, which has been acting as Canada's National Standards body for 49 years, under charter from the Government of Canada?

2. Has the government received complaints relative to the efficiency and performance of the Canadian Standards Association which would cause such a step to be considered?

3. Does the Canadian Standards Association receive a grant from the Government of Canada and, if so, what is the amount of the grant for the present fiscal year and for each of the last five years?

4. What is the estimated initial and annual expenditure of the proposed Standards Council of Canada and what portion of this expenditure will be supplied directly by the Government of Canada and what amounts will be supplied by others and by whom?

5. Has the Government of Canada investigated what additional funds would be required to enable the Canadian Standards Association to provide full and complete services in connection with national and international standardization and
