ANATOMY being the basis of Medicine and Surgery, special care will be devoted to its cultivation, and every facility will be afforded the pupil by dissections and demonstrations; and, in order to enable him to prosecute his studies in this department, more profitably, the Dissecting Rooms will be lighted with Gas, and will be kept open from 6 A.M., till 11 P.M., daily, during which time competent Demonstrators will attend to superintend the pupils.

The business of this School will be carried on in a commodious building, situate in the immediate vicinity of the Montreal General Hospital, containing a large Theatre, spacious and well ventilated Dissecting Rooms, and a Museum of Human and Comparative Anatomy and Pathology.

Five Lectures will be delivered weekly throughout the Session, on each branch, (excepting Forensic Medicine, Clinical Medicine, Clinical Surgery, Ophthalmic and Aural Surgery, Botany, and Comparative Anatomy and Zoology, each of which will be a three months course,) from 1st Nov. to end of April, in conformity with the rules of the College of Physicians and Surgeons of Lower Canada. They will be illustrated by numerous preparations, a large collection of PLATES, DRAWINGS, MODELS, and CASES; and the recent discoveries in Physiology and Pathology will be practically taught by means of Achromatic Microscopes by the lecturers on these branches.

Ample opportunities for Midwifery practice will be afforded to the Senior Students in that branch, under the immediate superintendence of the Lecturers.

Students attending the lectures on Ophthalmic and Aural Surgery will have the privilege of witnessing the practice at the Montreal Eye and Ear Institution during the whole session.

BOARD and LODGING can be obtained at moderate rates in the vicinity of the School.

The Fees for the Lectures will be the same as at the University of McGill College.

For Further particulars, apply to

A. H. DAVID, M.D.

Secretary.

N. B.—The certificates of this School being recognized by all the principal colleges in Great Britain and the United States, it will be to the advantage of Students intending to complete their professional education in either of these countries, to attend the courses of lectures of this School.
