A large deputation from the municipalities interested will go to Ot-tawa shortly to impress upon the gov-ernment their belief that great bene-fit will be derived from the construcernment their belief that great benefit will be derived from the construction of the proposed railway, and to support the claim of the company to the regular Dominion subsidy. Our incoming consignments of horses for this big sale are of the very best quality, and also very numerous. Our shippers have been in the country for the past couple of weeks, and have been very fortunate in securing their present offerings. They report that prices are retaining the low trend of the last month or so, and the trade appears to have eased up a lot, stock being easy to get at very reasonable figures. You should buy those horses now! Unequaled buying opportunities are being offered to you daily. Do not overlook this great sale if you need or can handle horses of any class. At the present time we are receiving some fine drivers, and an occasional complete driving outfit consigned for unreserved sale.

THURSDAY
APRIL 17TH

AT 11 A.M.

Our offerings for this sale will also be right up to the mark in quantity and quality. In addition to our regular consignments we also sell a number of services by sound workers and drivers consigned to us by city people who have no further use for them; also a number of sets of new and second-hand harness, and vehicles of every description. We are considerably overstocked with fur robes and horse blankets, and have reduced our prices on these greatly to enable us to cut down our stock. We offer exceptional bargains in these lines.
