be to be heard."
The assembly was called to order at 10.11.
The first roll call indicated that the majority had the votes to carry out its program to impeach the governor before adjournment. One hundred and twenty-two members answered to their mames, as follows: Democrats 85, Republicans 35, Progressives 2.
Of the \$5 Democrats present, the majority leader was confident that 78-two more than a bare majority-would wore for the impeachment resolution. The roll call was slow and was succeeded by a call of the absentees, which added to the delay. At 11 o'clock the assembly had been in session nearly an hour and was still waiting, marking time in silence.
