### TOWNSHIP NEEDS BUILDING BYLAWS

Reeve Syme Calls Attention to Claring Case in Earls Court.

### HAS NO JURISDICTION

Scarlett Plains Ratepayers Hear Addresses From Prominent Speakers.

That building restrictions of some kind are imperatively required for the township was amply borne out by Reeve George Syme and other speakers at the township meeting of the Scarborough ratepayers, Mr. Syme advised that the township has no jurisdiction in the matter, nor had it any say in the installation of the township. The township had no power to stop the health inspector from proceeding with his duties, and the township had no power to stop the health inspector from proceeding with his duties, and the township had no power to stop the health inspector from proceeding with his duties.

OTTAWA, June 5.—Various rumors are flying around respecting dilatory tactics in the senate on the Canadian Northern legislation. It was reported that the senate had asked the house to adjourn until the 15th, so that a committee of the former body might examine Sir William MacKenzie and Sir Donald Mann. Meeting Tonight Will Likely Result in Action Being Taken.

### CITY'S INDIFFERENCE

Ratepayers Up in Arms Over Odorous Plague—Transportation Problems.

Altho many subjects are slated for discussion at tonight's session of the Ward Seven Ratepayers' Association, the "smell" will doubtless prove the most important, as there have been many reports in various parts of the ward since the last meeting, when Mayor Hocken stated that the municipal office of health would immediately close the abattoirs if it was ascertained that any official was responsible for the plague. During the last month there have been many reports of the plague, and the officials do not deny it, yet no relief has been given, and it appears as if no relief will be given, and it appears as if no relief will be given, and it appears as if no relief will be given.
