WINNIPEG. Man., July 13 .- Following bitter attacks on Lieutenant-Governor Cameron and Chief Justice Howell for the parts they played in change of government, today's Evening Telegram calls on the government to impeach Hon. Mr. Cameron.

The Telegram says: "It was only an accident, an unavoidable accident, that it was permitted to leak out that the lieutenant-governor had consulted Chief Justice Howell on official business while he was still under obligation to accept his legal advice from Mr. Howden.

"It was not permitted to leak out that, about the time that this advice was taken, Sir Douglas Cameron was in secret consultation with recognized politicians of the Liberal party, who did not hold positions on the bench. Will Sir Douglas Cameron deny that he was in consultation with such men? Will he deny that he was not advised by politicians hostile to those who were his constitutional advisers? Will he deny that, immediately after his departure from that office and from that consultation, the confidential civil servant of the then government was admitted by appointment to that of-fice, and there offered a bribe of \$25,000 if he would undertake to secure evidence of irregularities in governmental payments, and hand that information over to the Liberal

politician with whom Sir Douglas Cameron had just been closeted? "These are questions that The Telegram is prepared to answer, even if

### THIN FOR YEARS--- "GAINS 22 POUNDS IN 23 DAYS"

Remarkable Experience of F. Gagnon, Builds Up Weight Wonderfully.

"I was all run down to the very bottom," writes F. Gagnon. "I had to quit work, I was so weak. Now, thanks to Sargol, I look like a new man, I gained 22 pounds in 23 days." "Sargol has put 10 pounds on me in 14 days," states W. D. Roberts. "It has made me sleep well, enjoy what I ate and enabled me to work

with interest and pleasure." "I weighed 132 pounds when I commenced taking Sargol. After taking 20 days I weighed 144 pounds. Sargol is the most wonderful preparation for flesh building I have ever seen," declares D. Martin, and J. Meier adds: "For the past twenty years I have taken medicine every day for indigestion and got thinner every year I took Sargol for forty days and feel better than I have felt in twenty years. My weight has increased from

150 to 170 pounds." When hundreds of men and women -and there are hundreds, with more coming every day-living in every nook and corner of this broad land voluntarily testify to weight increases ranging all the way from 10 to 35 pounds, given them by Sargol, you must admit. Mr. and Mrs. and Miss Thin Reader, that there must be something in this Sargol method of flesh building after all.

Hadn't you better look into it, just as thousands of others have done Many thin folks say: "I'd give most anything to put on a little extra weight"; but when someone suggests a way they exclaim, "Not a chance a way they exclaim, "Not a chance. Nothing will make me plump. I'm built to stay thin." Until you have tried Sargol, you do not and cannot know that this is true.

Sargol has put pounds of healthy "stay there" flesh on hundreds who doubted and in spite of their doubts. You don't have to believe in Sargol to grow plump from its use. You just take it and watch weight pile up, hollows vanish and your figure round out to plessing and normal proporout to pleasing and normal propor-tions. You weigh yourself when you begin and again when you finish and you let the scales tell the story. Sargol is just a tiny, concentrated ablet. You take one with every

meal. It mixes with the food you eat for the purpose of separating al of its flesh-troducing ingredients. It prepares these fat-making elements an easily assimilated form, which the blood can readily absorb and carry all over your body. Plump, well-developed persons don't need Sargol to produce this result. Their assimilative machinery performs its functions without aid. But thin folks' assimilative organs do not.
This fatty portion of their food now goes to waste through their bodies like unburned coal through an open grate. A few days' test of Sargol in your case will surely prove whether or not this is true of you. Isn't it worth trying?

50c BOX FREE To enable any thin reader ten pounds or more underweight, to easily make this test we will give a 50c box of Sargol absolutely free. Dealers.

OTTAWA July 13.—The enquiry into the purchases of oats for war purposes by the militia department was continued before the war cor Auditor-General Fraser said that his chief criticism of these transactions was that no tenders were called. A number of people were asked to tender, and in some cases they bought from others who had not been given an opportunity to do so. This meant

that there were two profits. Some of the people asked to tender were not in the business. John Thompson, government cour sel, said this statement by the audi-tor-general was correct. The list included R. A. Pringle of Ottawa. "I did not know that our learned friend dealt in oats," remarked Mr. Thompson, "but he may deal in legal

W. H. Dwyer of Ottawa was then examined in connection with the pur-chase of 6000 bushels of oats which George Sparks & Son of Vars sold to the government. Sparks bought the oats from Dwyer for 67c and sold them to the government at the same figure. Dwyer said that he merely gave the order to his brother, H. D. Dwyer, of Montreal. Western oats had not been called for. He thought Ontario oats just as good as the western variety and did not think, as Sparks had stated, that they could have been bought for ten cents less. J. A. Ruddick, Dominion dairy

commissioner, was called to give an opinion as to the price of oats last autumn. He stated that shortly after the war broke out 560,000 bushels of oats had been commandeered in the Fort William district for 47 3-10c per
