BANKERS MAKE STRONG APPEAL

War Enters Final Stage and Police Allege James Whitley is Money is Greatest Need.

TREMENDOUS STRAIN

Britain Called on to Expend Nine Billion Dollars Next Year.

LONDON, Dec. 22, 9.59 p.m.—A manifesto to the people of the country was issued tonight over the signature of a score of leading English bankers of a score of leading English bankers and financiers on the subject of the country's financial position. The signatures are headed by George Anderson, treasurer of the Bank of England. The manifesto in part follows:

"As this is a time of great national danger, it is imperative that every citizen realize the vastness of the work Great Britain has to perform. In a long war success depends mainly upon the respective financial resources of the combatants and the consequent power of one of them to maintain or add to its fighting strength while the others are declining. It is not in doubt that the allies' financial resources, when fully mobilized and wisely controlled, will be vastly greater than the enemy's.

"The allies' success in defeating the enemy's efforts to cripple them in men. munitions, and money before they could assemble their full strength has now brought the war near to its final stage. Indeed, only one thing is now needed to command victory, namely, to provide all the money needed to support the vast armies of new men, and pay for the vast quantities of arms and munitions being manufactured in all parts of the world.

Task is Stupendous. "In the current calendar year the British pepole will spend £1,300,000,-000 on war and government next year £1.800,000,000. To raise this sum is a stupendous task, which will try the mettle of the nation as it has not been tried in a hundred years. The task demands the strenuous co-operation of every man, woman, youth and maiden—that the nation's energies be concentrated on the production of really essential things, that the production of all non-essentials be wholly

stopped.
"The nation must avoid the consumption of all non-essenials and even restrict the consumption of essentials to the limits of efficiency. Individuals possessing securities marketable abroad must sell them to pay for goods and munitions, for which no other means of payment can be provided. Only by all classes adding to and carefully husbanding their income, by selling foreign securities by creating foreign credits will it be possible to provide the vast sum needed by the

TO MEDIATE FOR PEACE

Time Believed Not Opportune for Offering Good Offices to Belligerents

SOCIALIST INFORMED

Federal Council Will Be Glad at Opportune Time to Serve Humanity.

PARIS, Dec. 22, 6.40 p.m.—The Swiss Federal Council believes that this is not the proper time to offer its good offices to belligerents for the negotiation of an armistice or preparations for peace negotiations, according to a declaration made in the Swiss Parliament today by M. Hoffman, head of the political department of the federal council as are today. council, as quoted in a Havas despate

M. Hoffmen's declaration was made in reply to an interpellation by M. Greulich, representing the Socialist group, who said he was satisfied with the answer of the federal council, adds the despatch, and there was no M. Hoffman, according to the corre-

spondent, said that the course of events would be followed with the greatest attention. "We will be glad," his quoted remarks continue, "if, moved by sympathy for the belligerents and faithful to its traditions of neutrality, our lit-tle country can, if only in small mea-sure, contribute with complete disin-terestedness to the re-establishment of a durable peace so much desired. As long, however, as the belligerents themselves have not expressed a desire for peace, all intervention on the part of strangers will not only be sterile but inopportune, and considered un-friendly interference. A peace propo-sal could thus prejudice the cause of

OFFICER OF CUSTOMS

Culprit Who Thus Secured Sums of Money.

In the arrest of James Whitley, 238 Bat urst street, by Detective Nichols yesterday, the police betieve they have found a man who has been making his living at the expense of credulous housewives in different parts of the city.

Many complaints have reached the police from persons in well-to-do lo-calities to the effect that they were being victimized by a man who posed as a customs officer. His method of as a customs officer. His method of working was to call upon women between the hours of eleven in the morning and five in the afternoon, and tell them that a parcel was lying for them in the custom house, but that it could not be delivered until they had paid him the luty levied on it. In some instances he would receive as much as three deliars from the unsuspecting houselessner. lousekeeper.

His description was given the police by the compainants. Yesterday aftermoon Detective Nicholls nicited Whitley, who answered the description, going to the door of Mrs. Hamilton Brown, Seaforth Apartments. He followed him and found that he had obtained \$1.90 from Mrs. Brown by stating that he was a customs officer and that he had called to collect the duty on a parcel which was waiting for her in the office. His description was given the police

Conductors Guilty.

Magistrate Denison in the police
ourt yesterday imposed a fine of \$100 and costs or 30 days in jaki in each case on charges of stealing fares from the C.P.R. on James E. Mulligan, Peter Gaudett, F. Lassman and J. A. Gillis, conductors in the employ of the company. The men were convicted on the evidence of members of a private detective agency, two of whom dis-guised themselves as lumber jacks. They swore that they boarded the train in charge of Mulligan at Sudbury and paid him \$3.25 for a ticket to Parry Sound. They were given receipts. Replying to Crown Attorney Corley one of the detectives said he had found most conductors honest.

The nature of the theft was explained by Auditor Thomas Sherring, by stating that by irregular punching the conductor had received in one case \$3.25 for a tighter to be seen as \$2.25 for a tighter to be seen as \$3.25 for a ticket to Parry Sound, but had turned in only 20 cents to the

company.
Other detectives swore to having paid for tickets on Gaudett's train, be-tween Chapleau and Bisco. Gaudett could not explain why he had not made a return of the money.

Lassman was charged with stealing

\$2.20 between North Bay and Sudbury, selling tickets to the detectives. He said if he received money for tickets he always turned it in.
Evidence was given that Gillis had been paid 95 cents for a ticket from Sudbury to Cartier. He also denied having failed to make a return of the

The four men were old employes of the company, Gillis having been a conductor for 29 years, Mulligan 25 years, Lassman 25 years and Gaudett

28 years. The Diamond Robbery. In the police court yesterday Joseph Crouk, Jacob Gould and Ike Cohen appeared on a charge of steeling unset diamonds valued at \$3000 from the store of B. Allen. 309 Continental Life Building, Bay street, on Monday last. Thru their counsel the three men pleaded not guilty and asked for a remand for a week. Bail in each case was set at two sureties of \$5000 each. tealing unse

TWO DYESTUFF CARGOES HELD BACK BY ENEMY

British Government Arranged With U. S. for Shipment in April.

LONDON, Dec. 22, 7.46 p.m.—In an-wering a question in the house of commons today, Lord Robert Cecil, parliamentary under-secretary for foreign affairs, said:
"In April last the government ex-

pressed its willingness, on the urgent representations of the United States Government, not to interfere with the shipment to the United States, on certain conditions, of two cargoes of dyestuffs already paid for by American importers. The German Government, however, apparently has been unwilling so far to allow the export of these cargoes, and, as far as I am aware, they have not been shipped. The arrangement involved no modification of the policy announced by the order-incouncil, and no such modification is
contemplated."

The hearing was adjourned.

Outline Municipal Policies at Meeting of Katepayers of the District.

And Other Useful **FAVOR HYDRO RADIALS** Speakers See in Them First Step Towards Transportation Prob-Ideal Gifts From Ideal lem Solution.

> A well-attended meeting of the Hillcreast Ratepayers' Association was held in Hiderest School last evening for the purpose of hearing all the aldermanic candidates for wards four and nie and aspirants for the board of centrol, Fresident John McCleiland occupying the

chair.
Ald. R. H. Cameron, a candidate for a seat on the board of control, said:
"A great number of those wno are elected to the city council are elected simply because they belong to every lodge in the city and are good fellows generally. Such men are dangerous to the city's best interests." Ald. Cam-tron said he was strongly in favor of the hydro-tadial scheme, and scored the heritages of overdrafts of past years. Regarding the fire department he said the present board of control had brought forward a candidate five

times, who in his opinion had no qualifications whatever for the position.

Makes No Promises.

Controller F. S. Spence said: "I am not going to make any election promises. I am bound to no interests or cliques, but if re-elected to the board of control I will use my God-given brain to the best of my ability in the best interests of the citizens."

Want New Blood. G. A. Archibald, candidate for alderman in ward five, said: "The last council has made the city a laughing stock. We want new blood. We shall know the general consensus of opinion after the first of January in this re-

The speaker touched on the work of the children's court and the fire de-partment. The candidate said he favor-ed Sir Adam Beck's scheme of hydro-

J. Albert Thompson, candidate for aldermanic honors in ward five, appealed to the electors as a new man, and said the ratepayers should take more interest in municipal matters. The candidate was of opinion that the cost of the hydro radials would be con-siderable, but would benefit the people eventually.

J. M. Warren, who is a candidate for re-election as alderman in ward five, in a forceful speech which created

a favorable impression on his audience, stated his reasons for advocating in council and putting thru a resolution for a fire commission as the best means to solve the problem of the muddle in the fire department.

"The trouble today is there are too many influences at work to make a clean-up. This is the reason I want a commission appointed," said Ald. "In the matter of transportation.

which is a sore one, I see daylight today by reason of the bylaw we will vote upon on Jan. 1. The hydro radials is the first solution. I urge you to vote to pass the bylaw," said the speaker. Needed Reforms.

Other questions touched upon by the alderman were the parks, which, he said, were not wanted so badly to-day as before the war; the need of an assessment commission, the jair farm, and the welfare of the children. Ex-Ald. R. H. Graham, W. R. Plewman and L. L. Jarvis also spoke.

RECRUITING CAMPAIGN ACCOUNTS APPROVED

Joint Meeting of County and Regimental Recruiting Comsittee Held Yesterdy.

There was a joint meeting of the York County recruiting committee and the regimental recruiting committee, presided over by W. H. Pugsley, chairman of the former board, in the York County offices yesterday afternoon, At the last session of the county council the sum of \$1000 was granted as an interim grant pending the meeting of the January session council, and as a portion of that sum has been expended in equipment of on-kind or other, the accounts as submit-ted were passed and adopted. Right after the holidays an aggressive campaign will be undertaken:
At recruiting rallies held in Victoria Square on Tuesday evening and in Maple last night excellent results were

obtained the organization being well looked after, and this will be followed by brisk recruiting after New Year's.

Keller Said He Acted Under Orders of Lieut. Coderre.

Canadian Associated Press Cable. LONDON, Dec. 22.—Further evidence against Lieut. Coderre, acting dultant of the 41st Montreal aBttalion, who is accused of the murder of Sergt. Ozanne, was brought out at the trial today at Alton. Lance Corporal Keller described how under Coderre's instructions he assisted to remove the body of the soldier from a cellar. Afterwards

oderre gave him a trenchs stick which was broken at one end and covered with blood, an dtold him to burn it. Coderre made nim remove his pants as they had blood on them.

Asked why he did not tell brother of the affair when he called that afternoon, he replied, "I did not tell because I have been told by Major Hughes always to obey orders

from an officer or sergeant."
The presecuting counsel referred to a letter written by Coderre to the witness and said. "There is a state-ment made in this letter that you

Betteves in Promotion.

Donald C. MacGregor Sau. "I am in

the origane, and believe there were brigane, and believe there were more than a tree cheer should be part no more than \$3000 a year, but I believe the question of salary is not the tring to be discussed at this time. the thing to be discussed at this time. Let us get the right man and then take up the salary question; but personally I think a man who takes his life in his hands at every call to duty is certainly worth the \$4500 paid to the past chief. The fire chief is in the hazardous class and can not have any side lines to make any extra money out of, so that he should be paid a decent salary, which would bring out the best that is in han in return."

any extra money out of, so that he should be paid a decent salary, which would brang out the best that is in han in return."

Mr. MacGregor favored hydro-radials coming into the city and showed that the one now running between London and Port Stanley, which was only opened in June, is paying a profit and has reduced the fare one-half cent per mine already. He would advocate the immediate filling in of Catfish Pond by the new council and pointed out that where the health of the public was endangered it was no occasion for saving money by holding up the work. Mr. MacGregor, who was one of the very first to advocate the necessity of bringing about the delivery of freight thruout greater Toronto, said he would keep hammering at this question until it had been acomplished. He favored the purchase, at a right price, of a park for the Earistourt district and causter lights in the business sections. Public lavatories were a crying need thruout ward six said Mr. MacGregor, whose address was one of the features of the evening.

Ward Six, said: "I am strongly in favor of Sir Adam Beck's hydro-radial scheme, realizing that it is one of the great factors to solve the great and ever-present question of transportation. I will give my support fo every movement in council for the benefit of the city in general, and ward Six in particular. I am a resident in your midst," said Mr. Birdsall, "and your Interests will be my interests, and if elected will do my utmost to serve you at all times," he said.

Ald, R. H. Cameron, candidate for the board of control, said the tax rate was high this year because of the heritage of overdafts from previous years. The alderman was very strongly in favor of the hydro-radial scheme. Controller Joe Thompson was greeted with applause, the audience-singing "For He's a Jolly, Good Fellow." Mr. Thompson characterized the present council as "pay-as-you-go" council.

Controller John O'Neill, who seeks relection to the board of control, referred to his next seeds.

Ald. Joe Gibbons, candidate for re-election in Ward Six, was well received. He referred to his past year's record and his work and interest in the working-

Controller F. S. Spence, ex-Ald. Fred McFrien, Ald. T. Roden and W. H. Hodgson, candidate for the board of education, also spoke.

PORT CREDIT IS TOLD OF SIR ADAM'S PLAN

T. F. Hannigan and W. S. Davis Addressed an Enthusiastic Meeting on Hydro Radials.

T. F. Hannigan of Guelph, secretary of the Ontario Hydro Radial Union, was the chief speaker at an enthusiastic meeting of the people of Port Credit, held in that town last night. The gathering Cobalt's history there was only was one of the most representative held in that district in a long time, and the speakers' remarks were closely follow-

Mr. Hannigan dealt at some length with the matter of the financing of the road, and showed to the satisfaction of the business men present that the scheme was likely to prove a paying investment from the very outset. The choice of the route as adopted by the engineers was defended and approved by those present, the feeling of the meeting being that the most direct and easiest route should be chosen for the trunk line.

NEARLY SIA THOUSIAND THE STATEMENT OF LONDON AND LOSSES IN Retirement From Bagdad.

LONDON, Dec. 22.—British casualties since the beginning of the retreat the scheme that the scheme that the scheme the scheme that the schem most direct and easiest route should be chosen for the trunk line.

W. S. Davis of Oskville made a strong speech in favor of the scheme, which was later approved by an overwhelming majority, a practically unanimous vote.

GREAT POSSIBILITIES OF THE SCHUMACHER

McIntyre Mine Finds Best Ore Adjacent to the Schumacher Line.

"It is the possibilities of the Schueacher we expect to appeal to the public," say Messrs. Fleming & Marvin, in commenting on their flotation of the latest mining issue. "And these are indeed enormous. The working of the Porcupine gold area is demon-strating that the deposits of gold-bearing quartz lie in the schists adjacent to the contact with the porthyry. This contact comes thru the Hollinger and Acme, and is divided by the boundary between the Acme and McIn.yre, and so eastward thru the Sc. u nache. The McIntyre find their ore up against the Schi line. Away to the eastward the Plen-aurum has developed good ore, and this suggests the possibility we name. The schumacher has half a mile of this

Again, the Schumacher owns about ten acres on the north side of Pearl Lake, cornering in between the Jupi-ter and McLityre. The developments these two properties will predi demonstrate the value of
