W. O. CREAMERYMEN APPROVE OFFER OF A BUTTER PREMIUM

teurized Milk.

FAVOR FIXED STANDARD

Of Pasteurization of Cream For Butter For the Export Trade.

Western Ontario creamerymen, wh Mestern Ontario creamerymen, who met in conference yesterday with J. H. Scott of the dairy branch of the department of agriculture. Toronto, in the Chamber of Commerce board room at the Tecumseh House, passed a resolution approving the offer of the Canadian Produce Association to pay a premium on graded butter, made from pasteurized milk. The resolution, in addition to approving of the proposal a premium on graded butter, made from pasteurized milk. The resolution, in addition to approving of the proposal for grading butter, committed the creamerymen in favor of a fixed standard of pasteurization of cream for butter for export trade, pasteurization to be made at a temperature of 170 degrees, but favored the framing of any legislation which may follow to permit a continuance of the custom of pasteurizing cream at a temperature of only 145 degrees for butter to be sold on the home market. The resolution was moved by W. C. Jackson of Silverwoods, Limited, and seconded by S. E. Rozelle of Clinton.

Creamerymen present told of satisfactory experiences with butter made from butter pasteurized at 145 degrees, and held that butter for the home market made from such cream would keep fresh quite long enough. Several speakers expressed the opinion that slightly less butterfat was lost in churning from cream pasteurized at the started. By this plan a successful reunion would be assured to take place in the following August.

churning from cream pasteurized at reunion would be assured high temperatures ranging from 150 to in the following August. 170 degrees. Low temperature pasteurization can be affectively accomlished in ten minutes.

The probability of a grading station or butter being established in Lonon in the near future was discussed.

amples of butter sometimes suffer in

LITTLE CHANCE OF **OLD BOYS' REUNION** IN CITY THIS YEAR

Former Londoners Is Partly the Cause.

Owing to a lack of organization among former Londoners living in other cities, there is little likelihood an Old Boys' reunion being held in this city this year. While a definite decision has not been reached by the reunion committee, Edwin Smith, the secretary, said today that it would be impossible to stage a successful rempossible to stage a successful union before another year. The reason given was the failure on

LOVE-NOTT NUPTIALS

OTTAWA, March 17 .-- A pretty house wedding took place at the residence of Lieut.-Col S. B. Ware, D. S. O., Ottawa, on Wednesday evening, when Jessie Campbell Edgar, youngest daughter of the late Police Magistrate Francis Love of London, Ontario, was married to Mr. Gordon Eugene Nott, only son of Mr. and Mrs. William Nott of Los Angeles, the Rev. Major Kilpatrick of St. Andrew's church, per-formed the ceremony. The bride, who was given in marriage by her brother-in-law, Col. Were, wore white lace over Charles Singleton, a local taxi driver, satin and her veil was caught in mob was fined \$5 and costs in police court cap effect with real orange blossoms today for passing a standing street car sent by the groom's father from California.

Her bouquet was of white roses with M. Stevely. Charles Spittal, A. tendant. Her frock was of pale pink Westland, C. S. Parker, O. E. Smith brocaded satin with draped skirt and and Charles Wakeling, each were fined lace corsage and her bouquet, a sheaf Headaches From Slight Coids.

embroidered in blue chennelle with fox furs.

Among the guests were Sir Walter and Lady Cassels, His Honor Judge Wells, Major and Mrs. Orde, Mr. and Mrs. H. C. Cameron, Mr. and Mrs. Allen Bate, Captain S. B. Patterson, Col. Evans Davis, C. M. G.; Capt. Jeffrey Maynard, Dr. Locke, Mr. Stuart Bate, Mrs. Kilpatrick, the Misses Susie Cassels, Katherine Scott, Phyllis Burstall, Edna and Nancy Thackray and tall, Edna and Nancy Tnackray and

ELECTION EXPENSES COST CITIZENS \$2,033

Council Must Settle for Three-Fifths of General Account.

Voting on thirteen bylaws, not to mention a few mayors, aldermen, utilies commissioners and school trustees last January cost the citizens of London \$2,033.97, according to a statement just compiled by City Clerk Baker. General election expenses amounted to \$1.857.12. Of this amount the city council will pay three-fifths, one-fifth for the cost of voting for members of the council, one-fifth for the vote on bylaws affecting the council, and one-fifth for the plebiscites affecting the council. The board of education will be asked to pay one-fifth of the gen-eral amount, and \$31.29 for printing pallots. The utilities commission will be requested to pay the remaining fifth and in addition \$31.29 for ballots for commissioners; \$17.97 for ballots for ylaws, and \$40.50 for advertising the

FLU EPIDEMIC IS OVER.

CLANDEBOYE, March 17 .- The flu epidemic, which has been raging here for so long is about over, only a few mild cases remaining in the village, and the schools and churches are open perimenter. A report is requested after harvest. Each person applying should ness for tapping the sugar trees as soon as weather is permissible.

PRELIMINARY WORK ON NEW RESERVOIR COMMENCED TODA

For Butter Made From Pas- Lack of Organization Among Capacity of Storage Will Be Reports Presented At Confer-Increased by 10,000,000 Gallons.

ANOTHER ONE NEXT YEAR

Commissioners Plan To Have Twenty Million Gallons Available.

Preliminary work on the 10,000,000-gallon addition to Springbank reservoir was commenced today. Holes were drilled at the four corners of the pro-posed site and in the centre, to learn

posed site and in the centre, to learn what kind of ground will be encountered when excavating is started.

If conditions are found to be satisfactory a steam shovel will be obtained and the real work will be commenced at once. The project, which will cost \$100,000, promises to be an interesting engineering feat. A temporary incline railway will likely be built up the side of the hill to carry material to the of the hill to carry material to the

This addition represents only half of what is planned. If the work on this section is completed this year the citi-zens will be asked at the next election to approve another addition of the same

Present Capacity. At the present time the total storage capacity is about 6,000,000 gallons, or about one average day's supply. For fire protection alone this is insufficient, and the fire underwriters' in their regulations call for a reservoir of at least 8,500,000 gallons capacity for a city of 60,000 inhabitants, while other authorities state that a city should have a reservoir capacity of from three to ten days' supply

ten days' supply.

The average daily consumption of water in the city is approximately 5,000,000 gallons, while the maximum consumption during any one day has been as high as 6,500,000 gallons. To meet this maximum demand there is available from all three sources of supply Springbank, Horton street and Crysta Springbank, Horton street and Crystal Park, about 6,000,000 gallons. While this is an adequate margin under average conditions, a period of two or three days of heavy drought threatens a

Shortage.

Would Help Materially.

The additional reservoir, containing 20,000,000 gallons of water, will be capable of supplying a deficiency of 500,-000 gallons per day for 40 days, which would be sufficient to carry the city over any prolonged period of hot or cold

It is estimated that the new reser voir adjoining the present one will give a pressure of 75 to 80 pounds in the downtown district without the need of pumps. If another main is laid this will insure ample fire pressure even in the event of a breakdown in the pump ing machinery. It will be possible to do nearly all the pumping during the night when plenty of power is availble at low cost.

It is expected that this work wil nostpone the necessity for addition to he present supply, and that in any event it ill form an integral part of any water supply system which the city may adopt.

SAYS CANADA AND BRITISH EMPIRE ARE

Financial Recovery Is Little Short of Amazing, Banker

Canada is fast recuperating, financial-Businessmen's Forum at the Y. M. C. A. on Wednesday night.
"Before the war 99 per cent of Can-

ada's debt was held in Old London," he said. "At the end of January, 1920, 84 per cent of the debt was shown as held in Canada, 12 per cent in Old London, and 4 per cent in New York. It will not be long now until our heads will be above water. This is true of the British Empire as well. It is amazing to note the financial recovery of Canada and the United Kingdom." Canadian banks, the speaker said, were democratic institutions, very few

of the shareholders, owning more than 1,000 shares. In the United States many of the banks were family affairs. majority of the stockholders in Canadian banks were widows, orphans, trusts, ministers, and teachers and other professional men. Because of this fact, the banks had to be democratic or they could not carry on business. Banking activities had increased tre mendously since the termination of the war, according to figures given. There were 3.028 branch banks in Canada in were 3,028 branch banks in Canada in 1913. During the war no additional ones were opened. In January, 1920, there were 4,481 bank branches carrying on business. This showed that since the war, 1,453 branches had come

into being. Newfoundland's iron were said to con-tain North America's industrial promise, by J. F. White of the London Rolling Mills, in the course of a talk on "Iron." Although the speaker was used to usin technical terms in regard to the pro-cesses necessary to bring the iron from ore to the finished product, he described the methods employed in language that could be understood by al!.

Canada's future in the iron industry was said to lie in the use of the elec

tric furnace rather than the coal-blast In the Newfoundland field, four bil-Allons of tons of iron ore were not mined as yet. This was double the amount possessed by the United States Steel

ence Today Were Most Satisfactory.

The London Methodist Conference National Campaign Workers opened an all-day conference in Wesley Hall this morning, Rev. D. N. McCamus of Clinton presiding. Reports of the success of the recent forward movement canvass were given and the committee in charg-of the campaign expressed themselve

sults. The objective of London city was \$68,677, and the amount raised was \$88,472. The total objective for London ss, 412. The total objective for London district was set at \$99,111, and the amount subscribed was \$118,744.

Following are the objectives and the amounts raised by the various charges in the Methodist Conference:

Chatham Ridgetown

Ridgetown 30,503 29,200
St. Thomas 56,543 52,488
The total amount raised by the London Methodist Conference is \$577,131.
Some returns are yet to be made, and it is estimated that the conference will get \$35,000 over the objective.
This evening a public meeting will be held in the First Methodist Church. Rev. Peter Bryce of Toronto, captain for all Canada in the Methodist National Campaign, and J. C. Hay of Listowel will deliver addresses.

EMPLOYER

Greek Lads Coming Up For Trial This Afternoon At Special Session.

Stephen Mitgis, Thomas Mitgis, William Mitgis and Kandis Kochopolas appeared in police court Thursday charged

peared in police court Thursday charged with assaulting and wounding George Strapholous, a fellow-Greek, who owns a shoeshine parlor at 401 Richmond street, and who resides at 301 Richmond street.

Strapholous' daughter, a mere child, acted as interpreter for a short while. However, she had a tendency to answer the questions herself instead of putting them to her father. It was decided to adjourn until 4 o'clock this afternoon, when a capable interpreter will be present.

ent.
All four accused pleaded not guilty. All four accused pleaded not guilty. They were bailed out.
From what little evidence was given, it appears that the dispute, which occurred on Sunday at the plaintiff's house, was concerning pay. The three Mitgls boys work in the shoeshine parlor for the plaintiff. One of them apparently demanded that he be given his pay on Sunday, and Strapholous refused, saying that he would pay on Monday. It was said that Thomas Mitgls then went out and brought back Kochopolas. The fracas followed.

THREE MEN KILLED AS WALL COLLAPSES

MONTREAL, March 17.—Three men were killed and six others seriously injured, one of whom is not expected to live, when the concrete wall off a building being erected for the Singer Manufacturing Company at St. Johns. Que.. collapsed this afternoon and buried the men in the debris. The accident is thought to have been caused by the giving way of two converts. by the giving way of two concrete beams which resulted in the heavy cement roof falling through the build-

GRIP, COLDS,

Read this plain statement.

First, this whole broad of wicked enemies of health may be kept at bay, the medical authorities say, by keeping up high quality of the blood, and observing the ordinary laws relating to sanitation

That is why Hood's Sarsaparilla is recommended as a preventive of "flu" and other diseases—it is the standard blood-purifier and vitalizer.

Second, for a definite case of any of the prevailing complaints, it is wise immediately to call a physician. wise immediately to call a physician.

Third, for that weakness and prostration following the "flu," grip and other diseases, Hood's Sarsaparilla by renewing the red blood corpuscles wonderfully restores health, builds up the whole system, creates an appetite and "makes food taste good." If a cathartic is needed Hood's Pills are recommended.
