"LIBERALS" AND THE POWER

critical faculties are more highly de- developed his public power policy that veloped than his constructive, unless, indeed, these latter are for diplomatic reasons concealed from public line in opposition to Mr. Jaffray's view. Mr. MacKay has been engaged companies. Mr. Jaffray can do nothsince the campaign opened in discus- ing more for the electrical ring as sing Premier Whitney's alleged lapses chairman of the Niagara Falls Parks from political virtue and from legis-lative and administrative efficiency. The resigns eleverly if you will tanks on the roofs. According to Mr. lative and administrative efficiency, gone. He resigns, cleverly if you will, but the opposition leader has care- but he resigns, and that at least, and fully refrained from indicating what at last, is preserving the decencies. his own policy is or will be on the pressing provincial questions of the Mr. Whitney came to office, has been Holding, as they do gallone of water than his own policy is or will be on the pressing provincial questions of the day. And very particularly he has refrained from stating his position on the Niagara Falls Park Commission.

And as to jokes, Mr. Jafray, since Mr. Whitney came to office, has been gallons of water, they are liable to fall apart, flood the roof, and crush it in. The danger is greater than most people the supreme issue before the electors- He posed as a public servant, but he would believe on first thought, because

lates meantime to the supply of Ni- that he kept it up four years too agara white coal, as yet in its rudi- long. mentary stage. What this means in future years it would be difficult to exaggerate. That its area is not limited to the districts covered by the present scheme is certain. Watergenerated electricity is carried in South Africa for many hundreds of miles, and the volume of electrical research yesterday brought results calculated are going to the great expense, also which now prevails means rapid pro-gress in every branch necessary for officials of the Consumers' Gas Co. of constantly keeping steam up, in order that in case of fire the pumps can be started instantly and the nethe application of the science to the needs of mankind. Premier Whitney's one instance was a meter discovered to new building for extinguishing fire needs of mankind. Premier Whitney's one instance was a meter discovered to power policy is but a beginning to- err on the side of registering more gas afety devices that will belong to the wards the conservation of all the water than was actually used. The meter was installed in the home of A. B. Limited, this building will be without a rival in the Dominion in this respect. recognition of the great principle of 702 Spadina-avenue. It registered 1.52 public ownership and operation of all per cent. fast, but as the government

this party were really the reform party of the province there would be no dublety or concealment regarding its attitude towards within the province there would be a stitude towards within the province there would be no dublety or concealment regarding its attitude towards within the province there would be no dublety or concealment regarding its attitude towards within the province there would be no dublety or concealment regarding its attitude towards within the province there would be no dublety or concealment regarding the province there would be no dublety or concealment regarding its attitude towards within the province there would be no dublety or concealment regarding the province there would be no dublety or concealment regarding the province there would be no dublety or concealment regarding the province there would be no dublety or concealment regarding the province there would be no dublety or concealment regarding the province there would be no dublety or concealment regarding the province there would be no dublety or concealment regarding the province there would be no dublety or concealment regarding the province there would be no dublety or concealment regarding the province there would be not at the province that the province there were at the province that the province there were at the province that the province the province that the province that the province the province th its attitude towards public rights. Public ownership and operation of all monopolies is a cardinal principle of the Liberal party of Great Britain, fire station, 1.23 per cent. slow.

The government regulations allow namesake to be associated. Yet the in act or deed favored it or done anything to further its materialization. It was ex-Premier Ross and his government that handed out the Niagara franchises to private companies, and that, too, without the provision of any effectual protection for the public interest And it is not too much to say at this stage of the electoral campaign that Mr. A. G. MacKay will follow closely in the footsteps of his late chieftain with whom he was so intimately connected.

only be judged from his own failure to disclose it and from the manner by those who are fighting under his in the by those who are fighting under his in the British Isles. (Fitzpatrick Lecleadership. Take for example the case tures. 1905-6); Cotterill, Human Jusof Mr. D. C. Hossack, candidate for North Toronto, who poses as an inde-North Toronto, who poses as an inde-pendent Liberal. He is surrounded on er, The Astronomy of the Bible; Calof Premier Whitney's power policy. At his meeting on Wednesday one of ing; McWilliam and Longmuir, Genhis prominent supporters described it eral Foundry Practice; Scott-James as "nothing but frills, froth, foam and Modernism and Romance; Wroth, Crefireworks." Mr. Hossack himself avowed that in his opinion there was linson, no difference between public ownership don; Fischer, and public control, and this in face of the utter break down of public control M.P. for South Leicestershire, reminin his own city. And he emitted a iscences, edited by Thomas MacKay; declaration against the confiscation of Mary Robinson (Perdita), A Romance property, an entirely unnecessary addendum, since it has never been prodendum, since it has never been proposed, but sufficient to disclose his The Mother of the Man: Capes, Con
