## Lawrence Park Friday or Saturday

Perhaps you will go motoring up Yonge Street North. If you do, stop and look at the improvements being made at Lawrence Park. The beautiful park frontage on Yonge Street, the stone fences, the bridges, the boulevards, lawns, trees and shrubs, all invite the lover of fine surroundings. Look through the houses already erected; consider what a beautiful place it will be in another year or so, and select a lot while the prices are low.

Fatal Accident on Road Near Hamilton-Struck Fence and Toppled Over Embankment.

HAMILTON, June 30 .- (Special.)-An auto accident occurred this evening on the Strongman-road on the mountain side, thru which Miss Susie Perkins, a trained nurse, lost her life and down by the wind shield, which cut off Miss Dorthory Hobson, daughter of his ear. When the car came to a stand-Miss Dorthory Hobson, daughter of Robert Hobson, manager of the Hamilton Steel and Iron Work, and Keith ton Steel and Iron Work, and Keith

No reliable account of how the accithe only eyewitness of the wreck, outside of the principals in it, says that the wreckage. When Miss Hobson was it could hardly be seen for dust and steam. It was traveling on the side of the road and she heard it break thru the protecting fence. She closed her eyes and when she opened them again the car had fallen about 35 feet into it could hardly be seen for dust and extricated she was conveyed to St. neath the Strongman-road. From observation made on the spot it appears that the car struck the fence, then veered round and toppled over the embankment. It slid on its side for a few feet and then turned upside down. Striking a footpath half way between the two roads, it again turned upside down and slid on into the witch, where finally rested, crushed and twisted. Miss Perkins and Miss Hobson were

in the rear part of the car. When it turned turtle Miss Perkins' neck was fammed between the side of the car and the ground and death

is a public one and tree to all who are in any way interested in the progress of the town. It is expected that the members of the town council will be present and define their views along the lines suggested and with reference to the several matters which may come up. A strong movement is, it is said, being made by those opposed to annexation to bring out a strong antiannexation following. A full and frank discussion of the big questions now looming up and already demanding attention will do good. Let everybody turn out on Saturday night.

Chairman Murphy of the board of works would do well to give explicit directions to the men oiling the streats to treat the Metropolitan roadbed at the same time as the main thorofare. Probably more dust and consequent annoyance is caused by the big thru cars, traveling at a high speed, than from any other single cause. One would think that the company themselves, if they had any consideration for the comfort of the traveling public, let alone the people of North Toronto, would take the initiative in the matter, but the contingency is so remote as not to admit of serious consideration.
