## Percy Haughton Gets Nice Football Salary

Cambridge, Mass., Oct. 19.—There is more joy in the Harvard football camp today than at any time since before the defeat of Tufts. Cripples are beginning to return to the line-up, and Percy Haughton is beginning to straighten out the kinks. It has developed that Haughton recently signed a new contract, which calls for \$15,000 a year, half to be paid by the university and the rest from a fund donated by graduates.

Secretary Spencer Explains Matters  
Sporting Editor World: I would be pleased if you would allow me thru your columns to correct a false impression that has got abroad thru the publication in your issue of Oct. 19. I am sorry to see your paper of an article having reference to the eastern semi-finals (Connaught) played in August 1915. In the first place the article states that I wrote Mr. Gillespie that I had no trace of the statements he had asked me for. This is absolutely wrong, as I told Mr. Gillespie that I would let him have the statements in the course of a few days, but was afraid he would not be able to make much out of them, this having reference to the game played in Montreal and Toronto between Lancashire (Toronto) and Grand Trunk (Montreal). The article goes on to say that this is all the more singular that Secretary Spencer has held office for fourteen months and this is the first intimation of the papers being missing. While it is true that I have held the office for the time stated, it is also true that this is the first request for these statements.

Now what I want to make clear to the soccer public of Toronto, Canada, in particular, is the fact that these statements have nothing to do with me, as the games were played and the statements of same were accepted by the D.F.A. council then in office before I was elected to the office of secretary-treasurer, and any statement that I could give in connection with these games would be copies from the previous treasurer's records, and I can show an itemize account of all income and expenditure since I took over the books, which I may say are open for inspection by any member of the D.F.A. council at any time. I do not preach one thing and practice another. If there are any discrepancies as the article implies in connection with these games then the onus is with the 1915 council, who handled them. And now that the matter is opened up I will make it my business to investigate the matter thoroughly, and whoever is at fault will have to stand the consequences.

In conclusion let me say that I have a file of papers which were handed over by the late treasurer, but for which I am in no way responsible for any discrepancies that may be discovered, or for any documents that may be missing. Thanking you in anticipation of your publishing this explanation.  
E. Spencer, Sec. D.F.A.

<b>Yale is Ready to Stage Big Regatta</b> New Haven, Conn., Oct. 19.—For the first time, a big college regatta is to be held here under the direction of the Yale Boat Club. It will be a triangular race between the varsity crews of Yale, Princeton and Cornell, and the race will be held on the Housatonic River, just above Derby, next May. The tentative date is Saturday, May 5. Last autumn Columbia defeated Yale on New Haven harbor, over a mile and a half course, with excellent weather conditions, which are most unusual for the harbor, but the course chosen on the Housatonic affords perfect water on almost all occasions.	<b>Lil Arthur's Wife Leaves With Jewels</b> New York, Oct. 19.—Jack Johnson is a grass widower. Word comes from Spain that Jack's white wife has run away and that he can't find her. Mrs. Johnson is said to have taken her departure shortly after a fight with the heavyweight ex-champion wherein she lost the decision.
