NORMAN CARTER WOUNDED

In a recent casualty list appeared the name of N. M. Carter, Westmorland. This is an error and should read N. M. Carter. The wounded hero is a son of S. Cyrus Carter, of Westmorland Point, who has received a telegram from his son stating that he was in a hospital and seriously wounded. This young soldier has been in the trenches about two years. An older brother named Clyde

and Norman had spent every night together for the week up to July 25. This is the first time the two brothers had met for two years, Norman having enlisted with a western battalion and Clyde with the 148th. Another brother, Cecil, is with one of the transport ships carrying horses, munitions, etc., from the U. S. and Canada to Europe. Belated Berlin Report London, Aug. 23—Berlin reports to the Exchange Telegram Company say that Monastir has been set on fire by shells, 2,000 of which have been poured into the city.

SERVICE AND PRICES ARE RIGHT AT THE ROYAL GARDENS

WOMAN IN COURT ON CHARGE THAT SHE ABANDONED HER BABE

Mrs. Mary Titus, of Westport, Digby county, N. S., arrested in Yarmouth last Sunday in consequence of a telegram sent by Chief of Police D. W. Simpson, and brought back to the city yesterday afternoon by Miss Ross, police matron, and was before Magistrate Ritchie this morning charged with abandoning her four months old baby. The evidence of two witnesses, Miss Ross and Policeman McLennan, was taken this morning and the woman was remanded to jail until this afternoon when other witnesses were to give testimony. The woman on her trip from Yarmouth to St. John gave the police matron little or no trouble. She is about twenty-two years of age and has two children, one of which is now in Yarmouth in the care of relatives and the other, the one abandoned here, is being looked after by the Children's Aid Society. It is said that the woman, who has not been hearing from her husband for some time, left the child in South Market street, thinking that it would be picked up and handed over to the protection of the Children's Aid Society and have a good home. Hoping to avoid questioning on the part of the authorities the woman, it is said, adopted this course and, taking her other child, left the city.

GOOD APPOINTMENT FOR CAPT. E. J. MOONEY

St. John Officer To Be Provost Marshal of Halifax Some time ago the Times announced that Captain Edward J. Mooney, 238th Kiltie Battalion, was to be appointed provost marshal of the City of Halifax. It was reported that this appointment is about to go through. Captain Mooney is a retired officer having served as a member of the 6th C. M. R., and while at the front did good work. He was returned to Canada in consequence of an illness in the 238th. This new appointment is a good one and is considered one of the best in the military district.

J. E. VINCENT DEAD

Former Prominent Resident of St. John Passes Away in South Weymouth, Mass. The death of James Edgar Vincent took place on Wednesday at the home of his daughter, Mrs. H. B. Ruggles, South Weymouth, Mass., of a brief illness, in his ninety-third year. Mr. Vincent was a former resident of St. John, where up to twelve years ago he made his home. In early life he was associated with his cousins, George and David Roberts, who conducted a successful shipbuilding industry in the north end. Retiring from this activity, he filled a dominion government position until twelve years ago when he retired and made his home with his daughter in South Weymouth. His wife was Miss Elizabeth Hunt of Digby, N. S., died two years ago. Mr. and Mrs. Vincent had and interest being due and payable on May 1 last. The bond has been lost or mislaid and Mrs. Jones has lost the bond and interest may be paid her, \$618. The commissioner recommended that, if Mrs. Jones gives a proper bond indemnifying the city in case the bond is ever presented for payment, the chamberlain be authorized to pay the same.

The commissioner of water and sewerage reported recommending that the city purchase from W. A. Quinton lots Nos. 22, 20, 41, 42 on Ludgate and Menzies streets for the sum of \$8,000. Provided the title is satisfactory to the city solicitor. The recommendation was adopted. For the sub-committee, to whom the tenders for the reconstruction of No. 5 warehouse had been referred, Commissioner Russell reported that each had arrived at a different conclusion. The council resolved into committee and Commissioner Russell recommended that none of the tenders should be accepted, and that D. C. Clark should be asked to undertake the work at cost plus ten per cent. Warehouse Tenders The suggestion was made that the committee might do the work, under the supervision of an expert, but Commissioner Russell opposed this. Mayor Jones said that he did not approve of accepting the lowest tender as he did not think that the tenderer could give assurance of his ability to carry out the contract. Commissioner McLellan remarked that the lowest price was \$8,000 higher than the engineer's estimate. The engineer said that the estimate of \$80,000 had been made from figures submitted by the wharf foreman. Later, an estimate had been prepared in his office, the total for the office estimate being \$41,000. On the request of Commissioner McLellan, William Murdoch, the engineer, produced his estimates and specifications. The figures included 312 piling, 45 to 50 feet long, \$2,000; 50 m. 12 x 12 timbers at \$35 per m.; drift bolts, 7 cents per lb.; rods, 6 1/2 cents; spikes \$5 per 100 lbs. On the motion of Commissioner McLellan, the engineer was instructed to prepare, for next Monday's meeting, a recapitulation of the quantities of materials and estimated prices. Commissioner McLellan explained that if an examination of the estimates showed that the tenders were reasonable, he thought they should be considered. If it would give the council figures by which to set a limit for construction on a cost basis. Further consideration was postponed until Monday morning. The sidewalks occupation bill amendments were brought up again by Commissioner Fisher, but, as Commissioner McLellan has not yet read the proposed amendments, the matter again was deferred until next Thursday. The committee arose and reported and the council adjourned.

FRIENDS AGAIN

Peaceful Outcome of Case in The Police Court That police courts are often courts of arbitration was exemplified this morning when Magistrate Ritchie saw that an actor in a case involving two local harness makers. LeRoy U. Chappelle was before the magistrate on charge of assaulting Reginald Case. Both are harness makers in the employ of H. Horton & Son. According to the story told by the complainant, he and Chappelle were the very best of friends until Monday evening. While at work another employe had asked Case for a certain harness tool. Consent was given, but Chappelle objected and questioned the ownership of the tool in demand. "I'll bet you \$50 that the tool does not belong to you," said Chappelle. Some words followed. On Tuesday Case went to work and produced a check for \$50 made out to the defendant, saying "Are you as finish this morning as you were last evening?" To this the prisoner replied "Neither your check nor your money is good enough." Some argument followed with the result that Chappelle struck Case. The court suggested a settlement and said that so long as the affair was over he would like to see the two men friends again. "People argue about political and many other things, including religion; everyone sometimes has his or her controversies, you have had yours, now shake hands." Case was in the witness box and Chappelle, stepping up to him they shook hands and friendship was renewed upon the practical suggestion of the court.

CHAUFFEUR SEVERELY WARNED

Took Out Car Without Permission of The Owner Robert Spellman in the police court this morning faced a charge of taking an automobile owned by George H. Waring, ferry superintendent, from the Princess garage last evening without the owner's consent. Spellman, who is quite young and engaged as Mr. Waring's chauffeur, entered a plea of guilty. The court said that there was too much of this kind of thing. The magistrate read the law: "Everyone who takes, or causes to be taken from a garage, a stable, a stand, a building or place, an automobile or motor car, with intent to operate, to drive, to use, to permit the same to be operated, used or caused to be used or driven, without the consent of the owner, can, on summary conviction, be fined \$50 or one month in jail." Mr. Waring said that Spellman had been with him for a week. It is understood that he took the car out before without the owner's permission and some damage resulted. A settlement was reached and the defendant was allowed to go with a severe warning.

TOOK OUT CAR WITHOUT PERMISSION OF THE OWNER

Mr. and Mrs. W. A. Major, 140 South street, Halifax, have received a telegram from Ottawa, stating that their son, Lieutenant Reginald A. Major, infantry, had been officially reported wounded on August 15, 1917. The telegram did not state the nature of the wound received. This is the second time that Lieutenant Major has been wounded. At the battle of Vimy Ridge he was wounded in the legs and was at the base for about a month. He then went back to the trenches, where he has been until he was wounded for the second time. Lieutenant Major, who is the second oldest son of Mr. and Mrs. W. A. Major, went overseas with the New Brunswick battalion in November, 1915, and has been in and out of the trenches since July, 1916.

LEUT. R. A. MAJOR HIT AGAIN

Mr. and Mrs. W. A. Major, 140 South street, Halifax, have received a telegram from Ottawa, stating that their son, Lieutenant Reginald A. Major, infantry, had been officially reported wounded on August 15, 1917. The telegram did not state the nature of the wound received. This is the second time that Lieutenant Major has been wounded. At the battle of Vimy Ridge he was wounded in the legs and was at the base for about a month. He then went back to the trenches, where he has been until he was wounded for the second time. GIVE CONTRACTOR TEN PER CENT TO BUILD WAREHOUSE

One of the Recommendations For Reconstruction In West St. John—Action Deferred Until Monday—Another Land Purchase

A further delay, until next Monday, was decided upon in connection with the consideration of the plans for the reconstruction of the warehouse at No. 5 berth, West End, at a meeting of the common council this morning. The sub-committee, to whom the tenders had been referred, had been unable to agree and the construction of the warehouse by day's work or at cost plus ten per cent. were suggested as alternatives. With more detailed estimates before them on Monday, the commission-ers hope to be able to reach a decision. The purchase of several lots of land, to protect the Spruce Lake water supply, at \$8,000 was authorized, and authority was given for the completion of the site for the new government elevator and for the payment of a water rate which has been lost or mislaid. Mayor Hayes presided and all the members of the council, with the common clerk and city engineer, were present.

The deed for the land transferred to the Canadian Government Railways as the site for the new elevator, at Reed's Point, was before the council with the information that a check had been tendered by the government. It was explained that provision had been made to allow the city water department to enter on the property at any time to make repairs to water mains. The mayor was authorized to sign the deed and complete transfer. The commission-ers of finance and public affairs reported that he has had a communication from Mrs. Thomas R. Jones setting out that she was the owner of Saint John water bond, No. H 1270, for the sum of £150, with coupon for six months interest attached, bond and interest being due and payable on May 1 last. The bond has been lost or mislaid and Mrs. Jones has lost the bond and interest may be paid her, \$618. The commissioner recommended that, if Mrs. Jones gives a proper bond indemnifying the city in case the bond is ever presented for payment, the chamberlain be authorized to pay the same.

The commissioner of water and sewerage reported recommending that the city purchase from W. A. Quinton lots Nos. 22, 20, 41, 42 on Ludgate and Menzies streets for the sum of \$8,000.
