"HINTON'S DOUBLE"

A Thrilling and Gripping Photoplay of High Finance Mistaken Identity, Poverty and the Law The Motion Picture News says:—"'Hinton's Double," in which the veteran actor, Frederick Warde, appears in a dual role, offers a pleasing mixture of melodrama and heart interest. The plight in which old Josiah finds himsel f.his sacrifice for his daughter and her child and his difficulty in finally proving his innocence, are episodes which awaken great interst. Mr. Warde as Josiah creates an appealing and pathetic character, the exact opposite of his Hinton, which is renedered with equal skill.

Laura and Cuckoo are the stars of Niblos' Bird act. They are talking parrots and are trained so as to say just whatever their master orders them to say. They are wonderfully trained and their articulation is as distinct at times as that of a human being. They received their share of applause.

Bob Tenney's act caused more laughter than any other of the acts. He is a black faced comedian and comes sailing in very amusing form. He has some good jokes and not only is he a comedian but a musician. He plays three instruments.

A beautiful series of posed groups is given by Lucille's Models who made themselves into statuary representing famous works of sculptors. This act was one of the finest that has been seen here in this line for some time.

Gloria's Romance is now drawing to a close. She has now been rescued by Dr. Royce, who carries all opposition.

NOW HERE'S THE STORY:

THE LOCAL BRANCH OF THE CANADIAN RED CROSS SOCIETY is five thousand pairs of warm winter socks short of its quota. This means that if this comfortable footwear is not forthcoming some of our brave and patient lads across the water will go without. No right-minded St. John citizen, male or female, will permit this unfortunate condition to be brought about. So yesterday the churches sounded the bugle call for a whirlwind campaign of JUST ONE WEEK. Today the newspapers and picture screens are taking it up. Hundreds of pairs of socks are already on the needles; some have been handed in to the committee at this writing.
