DECISIVE VICTORY OFFERS ONLY ESCAPE

Premier of Australia Talks of War Aims of Democracy to Chicago Audiences—Effect on Union Labor

Chicago, Oct. 4.—Premier Holman of New South Wales yesterday addressed the Chicago Association of Commerce on Australia and the war, declaring that while Australia was the most peace-loving of all nations and had less to gain by the war than any other country, it had entered the struggle solely because of its love for democracy. Mr. Holman previously addressed a meeting of union labor leaders. He said that nothing but a decisive victory over Germany and her allies would help union labor after the struggle ceased. A draw would compel all nations to maintain large armies and navies for fear of a renewal of hostilities. Germany unquiescent, might attempt to crush Australia or America. He said: "A drawn struggle would mean that all aspirations of union labor, such as government ownership, working conditions, wages and education, keys of the democracy of the future, would have to be put aside while the nations were preparing for the next war. All the allied nations would become military nations, and this would directly affect the United States. "The only escape from these things is a decisive victory now," he added.

Bolo Pasha's Hunger Strike
Paris, Oct. 4.—The authorities have apparently carried out their decision to feed Bolo Pasha, who, since he was taken to prison recently on the charge of having relations with the enemy, had refused all nourishment. It was believed he was undertaking a hunger strike, but a bulletin issued yesterday respecting his condition says he has improved.

Just to give point to the fact that there's been a run on the brown mixture suits for young men, we would like to tell you of the difficulty our buyer has had in getting more of these, but it would take too much space.

Perhaps the simple statement that we HAVE a new lot of those choice patterns will be all that's necessary to say. Prices \$18 to \$28.

A MARVELOUS EXHIBITION AT GEM

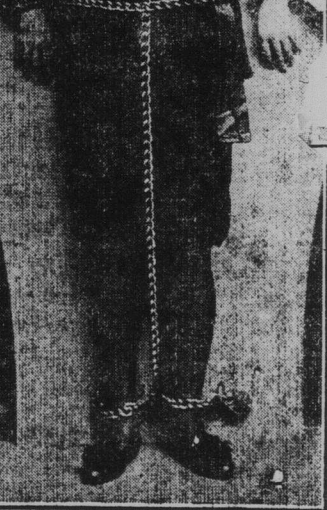

Young Woman Defies Chains and Bars and Padlocks—Good Comedy Act Also and Fine Picture

Gem patrons last night were treated to a wonderful exhibition by Mile. Lasco & Co. and marveled at the nature of the acts performed and the skill manifested in the performance. The young lady and her assistant comprise the company. Several feats are presented, leading up to a gripping climax. Mile. Lasco permits herself to be bound by heavy chains, the links padlocked, yet she frees herself with a few moments of effort. She gets out of a tightly strapped straight jacket, though it is a difficult task. Bound hand and foot by padlocked chains she is locked into a great bag but soon emerges untrammelled. As a finale she is fastened to a replica of a Russian torture board of olden days. Chains bind her feet, hands, body, throat and forehead, but even from these bonds of steel she frees herself. All the acts are performed in full view of everybody and the act was regarded by all as extraordinarily good.

For a quarter of an hour Herbert Potter held the boards in an entertaining pot-pourri of song, brilliant stories and piano playing. The latter feature was easily his best. He gave a series of imitations that were very good, and he coupled interesting comedy with it all. A very good act.

In the picture feature Carlyle Blackwell is starred in "The Shadow of Doubt." It is an Equitable release, a strongly presented story of circumstances that almost wreck the life of a deserving young man, but out of which finally come reunion with a lost brother, and general happiness. There are some very fine interior scenes of luxury, and some dainty dresses are worn. The picture proved popular.

The Gem will continue this programme until and including Friday night, with another entire change on Saturday afternoon.

"How Many of our Men are Liable to be Drafted?"

The Canadian business man is asking this question often, now that the Military Service Act is the law of Canada. A simple means of answering it at once is being provided.

Medical Boards are in process of formation throughout the country for the free physical examination of all men who apply. The first class liable to call includes all single men and widowers without children between the ages of 20 and 34 inclusive, all men married after July 6, 1917, being classed as single for the purposes of the Act. In a very short time, the average employer may learn how many of his staff are liable for selection. Those adjudged physically unfit will be given a certificate which will secure them exemption from any Exemption Tribunal. Those found physically fit may still apply for exemption on any ground. The employer will be given a chance to decide if he should seek exemption for any employee whose physical condition renders him liable for selection.

This early medical examination, which quickly decides if a man is liable for selection or not, is a feature of the operation of the Military Service Act calculated to appeal strongly to the business community. It assists in definite planning for the future, enabling an employer of labor to learn at once what men will be left at their work and those who may be removed for military service. Haphazard withdrawals, the nightmare of business men of method and precision, are insured against by this timely arrangement.

Every employer of labor will find it to his advantage to note carefully the formation of Medical Boards in his locality and to be sure that his employees secure as early as possible this very important information as to their status under the Military Service Act.

HIGH SCORES MARK OPENING OF SEASON

Since the re-opening of the Victoria Alleys, about four weeks ago, some very high scores have been made. These alleys have been scraped and planned during the summer months and are now in better shape than ever before. During the last season many splendid scores were rolled, but the prospects for this season are much better. These alleys are much faster than they were last season and it would not be surprising if new records were made before the season is far advanced. Already the large string of 151 has been put up, three strikes being made in succession. Among other scores made the highest are:—Roberts, 119; Macauley, 125; Totten, 117; Smith, 120; Appleby, 128; Brown, 121; Harrison, 120; Riley, 124; Orchard, 116; Thurston, 118. Considering the short time that these alleys have been open, these scores prove that the interest in the game this year has surpassed that of former years.

Winnipeg, Man., Oct. 3.—On the resumption of the Galt commission today, Hugh Phillips, K.C., read to Commissioner Galt a written statement in which he replied to charges made in the McLeod-Pellier report that he had treated Hon. R. Rogers with unfairness.
