An Appeal.
Major L. P. D. Tilley, director of National Service for New Brunswick yesterday made public an appeal for recruits. He says that the number of recruits secured does not equal the wastage. In the midnight casualty list the name of Alex. Method, Dalhousie, appears as being wounded. He is the only New Brunswick man in the list.

G. R. Farley, a native of Bristol, Carleton county, now of Samoa, California, has received word that his son, George Raymond Farley, of Winnipeg, has been wounded. At the time of enlistment, when he joined the 43rd Cameron Highlanders, young Farley was employed on the Canadian Pacific Railway.

GRANDMOTHER'S MEDICINES

Our grandmothers were wise in the virtues of the herbs of the field. They used to gather and store roots and herbs and use them to cure the ailments of their families—wormwood, though, wort, sage, rue, camomile—the list might go on and on of the healing plants with which they made us familiar. Now their grand-daughters get the extracts from just such good old roots and herbs, from the nearest druggist, ready prepared for use. One such medicine, which women find best for their own ailments, is the well-known Lydia E. Pinkham's Vegetable Compound.

late Hon. William MacKeen, M. L. C. He was a treasurer and agent of the Caledonia Coal & Railway Company and was also a former president of the Dominion Coal Company. Following the proposal that an electric railway be installed between what is known as "the back country" and Harland, Carleton county, a meeting was held last night at Windsor Corner and the matter discussed. Another meeting will be held Monday evening at Glassville.

RECIPE TO DARKEN GREY HAIR

This Home Made Mixture Darkens Grey Hair and Removes Dandruff

To a half pint of water add:
Bay Rum 1 oz.
Oriz Compound a small box
Glycerine 1/4 oz.
These are all simple ingredients that you can buy from any druggist at very little cost, and mix them yourself. Apply to the scalp once a day for two weeks, then once every other week until the mixture is used.
A half pint should be enough to darken the grey hair, rid the head of dandruff and kill the dandruff germs. It stops the hair from falling out, and relieves itching and scalp diseases. It promotes the growth of the hair and makes harsh hair soft and glossy.

SCHOOL BOARD GUARDS AGAINST DISEASE

The board of school trustees, acting upon the advice of Dr. G. G. Melvin, chief health inspector, at their meeting last night decided that all children applying for entrance to the public schools must report to the Board of Health, provided they have been in the city less than three weeks.

Miss E. Hargrove was granted a month's leave of absence of account of ill health. Thomas Hurley tendered his resignation as janitor of St. Peter's boys' school, owing to the smallness of the pay. The secretary's report showed that the enrollment of pupils for the year was 7,997, with an average attendance of 90.77 per cent.

SIR GEORGE E. FOSTER ON AFTER THE WAR PROBLEMS

"Now is the time to settle after-war problems," said Sir George E. Foster during his address to the business men of the city in the assembly hall of the St. John High School last evening. He also said that the war had taught the world many things and that lessons should be immediately taken advantage of. "No need to wait until we finish war" he told the large gathering. At the conclusion of the address a vote of thanks, moved by W. Frank Hatheway, and seconded by A. H. Wetmore, was unanimously passed. Joseph A. Likely, president of the Board of Trade, acted as chairman.

Note the construction of the Klosed-Krotch Union Suit—sensible, comfortable, convenient.

A WATSON Klosed-Krotch union suit can by no chance prove uncomfortable. The Krotch is closed like a pair of drawers. Therefore, there is no binding, gapping or sagging. And there are no buttons between the legs, no loose bunching folds to rub and get into the crease of the seat. And yet as you see the seat flap is so constructed that it folds back, opening the entire seat.
