The Man In The Street

Got the fly screen on?
If you haven't don't you think it's time? A screen on now, may mean a hundred fewer flies to kill later.

In Our Letter Box.
Dear Sir:—I read in yesterday's Times that the Russian roller was at work again and meeting with success. Do you suppose that after the war Maj. Gen. Sam Hughes could use his influence to have it brought to St. John and used about Victoria Square, mis-named, in North End, so that in case of fire the department teams could get near some of the houses in the vicinity? Only one side of the "square" is finished, and that's the Victoria street, which was finished years before the "square" was thought of. Here's hoping that the "dum" will some day be an object of beauty.

Yours,
N. A. ROWSTEPS.

The Kurds have got into the fighting. They will find they have gone the wrong way in opposing the Allies.

Warning—Don't be misled by President Wilson's message into picking a quarrel with a Yankee bigger than yourself. They are not all "too proud to fight."

Germany need not fear running short of gas for trench operations. If their present supply fails they can recall Dornberg and Bernstorff.

And now Doc. Cook bobs into the limelight once more with the declaration that he is going to climb Mount Everest. Should be easy, he does it in the same way that he discovered the North Pole.

First thing he knows even the unspeakable Turk will be dawning the Kaiser.

But, just think, Turkey is the only nation involved in the war which has not found it necessary to issue temperance proclamations.

Rockwood, Frinastance.
When will the litany epidemic strike St. John? There are some poor districts for the new competitor of the street car system.

English suffragettes have announced their willingness to care for "War babies." They are going to get a grip on a portion of the next generation even if they cannot convert the present electorate.

If Germany's reports of Russian prisoners taken and victories won are correct, she is in more danger from the Russians' appetites than from their guns.

Funny how many of the arm-chair brigade can tell just how the Lusitania could have escaped disaster.

Italy still holds the international championships for fence-balancing and the game of see-saw.

The Hero's Mark!
"Another batch of Iron Crosses at once!" the Kaiser ordered, as he heard that the crew of a submarine had sent the Lusitania to the bottom with defenceless women and children aboard.

Did you miss our little o' talk last week? Saturday, we mean.

Thanks—It's nice of you to say so.

Called From "Ad." Column.
"Frisless cooked ham." Would the absence of the "e" denote splinters or balsam?

In a Mill street store: "Bonless cod-fish" perhaps an attempt at higher cooking. Bon from the French means "good," everybody knows what "less" means—now what's the answer?
"What happened to the little 'e's'?"

Ever Met Them?
A home for retired newspapermen is to be established in Colorado. Presume some of the first to take advantage of it will be a few of those historical presagers who blow into the office with the usual "Huh, fellas, this smells special" and "be an of newspaper man n' self."

So far as can be learned, the special "detectives" of the local force will not interfere with the running of street cars to Seaside this summer on Sundays.

Nor will they prohibit gum chewing among their colleagues in uniform on Sundays.

Aside from this, however, they will insist upon Puritanic enforcement of the first day.

Although it is a tip from Cork it is no Blarney to say that the Ebony Swells intend to put a Hardwood Finish on the latest Dodge Staff in the Opera House this week. Got your Grand Stand reservations yet?

PATRIOTS' ONE DUTY IS TO PROSECUTE THE WAR

Hon. Dr. Pugsley Hopes Patriotic Counsels Have Finally Prevailed at Ottawa

(Toronto Globe, Monday)

Hon. Dr. William Pugsley, M. P. for St. John, N. B., and former minister of public works, who was in Toronto yesterday, gave his views of the political situation to The Globe. In the course of a short interview he declared: "At the beginning of last week I think it had been fully decided to have an election in June but, owing very likely to the strong protests which were voiced from all sections of the country, from the Atlantic to the Pacific, my belief, after what I heard at Ottawa yesterday, is that more prudent and patriotic counsels have prevailed and that an election has been indefinitely postponed.

One Duty Is Paramount

"With regard to the propriety of holding an election at the present time, I think there can be but one opinion, that it would be nothing short of a crime at a period when it is most desirable that the whole people should be united in making every possible effort for the defence of the empire and also contributing the various funds which are being raised for the comfort of the soldiers, particularly the wounded, as well as for the families of those who have gone to the front. It would be utterly inadvisable to force a political contest upon the people of Canada, which would necessarily, to a very considerable extent, divide them into hostile camps.

No Party Considerations

"In expressing this opinion I am not at all influenced by the question of party success or failure, my own view being that if an election were to take place now there would be such a strong feeling of resentment against the course of the government that the fact alone would materially assist in carrying the Liberal standard to victory. But the question is not to be looked at from a party standpoint, but from the interests of the country as a whole, and by the interests of the country I mean not only the interests of Canada, but those of the empire as well."

Dr. Pugsley is on a business trip, and will leave Toronto for Detroit.

SWEENEY WINS TWICE

Carries Off Monday and Tuesday Prize For Best Bowling

On Tuesday James Sweeney again rolled the prize winning string when he successfully defeated all the other bowlers and carried off the prize of \$5. Sweeney also won on Monday. He is a left hander, a new man at the game this year and his many friends are congratulating him on his excellent bowling ability. His scores for Monday were:—117, 107, 104-102-106-108. Tuesday's scores were 112, 105, 106, 109, 109-104.

Much interest is shown in this contest and it appears as though the bowlers are all working hard to come out on top each day.

FAIRVILLE NEWS

The Louise Lewin Mission Band of Fairville Methodist church conducted an entertainment last evening in aid of foreign missions and there was a good attendance. The proceedings opened with the chorus "O Canada," followed by recitation "China Upside Down," by Audrey McColgan. The band then recited in unison the 46th psalm. Rev. Gilbert Earle delivered an illustrated lecture on the Chinaman at Home, which was closely followed. During intermission home made candy was on sale in charge of Misses Bertha Taylor, Irene Slymest, Eleanor Giles, Edna Shaw and Fern Townshend.

The opening date for the baseball season in Fairville for which extensive preparations are being made, is Thursday, May 20. Not Thursday of this week.

SURPRISE PRESENTATION

A very enjoyable time was spent last evening at the home of Robert McEachern, Thorne avenue, when a surprise was tendered him by a large number of friends, there being about 100 present. Rev. J. D. Wetmore of Chance Harbor, former pastor of Tabernacle Baptist church, on behalf of those present, presented Mr. McEachern a purse, as a token of the esteem in which he is held. Rev. F. P. Dennison also made a few happy remarks. Mr. McEachern, replied fittingly. Music and games were enjoyed and the party dispersed a little before midnight. The committee in charge was composed of Mrs. Fred Crawford, Mrs. E. Thorne, John Lawson, D. C. Fisher, Miles A. Thorne and Fred Crawford.
