

SPORT NEWS GLEANED FROM WORLD'S CENTRES

FOUR BOWLING LEAGUES OPENED

Interest in Game is Quickened by Advent of New Formations.

That bowling is becoming more popular here and is rapidly going to the fore as one of the leading sports is evinced from the number of leagues forming. Last evening no less than four leagues got under way, and the interest manifested augurs well for a successful season.

The Clerical League got away to a flying start on the Victoria alleys, when the N. B. Telephone Co., Ltd., quitted the three points from St. Jayward & Company's team. Com-

missioner Thornton was present and announced that he would present a trophy to be awarded to the player making the highest average for the season. It was also announced that the N. B. Telephone Company would donate a championship trophy.

The Commercial League was opened on Black's alleys last evening by Commissioner Frink. The teams competing were quitted from the Post Office and the James Pender Company, the latter taking all four points. Mr. McEllan announced that he would present another cup to the winners of the league.

The Inter-Association League was also opened last evening, when Commissioner Wilmore rolled the first ball down the alley. The game was between teams representing the Knights of Pythias and the Knights of Columbus, and was won by the latter, three points to one.

The scores follow:

Clerical League.	
N. B. Telephone Co.	Total Avg.
Smith	87 84 89 280 86.2-3
Garnett	77 76 80 233 77.2-3

England Alters Relay Rules to Meet OLYMPIC STANDARDS	
New York, Nov. 6.—The Amateur Athletic Association of England has changed its rule regarding the area in taking over in relay races, the alteration being made with the idea of bringing the rule into line with the international conditions governing such events. In the season just closed a relay runner had to take over in a space of fifteen yards behind the line. Before that rule came into operation the space was ten yards behind the line. The new rule makes the area ten yards each side of the line, while the international calls for ten meters each side of the line. One of the requirements of the international rule is that the baton must be carried throughout the entire race, and English runners have been cautioned that they live up to this, inasmuch as there were many cases last season in which they dropped the baton.

RACE COMMITTEE UNDER CRITICISM

Gets a Rub From New York Herald Over Schooner Contest.

New York, Nov. 6.—(Canadian Press).—A strict revision of the rules under which the races for the fishermen's international trophy are sailed appears to be imperative, in the opinion of the Herald which discusses editorially "The fiasco of 1922."

Skippers and crews will have to live up to the rules if the annual series is to be continued, the newspaper says, adding: "Yet, for the men who sailed the Bluenose, Columbia and Henry Ford in the last two series it might be inferred that such a revision of the rules and agreement to abide by them would be of little use, if, in the course of the sailing of a series of races, the committee made a new rule, as this year, about the passing of a buoy on a race was a race, as in 1922."

If the trophy contests for the fishermen's races are to be continued, the committee will have to take itself in hand as well as the actual crew of the sailing of a series of races, the committee made a new rule, as this year, about the passing of a buoy on a race was a race, as in 1922."

The trophy contests for the fishermen's races are to be continued, the committee will have to take itself in hand as well as the actual crew of the sailing of a series of races, the committee made a new rule, as this year, about the passing of a buoy on a race was a race, as in 1922."

MRS. GUNN CHARMS IN VIOLIN RECITAL

Wins Notable Success in a Recital for Benefit of Boy Scouts.

Playing all pieces with much charm, showing a perfection of technique and proving herself to be an artist of distinguished gifts, Mrs. T. J. Gunn captivated a large and appreciative audience of music lovers in the Pythian Castle last evening, when she gave a violin recital under the auspices of the Rotary Club for the benefit of the Boy Scouts of the city.

One of her greatest attractions was her unaffected manner. She devoted herself undividedly to her selections and rendered a programme of choice selections which illustrated every branch of the art of violin playing. Her technique is recommended by many nurses and doctors. Try Musterole for bronchitis, sore throat, stiff neck, pleurisy, rheumatism, lumbago, cramp, asthma, neuralgia, congestion, pains and aches of the back or joints, sore muscles, sprains, bruises, chilblains, frost-bite, colds of the chest. Maritime Indoor Meet

It was announced last evening that instead of the event as published yesterday for the Maritime indoor meet at the Arena on Nov. 16, the following are carded: The 50 yards, the 220, the 440, the 880, the mile, the three-mile, the mile walk, the 12-pound shot put, the pole vault, the running high-jump, and the 50-yard scholastic and the 220-yard scholastic. The first announcement had been based on the latest edition of the Ontario rules book.

It was decided later to adhere to the rules laid down in the Dominion handbook and which have been followed yearly in the Maritime. The change to distances to which the sprinters are accustomed will be for the better.

Owen Coll doubled in the parts of the rich sutor and an operative undertaker, both of which were well presented. Clyde Franklin, excluding Miss Preston's part, the heaviest role in the piece and acquitted himself admirably. Carleton Finckley carried out the character of Peter Judson, finally successful in winning the affections of the girl, while John Gordon, as a French operatic manager, filled a difficult part well. James G. Coats brought a touch of the mysterious cast into the performance in his presentation of the character Swami Vivahanda, Hindu.

Four local kiddies, Madeline Carlton, Rita McMahon, Woodrow Ryan and Nora McKinney contributed greatly to the success of the schoolroom scene, while other local adult amateurs John Hagarty, J. W. Z. Gale, James Duffy, Walter Dale and John Morrison, were used in a court room scene in the last act. Mr. Hagarty gave a good presentation.

Altogether "Eyes of Youth" was an excellent performance and a great measure of praise is due to Miss Preston for her wonderful presentation. The scene is richly arranged and the musical and lighting incidents well carried out. The play impresses the fact that—

The moving finger writes and, having Moves on; nor all thy piety nor wit: Shall lure it back to cancel half a line: Nor all thy tears wash out a word of it.

TO MATCH BOSTON BOXER AND JOHNNY

Most interest is being taken in the announcement of the staging of a boxing show Monday, Nov. 19, at the Armories. Negotiations with a view to matching Jimmy Frusetti, who is being groomed as a contender for the Canadian title, in action in a local ring with a New England fighter and one who should make the local fighter travel at top speed.

Frusetti is a well-known light and welterweight boxer throughout New England and claims the distinction of having held the New England light welterweight title for some time ago, when weight conditions compelled him to enter the welterweight class. He was successful in regaining the lightweight title from Johnny Clanton at the Arena show, Boston, during 1922. Frusetti has to his credit victories over Johnny Clanton, of Boston, former New England champion; Red Mack, of Brooklyn; South Boston Johnny Down; Johnny Buckley, of Boston; Johnny Shugrue, of Connecticut, who is going great guns; Joe Tiplis, the Philadelphia sensation; Charlie Pilkington, of Meriden; Benny Valgar, the French flash.

WILLS TRIMS THOMPSON. Newark, N.J., Nov. 5.—Harry Wills, New Orleans heavyweight fighter, defeated all but knocked out Jack Thompson, of Boston, tonight in the fourth round of a twelve round match at the First Regiment Armory. Thompson's seconds threw a towel into the ring as he went down heavily for the second time in the round from a battering attack to the head and body.

The Spanish Government presented to England an accurate model of the ship Columbus made his first journey in.

The first marriage in the White House was that of a sister-in-law of President Madison.

Much of Chicago's development is due to the World's Fair of 1893.
