HONOR HEROES BY TREES. More Than 1,300 Planted as Memorials in Pennsylvania County.

A report recently made by Mrs. R. S. Cannon of York, Pa., on behalf of the World War Memorial and Tribute Tree Association of York County, shows that 1,821 trees have already been planted along the Lincoln Highway between Wrightsville and the Adams County line. The expense of the work amounted to \$3,150. Each tree bears a small memorial shield, which carries the name of the hero it memorializes.

YORK county was one of the first along the Lincoln Highway to undertake through an active organization to beautify the route under such a plan, which is now being carried out in many of the counties traversed by the transcontinental road between New York and San Francisco.

The organization was started a year ago with the object of perpetuating the memory of dead heroes who fell on the fields of France, by planting memorial trees along the Lincoln Highway across the county, and it has accomplished excellent results during the past year.

Plans have also been completed by the St. Joseph County Memorial Trees Association of Indiana for the planting of several thousand trees along the 31.4 miles of the Lincoln Highway in the county, outside of populated communities.

The entire county is organized, with business, manufacturing, civic and agricultural interests supporting the project as the most appropriate possible memorial to St. Joseph County's war veterans, who number over 6,000. A map through this map the location of each individual tree, together with the name of the soldier to whom it is dedicated, will appear as a permanent record.

Head Off High Prices on Lumber

A careful survey of the Lumber market has convinced us that prices have struck bottom, and an advance is certain in the near future. There is already a stiffening; certain sizes are off the market; others have been marked up in the United States, notably 2 by 8. This is especially true of rough lumber, also of doors and trim. BUY NOW and head off high prices as far as you are concerned.
