**W. H. THORNE & CO., Ltd.**  
HARDWARE MERCHANTS

Store Hours: 8 a.m. to 6 p.m. Open Saturday till 10 p.m.

### LOCAL NEWS

**MONTREAL BUTTER PRICES.**  
Saturday's Montreal Gazette quotes sales of butter at 28c. to 28c. a pound on Friday and the market weak.

**A NEW POLICEMAN.**  
The West Side is to have a new policeman, so Commissioner Thornton announced this morning. It will be one of the silent variety and will do duty at the corner of Little and Union streets, where the traffic and from the ferry, as well as the local traffic has demanded control.

**THERE IS A SCHOOL.**  
The Times on Friday printed a statement made by a widower who said he lived in Garnett Settlement and there was no school to which he could send his children. This paper has learned since that the statement was untrue, as there is a school in the settlement.

**MUST LIGHT LAMPS.**  
Commenting on an accident in King street when a coach and automobile were in collision, Commissioner Thornton said this morning that the by-law covering the lighting of automobile headlights also applied to the lamps on hacks and other public vehicles. He said that instructions had been issued to see that this law was carried out in future.

**METHODIST MINISTERS.**  
The Methodist ministers of the city at their weekly meeting this morning decided to adopt daylight saving time in their churches beginning next Sunday. Rev. J. B. Gough read an interesting paper on "Church Polity" which evoked considerable discussion, participated in by nearly all the ministers present. Rev. Mr. Gough was warmly thanked and congratulated on the excellence of his paper. In the absence of the president, Rev. Neil McLaughlin, Rev. S. Howard occupied the chair. Other ministers present were Messrs. S. P. Heustis, H. A. Goodwin, J. Heaney, E. E. Styles, J. A. Gough, H. B. Clarke, Henry Penna, G. F. Dawson.

**THE 6TH C. M. R. RE-UNION.**  
The committee in charge of arrangements for the re-union of the 6th C. M. R., which takes place at Amherst on May 24, state that considerable enthusiasm is being shown in the event. The citizens of Amherst have responded and it is anticipated the re-union will be an annual event. The local Chapter of the I. O. O. F., at Amherst have charge of the arrangements for the banquet, and the Commercial Club have arranged a motor drive. In the evening a smoking concert will take place in the Armories. This end of the programme is the one being looked forward to probably more enthusiastically than the rest, as it will be on this occasion that the real "get-together" will take place. Old comrades who stood side by side in the trenches in Flanders will then renew those bonds of comradeship amidst more pleasing surroundings. Many an old yarn will be retold and battles re-fought.

### RED CROSS DRIVE

Plans Further Advanced at a Meeting Held This Morning.

At a largely attended meeting of representatives of Red Cross circles, Imperial Order Daughters of the Empire, the city churches, Young Women's Hebrew Association and Daughters of Israel and the Catholic societies this morning in the Red Cross rooms, plans were outlined for a membership drive week to be held soon. It was decided to make Monday, Wednesday and Saturday of that week special days. On Monday a band will play in the campaign, and an ambulance will be on hand, in charge of a nurse in uniform. Wednesday will be children's day and through the courtesy of the management of the Imperial theatre the children will be taken to the theatre at five o'clock and special Red Cross pictures will be shown and an appeal made for membership. An address will also be delivered. On Saturday it is expected that the canvass for members in the business section of the city will be undertaken by the Commercial Travelers' Association.

Mrs. F. S. White, president of the local Red Cross Society, was in the chair and explained the object of the meeting, to consider the royal proclamation regarding membership in the Red Cross Society and to decide what part the city should play in the campaign. She explained that the membership fee was \$1 for adults and twenty-five cents for children. Various plans had been suggested as to how the drive should be taken and how the objects set should be accomplished. The meeting this morning showed that there was a great deal of interest and enthusiasm in the campaign in addition to those who had already offered assistance. It was announced that the young ladies of Wilfrid school, through their Junior Red Cross, had signified their willingness to assist in any way, and to them had been assigned the duty of assisting to give out flags to the children on their day. On motion it was decided to set aside one day for a house to house canvass for members. It was felt that while setting the facts before the people had sowed the seeds, the harvest would not reap itself and this was the most effective way of reaching the people. Miss Maude Retalick was appointed general convener.

F. A. Dykeman spoke briefly on the campaign and the disposal of the funds received. He introduced E. J. Fleetwood of the Commercial Travelers' Association, who said that the travelers were willing to assist in any way they could. He said he could not commit the association to any course of action, but if he was informed as to what part the travelers were desired to take he would lay the matter before the executive for their approval. He was sure the travelers were willing to do all they could in the way of work and contributions. He explained that any work they were to undertake would have to be at the end of the week, as they were out of the city the rest of the time.

The offer of the travelers was gratefully accepted. Mrs. White asked Mr. Dykeman, as president of the Retail Merchants' Association, to ask the merchants to place the posters advertising the campaign in a conspicuous position in their windows. Mrs. Fred Harding was asked to take in hand the matter of the canvass of the bank managers of the city with regard to having booths in the banks for the enrolment of members. The booths in the Imperial theatre will be in charge of V. A. D's under direction of Mrs. A. M. Rowan. It was decided to write to the various clergymen of the city asking them to place the facts of the campaign before their congregations on next Sunday. Mrs. White read a letter from Lady Tilley expressing best wishes for the success of the drive.

### UNEXPENDED BALANCE \$40,000

Report to Commissioners on Bond Issues—City Itself to do Winter Street Work.

A statement that the city has more than \$40,000 of an unexpended balance from bonds issued for city work, the cost price of which was less than the amount of the bond issues, was contained in a report submitted to the committee meeting of the city council this morning by Duncan G. Lingley, the city chamberlain.

This amount is divided amongst the departments as follows:—  
Water and sewerage ..... \$33,757.78  
Public safety ..... 5,400.00  
Public works ..... 5,400.00  
Harbors, ferries &c. .... 585.69  
Total ..... \$45,183.47

The bonds were issued to cover the following expenditures:  
Water and sewerage—Sewerage work in Mount Pleasant Court, City road, Brussels street and Lancaster street, and for water mains and pipes in Brussels street, Douglas avenue, City road, Mount Pleasant court, Mount Pleasant and Haen streets, Adelaide street, King street, Market Square, Duke street, East St. John, Red Head road and Lancaster street.

Public Safety—For the new ambulance. Public Works—Retaining walls in Guelphford, Main, St. James and Wright streets and City road; paving in Main, Germain and Prince William streets; land in Mill street and new machinery for the department.

Harbors, ferries and public lands—Ferry piling and sheathing; Reed's Point warehouse, restoration of No. 5 shed and gear shed in West St. John. Mr. Lingley, the chamberlain, said that balances covered the last two or three years with the exception of that on the ambulance. He said the recorder had ruled that the amounts might be expended for a capital expenditure on the same kind of work.

Commissioner Jones said he proposed doing a water main renewal in Winter street from Stanley to Wall at an estimated cost of \$7,700 to be paid for out of the unexpended bond balance in the department. The six-inch main he proposed to replace with a twelve-inch pipe and he intended doing the work with his own men. His recommendation to the effect carried. He proposed doing the excavation by piece work. He said he would be able to do the work at less cost than the lowest tenderer, which was \$240 for rock and sixty-eight cents for earth excavation.

Mr. Thornton said that a clause in all city contracts was to the effect that contractors must pay the union rate. He did not think the city should pay less than this rate. On Mr. Jones' motion it was decided to return the tenders and deposits to the contractors who bid on this work, the city had decided to do it itself.

It was decided to grant an extension of time to May 21 to Sub & Swanton on their contract for deepening of Newmarket Brook. The contract time expired on May 6.

Commissioner Frink said he had been notified that \$200 had been granted by the board of health for "Cleanup Day." Last year the city added \$200, but the joint sum had been exceeded. On Dr. Frink's motion it was decided to make \$200 available for cleanup day.

Reporting on the application of William Soo, for removal of an electric light pole from Prince William street to Charlotte street, Commissioner said that he was notified by Waterbury & Rising, Ltd., that the pole was the property of that company. No action was taken on the application.

Commissioner Thornton remarked that some of the poles in the city were being branded by two companies. Some of the poles were marked F.T. He understood that they were owned by one company but operated jointly by two. Dr. Frink said that arrangements had been made by both companies to mark them. He said that there were still some unmarked but so soon as he was notified by the companies that all their poles had been branded, he would have one of his staff check them up all over the city.

### NEW PHASE IN LIQUOR MATTER; AN INJUNCTION

Chief Inspector Restrained From Seizing Montreal Stock Brought Here for Export.

Two actions were brought in Chancery, one by William E. McIntyre, Ltd. and others against the chief liquor inspector of the province and the attorney-general and the other by John J. Bradley, in which injunctions were granted by His Honor, Mr. Justice Grimmer, restraining the seizure of intoxicating liquors in bond for the purpose of export sale. This will restrain the seizure of the cargoes of liquor in bond here and it is understood that it will apply also in the case of any similar cargoes of liquor brought into the province while the injunctions are in force, that is until the trial of the action. M. G. Teed, K. C. and J. D. P. Lewis appeared for the plaintiff in the McIntyre case while Dr. F. R. Taylor, K. C. and W. G. Pugsley, of Ottawa appeared for John Bradley.

**MONTREAL STOCK MARKET.**  
Montreal, May 16.—There was very little trading on the local stock exchange during the first half hour this morning, and only a few transactions were counted.
