Amdur's Make Record; Plan For Another

Hosiery Sale to be Followed This Week by One of Ladies' White Socks

A total of \$400 pairs of hose, 675 dozen, were sold by Amdur's in three days, during their "Hosiery Millennium" of last week. For this class of goods the quantity disposed of established a record for the city.

The prices, ranging from 19 cents a pair to 39 cents, for ladies' and men's hose of excellent quality, and from 98 cents to \$1.49 cents a pair for higher grades, also have established a new standard of quotation for the remarkable values.

The sale was probably the most successful in the history of the Amdur institution and the response of the public was prompt and most flattering.

In view of the overwhelming evidence that the people of this city are anxious to co-operate in the movement to get prices back to a pre-war basis, Amdur's have arranged for this week a sale of women's white canvas hose, white canvas pumps and white kid Oxford. Details will be arranged on Thursday, and Amdur's will endeavor by low prices and excellent values to repeat their success of last week.

SOME PREFER CUSTOM MADE

And Creary Offers Every Man His Chance to Save \$25.

"For those who prefer to have their suits made to custom measure I have a lot of 100 different suit lengths, ranging in value from \$1.50 to \$15 a yard—some even better than that—and these suit lengths I offer at half price," said George Creary, of the Semi-ready Store.

"The purchaser may take the suit length away with him—3½ yards double width—and have it made up wherever he wishes, or I will have it made and trimmed to his measure on a guarantee of fit and satisfaction."

SOURCES OF GOLD IMPORTS

Countries Which Have Sent Gold to the United States.

(N. Y. Sun.)
The government's complete summary of our foreign commerce in April shows that out of the \$964,800,000 gold imported by the United States during the ten months ending with April, \$291,829,841, came from England, \$105,249,848 from France, \$81,573,792 from Sweden, \$27,488,215 from Canada, \$12,024,298 from Colombia and \$11,021,932 from Hongkong.

Amounts ranging from \$1,000,000 to \$7,500,000 were received during that period from Peru, Central America, Mexico, the West Indies and Australia. The exceptionally wide diversity of the sources of import is shown by the fact that the item "Imports from all other countries," which amounted to only \$1,641,989 in the same ten months a year ago, reached \$45,164,304 in the ten months ending with last April.

RAFT LOGS ACROSS PACIFIC TO JAPAN

Vancouver, June 15.—A Japanese firm proposes to make another attempt to raft timber from British Columbia to Japan. They believe that the Davis raft structure, of which the outside rows of logs are laced with cable, can be made to stand the trans-Pacific passage. The first raft will leave this coast about August. It will have a super-structure of piled logs, strongly laced. Hitherto rafted logs have not withstood long sea journeys, except one which was taken from San Francisco to China about twenty years ago. Favored by calm seas the raft was safely landed. The Chinese, however, unused to big logs, took ten years to cut up this boom, using log hand rip saws to make the boards.
