Used cars in good condition are more than ever in demand this year, which is due in a measure to the great increase in the price of new cars, owing to war conditions and the difficulty of getting new cars. In obtaining sufficient new cars to fill their orders, many factories which formerly built automobiles having been turned into munition and aeroplane plants.

We were fortunate in securing last fall a number of good used cars at exceptionally low prices, and during the last few months our mechanics have been employed in overhauling and refitting them. In the list below are many exceptionally good values at the prices shown.

1917 BIG FOUR OVERLAND TOURING CAR

PIERCE-ARROW 7-PASSENGER TOURING CAR

This car was given the best of care by its former owner, and is in first class running order. The equipment is complete, and it is a bargain. At \$400.00

FORD 5-PASSENGER TOURING CAR

OVERLAND 4-PASSENGER COUPE

This car has just been thoroughly overhauled and refitted, and is fitted with a handsome body with plate glass windows, which may be lowered in fine weather. The fittings include silk curtains, folding seat, electric light in roof, dark blue leather bound carpets, etc. All worn parts have been renewed and a complete set of four new fenders fitted. Price \$850.00

The above are only a few of the many good used cars which we have on our lists for sale. If interested call at our showrooms, and we will arrange to show them to you without any obligation to buy; or if unable to call, advise by mail what type of car you would like to secure and the price you are willing to pay, and undoubtedly we will have a car to suit your requirements.
