## VOTE FOR THE MODEL HARBOR OF THE ATLANTIC COAST

Two great railway men, President Hays of the Grand Trunk Pacific and ex-deputy minister Butler, stated on inspection of the place and the plans that Courtenay Bay could be made the model harbor of the Atlantic coast.

Hon. Dr. Pugsley says that the plans will be carried out, as part of the government's great policy for the development of Canadian trade routes and national ports.

The contract for the beginning of the work is as good as awarded. It will provide a great concrete breakwater, dry dock, ship repair plant, and the first of the series of wharves, along with the necessary dredging.

Vote for Dr. Pugsley and Mr. Lowell and the development of Courtenay Bay.

### FINE RALLY IN NORTON FOR DR. McALISTER

Hall Crowded and People Stay Till Midnight to Hear Speeches

### GREAT RECEPTION

Procession Escorts the Popular Liberal Candidate to the Meeting Place—Spirit of Gathering is Prediction of Victory For Reciprocity

(Special to The Times)  
Norton, N. B., Sept. 16.—A torchlight procession with the pipers' band, an automobile parade and cheering throngs of reciprocity supporters last night greeted Dr. McAlister, the people's candidate, as he emerged from the Campbell hotel, Norton, en route to the village hall, where he and J. T. Hawke and Geo. R. McCord addressed the largest and most enthusiastic political meeting ever held in Norton.

### WILSON THE OUTLAW FOUND

Manitou, Man., Sept. 16.—Word received late yesterday that Bill Wilson, the alleged assassin of Miss Gladys Price, who was held captive in the woods near here for thirty hours, has been sighted and positively identified at Bluff, twelve miles south of Snowflake in the Pembina Valley.

### BOURASSA'S NAVAL BOGEY

"I remember when the first railroad was built between Quebec and Montreal in 1852. A member of parliament, whom I shall not name, opposed it because he said it would frighten the cows and prevent their giving milk. 'We can laugh at that now, and fifty years from now we shall be laughing at this naval bogey,'" Sir Wilfrid Laurier.

### THE ISSUE BETWEEN LAURIER AND BOURASSA

To-day once more Laurier and Bourassa fight the battle over the right of the Government of Canada to participate in the defence of the Empire. This time it is the Liberal policy of undertaking the obligation of naval defence that is at issue in Quebec. Bourassa and Monk, the Conservative leader, have joined hands to destroy Laurier because he is too British for them. And once more to complete the parallelism, the Laurier who is too British for the Nationalists and Conservatives of Quebec is being held up to the people of the English speaking Provinces as not British enough for them—Toronto Globe.

### NO FEAR OF ANNEXATION DECLARES MR. POWELL AT MEETING IN MONCTON

Conservative Candidate Does Not Subscribe to Silly Talk of His Party—Another Speaker at Tory Gathering Praises Sir Wilfrid Laurier

(Special to Times)  
Moncton, N. B., Sept. 16.—H. A. Powell, K. C., well known to Moncton audiences, addressed a meeting in the interests of the Conservative candidate here last evening. Mr. Powell has always been regarded here as a master of rhetoric, and in this connection he scored when in concluding moments of his speech he bid for that brand of applause which he so ardently appreciates by a series of general flag waving. He had not the hardihood in face of general public censure to believe that the reciprocity agreement when ratified would lead to annexation. In fact Mr. Powell stated flatly he believed no such thing, but as a bait no doubt which he considered dangerous auditors who had staked their hopes on this cry, hinted at weakening of the imperial bond. Mr. Powell dealt with reciprocity at considerable length, resorting to the thread bare arguments which are today being so effectively ridiculed, namely: "That Mr. Powell could not take his mind from the campaign in St. John and the way it is worrying him was evident. In fact he felt constrained on several occasions to refer in his usual 'Eulogizing' terms to Dr. Pugsley and the St. John Telegraph. Mr. Powell's arguments on reciprocity from an economic standpoint did not meet with much applause. In rapid fire style he hurled at the audience a mass of statistics, uninteresting as they were.

### STOLYPIN LIKELY WILL GET BETTER

Kiev, Russia, Sept. 16.—Premier Stolypin, who was shot down in the Municipal Theatre here last night, in the presence of Emperor Nicholas, in all probability will survive his wounds. Late last night the surgeons after a consultation announced that the premier's condition was satisfactory. They declared that no complications were feared and that there were good hopes for recovery.

### THE BEST WAY TO BUILD UP THE EMPIRE IS TO BUILD UP CANADA. LARGER FREE MARKETS FOR CANADIAN PRODUCTS WILL BRING THAT RESULT.

### IT IS YES!

"I ask you if I have not made good during the three years in which I have been your representative?"—Hon. Mr. Pugsley at last night's meeting. And the people answered in a way that meant a sweeping victory for St. John's best friend at Ottawa.

### ECHOES OF THE GREAT CAMPAIGN

### POTATOES AND LOYALTY

(Sackville Tribune)  
How many sweet potatoes grown in the United States and free of duty, would a man have to eat before he would be in favor of annexation with the United States?

### EASY TO REMEMBER

(Fredericton Herald)  
Farmers of York who are selling potatoes for \$1.45 per barrel don't forget that they are selling to the United States for \$1.10 per bushel in the field.

### REACTION TOWARD LAURIER

(Montreal Herald)  
An interesting feature of the campaign, more noticeable than the last year, is the reaction toward Laurier in the earlier stages, is the way the plain average admirer of Sir Wilfrid Laurier is getting his back up. Every time they announce the desertion of some highly placed person who has grown rich under Laurier rule, you hear some quiet person who is very far from the field of newspaper publicity expressing his indignation and announcing his own intention to get in one solid early vote for Laurier.

### DR. ATHERTON'S REASONS

"I want to see the two great races in Canada live in unity and harmony, and I feel that no man, living or dead, has labored more faithfully to achieve that end than our great leader, Sir Wilfrid Laurier, to whom I had the pleasure of listening during his recent visit to St. John. Unbounded respect for Sir Wilfrid Laurier and a firm conviction that reciprocity will be of untold advantage to the Canadian people are my reasons for entering the fight on his candidate, and I hope on September 21st to be able to swing one of the chief Tory strongholds in the Maritime Provinces into the Liberal column."

### CAN'T INTIMIDATE HIM

(Montreal Witness)  
Henry Mason, of the "Trade Bulletin" is one of the most estimable citizens of Montreal. He has done most useful work for many years, in advising not only Montreal and Canada generally, but the Mother Country and the world at large, as to the course and variations of the produce market. Every one in the produce business values his opinion, and very many have profited by it. Mr. Mason has voted Conservative for many years, but this time he will vote Liberal—because, not only does he see that reciprocity is right and inevitable, but he also sees that the Friendship and cooperation of the United States is the most valuable asset of the British people in the world over. Some supporters of (Continued on page 5, first column)

### POISONOUS MUSHROOMS KILL FOUR PEOPLE

Fishkill, Landing, N. Y., Sept. 16.—Mr. and Mrs. Michael Lyons died here yesterday from eating poisonous mushrooms, eaten by mistake for edible fungi. A double funeral will be held today.

### MUST HAVE A NEW KING

With regret it must be stated that the portrait of King George was turned to the wall in the hall of the Patriots last evening. The reason was stated in terse sentences by the Exalted Patriot, who said:—"We are betrayed. The King has sent a birthday message to Taft. I can scarcely contain my indignation to speak of it. It was a bolt from the blue. Here are we exposing the infamous plot of Taft to wreck Canada for the Empire, and there is King George calling his congratulations to Taft. 'Il a le diable au corps,' as our Brother Bourassa would say. What can we do with a King like that? He assured the villain Taft that he wanted cordial relations to exist forever between the mother country and the loyal Yankee. Can we stand for that—at this of all times—are we preparing the flag that portends for one last wild flourish from Sydney to Vancouver? The news has been sent all over Canada that the king is in cahoots with Taft, just at the moment when we were imploring all Patriots to rise up and save the Empire. It's awful! I see nothing for it but to get Patriot Bourassa down here to create a diversion in Kent, Westmorland, Gloucester and Madawaska. The Empire was tottering before, but now it has a decided slant. Meanwhile—turn that portrait to the wall. The meeting is adjourned."

## THE QUEBEC SECTION OF BORDEN'S GREAT SHOW

BOURASSA—What's the matter with you Monk, you seem to be worried? MONK—I've got it into my mind that if we start a tour with this menagerie of ours, we won't even clear our expenses.—Le Canada.

### REMEMBER!

It was members of the same party which now prates about loyalty and British connection who once said: "So much the worse for British connection." Members of the same party once signed an annexation manifesto.

### BODY OF MURDERED WOMAN IS FOUND BY THE ROADSIDE

Husband Held as Witness and Refuses to Make Any Statement

### TEST AEROPLANE MAIL SERVICE

Washington, Sept. 16.—Postmaster General Hitchcock has given consent to the establishment of an experimental service mail route between one of the outlying branches of the Brooklyn post office and the terepodrome at Nassau Boulevard, L. I., during the international aviation meet from Sept. 23 to Oct. 1.

### HOPEFUL FOR PEACE

Berlin, Sept. 16.—Considerable progress is believed to have been made toward a settlement of the controversy between France and Germany over Morocco. It was learned from an authoritative source that an agreement between the two powers seems assured. Several questions, however, yet remain open to further discussion, but both sides are showing good will.

### SIGNALING INSPECTION.

It is expected that the inspection of No. 8 Signaling Section under Lieut. Allan Leavitt, will be held during the latter part of the month. It will be conducted by Capt. Powers, in charge of divisional area No. 6, and there is a probability that it will this year include a heliograph inspection, which has not been the case before in St. John. No dates have yet been set for the examination, but to allow for the helio work it will probably be held in the morning instead of the evening as in other years.

THE LATE MRS. R. D. SMITH.  
Mrs. R. Duncan Smith, whose death is announced elsewhere, was an active member of Queen Square Methodist church and Sunday school, and will be greatly missed in church circles.
