The Moncton team has strengthened and is now being looked on as a strong contender for honors. Tomorrow evening Moncton will appear at St. Peter's Park to play the St. Peter's nine and a thrilling battle for second place should result. The locals now have a strong pitching staff, all working well and are in a position to present keen opposition to any club in the league. The choice for tomorrow's game was not announced this morning. In all probability Moncton will use Green, who defeated St. Peter's in the morning contest on July 2.
