

## NOVA SCOTIA.

## AMHERST.

Amherst, July 1.—The marriage took place yesterday afternoon at the Methodist church, Nappan, of Miss Mary Blair, daughter of Col. Blair, to Dr. Percy Holmes, son of J. G. Holmes of Parrabro. The nuptial knot was tied by Rev. Mr. Evans. Miss Mary Blair officiated as bridesmaid. Dr. Black of Truro was best man. The church was beautifully decorated for the occasion, and the ceremony was witnessed by a crowded audience. The couple left on their wedding tour for Halifax and St. John and other places.

## BRIDGETOWN.

Bridgetown, N. S., June 30.—Lealie Stone, an aged farmer, who lived about a mile out of town and has been partially demented for several years, was found drowned in Fresh's Brook today. The deceased was put to bed last night at ten o'clock and his absence was not discovered until this morning. His watch was found stopped at two o'clock.

The heavy rain this afternoon will probably make the track too heavy for the races tomorrow and there is much disappointment among horse men.

Bridgetown, N. S., July 2.—The whole community was thrown into consternation this morning by the startling news that the wife of the Rev. F. M. Young had mysteriously disappeared from her sick bed with no other garments on than her usual night clothing. Mrs. Young has been sick in bed all the spring and is thought by her medical attendants to be recovering. Her nurse, Miss Poole, left her at about one o'clock this morning and retired in a room adjoining the sick room, but this morning at six o'clock upon entering the room to see if her patient required anything, found the bed unoccupied and going down stairs, discovered the street door wide open. A search was at once instituted and all day long the field and woods have been alive with swarms of people trying to find some trace of the unfortunate woman, but up to the time of writing all to no purpose. A colored girl alleges that she saw a woman in white pass down the Granville highway at four o'clock this morning going at a very rapid pace, but was not close enough to discern who it was. It was nearly a mile from the passage, and it is scarcely credited that this could have been Mrs. Young, for she has not had strength enough to sit up and lately has been rejoicing that she would be able in a few days to walk to a chair unassisted. The river is being closely watched and the country closely guarded in every direction. It is supposed she became deranged and receiving supernatural strength, has wandered out.

Following so closely upon the strange death of Lealie Stone, the affair has cast a deep gloom over the town, and a desperate effort was made by our townsmen to have the races postponed, but the managers here with horses were inexorable.

At an early hour this morning, Benjamin Fellows passed away at the extreme age of ninety-two years. The deceased was a highly respected citizen and leaves a large number of lineal descendants in three generations.

Yesterday morning the wife of Major Duxbury was prostrated and died at her home, her condition, and there are fears for her recovery. Laurie Giles returned today from Windsor, where he won a first in the one-mile bicycle race and a second in the three-mile race. The races advertised for here yesterday had to be postponed till today on account of the track being heavy. About 500 people assembled today to witness one of the best races ever held here. There were two races, three-minute and two-third. Almont Chart, owned by F. Duncan of Charlville, N. B., won the latter in three straight heats, finishing his last half in less than a minute on a heavy track. Alston, Jr., second; Andrew, third, and Cushing Pilot, fourth.

The three-minute was won by Pansy N., owned by Goudy of Yarmouth, in three straight heats; Romp, second; Troublesome, third, and Clara, fourth. Almont Chart's best time was 2:31 1-2, and Pansy N., 2:37 1-4.

## DIGBY.

Digby, July 2.—Dominion day was very pleasantly spent in Digby, the weather clearing up about noon after a heavy rain storm the night before, leaving the day all that could be desired. About six hundred strangers visited the town, a large number having come from St. John on the Odd-fellows excursion by the Prince Rupert, which remained here until six o'clock, giving the party an ample opportunity to visit the many points of interest in the vicinity. There were also a goodly representation from Annapolis, Weymouth and adjoining towns.

Rev. L. S. Osborne and family of New Brunswick, N. J., arrived in town on Wednesday, and will move into their new summer residence at the south end at once.

Mrs. and Miss Smythson of Ottawa arrived on Thursday, and have taken rooms at the Digby house for the summer.

John B. Mills, M. P., passed through town yesterday on his way home from Ottawa.

The dinner and tea held in the Odd-fellows hall yesterday by the ladies of Trinity church was a grand success, both to the patrons and those in charge.

Dr. Walker and family of Ithaca, New York, are staying at the Victoria house.

## HALIFAX.

Halifax, July 2.—Some years ago the Portland Packing Co. obtained from the city the services of Detective Power to work on a case of theft at one of their factories in Guysboro county. One Smith was arrested and acquitted. Smith then brought action for false arrest against Power and obtained a verdict for six hundred dollars damages. The Portland Packing company refused to pay this, and Power was about to be issued against the detective for the amount, but the city council tonight, even though Mayor MacCoy advised the city was

not responsible, decided to pay the money. In future if Detective Power is allowed to work outside the city for any parties whatsoever, it will only be on the positive guarantee he will not be or the city held responsible for his acts.

Halifax, June 30.—Rose Coghlan, the actress, and her husband, John T. Sullivan, were in the city tonight on their way to Souris, where they usually spend the summer.

A very heavy easterly rain deluged the city tonight, making a bad out-look for the Dominion day celebration in Windsor.

Ald. McFarlane, who is in charge of the speed department of the provincial exhibition, threatens to resign. This is on account of strife in the Halifax Driving Club. The alderman associated with himself in charge of the department are John McFarlane and A. Lamplier. Against these men J. L. Leaman, who represents an opposite faction in the Driving Club, petitioned the exhibition commission. In consequence of the outcome of the commission appointed C. C. Bell, M. P., and C. R. Bell as McFarlane's selection.

Halifax, July 2.—The provincial government purposes inviting Road Inspector Campbell of Ontario to attend the Nova Scotia provincial exhibition in September and deliver a series of public lectures to the farmers and general public on the science of good roads. The invitation to Mr. Campbell is the outcome of a conference which lately took place between Premier Murray and representatives of the Ramblers' Bicycle Club relative to the ways and means to improve the road system of the province.

A young man has been lying at Victoria hospital for months with what is pronounced an incurable skin disease. A brother of Sheriff Archibald Hebron of St. John's, Arkansas, came and treat the youth, believing he could do so successfully. The provincial medical board refused to allow Dr. Hebron to make the attack on the ground he had not received the necessary qualifications. The doctor, however, determined to treat the case gratuitously, but even this would not be allowed within the hospital. Accordingly the patient will be taken to his home for treatment.

Lovitt brothers won today's sweepstake flat race on the harbor, defeating Whelan and Brennan and it is scarcely credited that this could have been Mrs. Young, for she has not had strength enough to sit up and lately has been rejoicing that she would be able in a few days to walk to a chair unassisted. The river is being closely watched and the country closely guarded in every direction. It is supposed she became deranged and receiving supernatural strength, has wandered out.

Masonic Grand Lodge Holds a Session and Elects Officers.

Cheese Factory in Cornwall Booming—Scott Act Cases—Almost a Fatal Drowning Accident.

Charlottetown, July 1.—Dominion day is wet, and the travelling is too bad for pleasure driving. The city is very quiet. The stores are most of them closed, but the people are in their homes and around the fireplace instead of on the seashore.

What might have been a fatal drowning accident is reported from Summerside, when Mr. and Mrs. Albert Pickering, Mr. and Mrs. William MacLean, Mrs. Thomas, Pickering and Miss Ross of Stanley Bridge, and Mrs. Stevenson and child of Fredericton, P. E. I., left Lunkett road in a sailboat for Summerside, and when turning off Queen's wharf the boat upset, throwing the company into the water. They managed to cling to the boat until rescued by friends from the shore. Mrs. Stevenson, who is delicate, and her child were almost lost, she having become exhausted. Dr. Cover treated them and they were soon able to return home.

R. J. Wood had his trotting horse Herbie badly kicked in the shoulder today at St. Peter's school to the extent of \$900 are to be made shortly.

L. J. Whear has gone to Toronto, where he expects to enter into business on his own account. His fellow employees at Weeks & Co. presented him with a handsome gold ring with bloodstone setting.

George Sharp commenced his duties today as superintendent of P. E. I. railway. The other changes are: Mr. McDonald becomes chief clerk, Mr. Thompson becomes station master, Mr. Hodgson takes charge of the stores department, and Mr. Campbell under Mr. Huggins in the auditor's department.

The Law society has elected the following officers: President, P. Peters; Vice Pres., D. C. McLeod; Sec., P. E. Stoughton; W. S. Stewart, S. Blanchard, A. B. Warburton, W. A. O. Morson; examiners of applicants for admission to the bar, Malcolm McLeod, A. B. Warburton, W. A. O. Morson; examiners of applicants to the bar, Malcolm McLeod, C. R. Smallwood.

At Wednesday's police court Scott act cases against Hugh Hennessey and P. S. Brown were dismissed, and one against Charles Walling was adjourned. The police court business for June is very large. In all fifty-three cases were before the court. There were 22 convictions for drunkenness, 2 for assault, 2 for nuisance, 2 for vagrancy, 1 for fast driving and 1 for larceny. Six cases were sent up to the supreme court and 4 Scott act summonses dismissed. The receipts during the month of June were \$1,025.

The grand lodge of A. F. and A. M. of P. E. I. was in session here last week and the following officers were installed by W. M. F. G. M. Ruland of school house, St. John's, N. B.: W. G. M. Leonard Morris, R. W. D. G. M. J. A. Messervy; R. W. S. G. W. R. Ellis; R. W. J. G. W. R. Macmillan; R. W. G. T. A. Murray; R. W. G. S. Neil McKelvie; R. W. G. C. T. R. G. S. D. P. McNutt; W. G. T. D. J. Dyer; W. G. Marshall, S. W. Crabbe; W. G. S. B. C. B. Fraser; W. G. S. B. L. Palmer; W. S. G. S. W. Doughty; W. J. G. S. J. W. Brown; W. G. M. A. Horne; W. G. T. John Hobbs.

The feast of days in the rink under the auspices of the ladies of the First Methodist church was a fairly good success. About \$1,000 were taken in all, but the expenses will reduce the net receipts to about \$600.

The Methodist conference just closed in Fredericton, N. B., has called three boys out to the ministry. They are Jacob Higgins of Clinton, S. C. Cann of Bradshaw and Hammond Johnson of Highland.

Miss Brittain of Fredericton, N. B., is spending her holidays with her sister, Mrs. G. A. Sharp, J. A. Nicholson, principal of the St. John's school, Montreal, and Mrs. Nicholson and family, are rusticating with friends at Eldon and other parts of the island.

Lady Davies and family arrived in the city Tuesday night.

Another boating accident is reported, and this time from Georgetown, when a boat from the Murray harbor north was making the Georgetown harbor and upset, and sank immediately.

H. M. Graham and Wm. McLaren, who were in the boat, got hold of the topmast and held on until rescued by Lemuel Hubert and George Campbell.

Cornwall, June 30.—The weather still continues cold and unsettled, and is seriously keeping back the crops. Farmers report that the hay crop will be rather light this year on account of the small quantity of snow last winter. A fair crop, however, is generally expected.

The cheese factory is booming. About 17,000 pounds or more of milk are taken in daily. As it takes ten pounds of milk to make a pound of cheese, at this rate the output is over 1,700 tons a week. At the present time cheese is having a great demand, and two shipments have been made to England. The company is exporting 750 per 100 lbs. of milk to its patrons.

The majority of farmers have all their crops in. The turnips come last, and these during the last week have been hurriedly planted.

John Brown, a sailor, had the three fingers of his left hand badly flattened the other day. He was leaning on a pile which was being driven into the ground when the hammer accidentally struck his hand and came within an ace of maiming him.

Repairs have at last been commenced on the North river bridge. This structure has been in a rather dangerous state for some time.

Keeney, Chow, Curry and Matheson have the contract, but the work is

## THE MARKETS.

Revised Every Monday for the Weekly Sun.

There is practically no change in the condition of the market. Meats, poultry, fruit and eggs sell at former prices. Some green stuff is a little cheaper, a few native strawberries are on sale, but the season is very late. The heavy trade was very heavy at this date last year.

COUNTRY MARKET.
