PRACTICAL PHILANTHROPY. The whole voluminous literature of

practical philanthropy may be boiled down to the proposition that the best way to help young people is to help them to help themselves. That is just what the Currie Business University of this city is doing for the young peo-

 DR. B. J. KENDALL CO.
 Dear Sirs:-A year ago I had a valuable horse which got lame. I took him to the Veterinary Surgeon who entropy the second state of the veterinary surgeon who is a star bar of the veterinary surgeon who is a neighbor and took and the veterinary surgeon who is stand up. After trying everything in my power I went to a neighbor and took in about the case. Hegave me one of your books and I studied it carefully and being resolved to do the utmost in favor of my beast, went to the nearest drug store and rota bottle of your Spaving to the nearest drug store and rota bottle of your Spaving to the the the second bottle of your Spaving the store the first bottle was used I notice 1 an improvement, and when the scoreth bottle was subot half used. my horse was completely cured and without leaving a blemish on him. After creating the work with him, wishing to see if ithad effected a cured. I then started to work the horse back and it o my entire satisfaction the never showed any more lameness through the whole summer. I can recommend Kendall's Spavin Cure not only as an storelent, but as a sure remedy, to any one that it may concerne. Yours truly, SAMUEL TRITTEN. At 11 o'clock today, the bark Willard Mudgett, which passed in by the end of the Cape yesterday, bound for Boston, could be seen drifting rapidly to
