Organization of Sprout Lodge, No. 10, at Collins.

Sprout L. O. L. No. 10, was organized
at Collins, Kings Co., on the evening
of Friday, May 30, by County Master
Jas. A. Moore, Fred M. Sprout and the
grand secretary, assisted by a large
delegation from Hampton and Mark-
hamville Lodges. Much enthusiasm
was manifested at the institution.
Twenty new members were initiated
and a large number of members joined
by certificate. Owing to the un-
avoidable absence of a number of the
members who signed the charter roll,
and who did not be present, it was
decided to leave the charter open for
one month, when a large addition to
the present membership is promised. A
short public meeting, held previous to
the organization ceremonies, was ably
addressed by Fred M. Sprout and Jas.
A. Moore, county master, and others.

After the initiation of the charter
members the following were elected
officers for the remainder of the year:
Dr. E. M. Brundage, W. M.; F. J.
Keirstead, D. M.; Albert N. Vincent,
Chaplain; Elias McKnight, Rec. Sec'y;
W. A. Kierstead, Fin. Sec'y; Wm.
Mabee, Treas.; W. S. Beale, D. O. C.;
Richard Macfarland, Lecturer; Thomas
Farmer, 1st committee; Albert Brown,
2nd committee; Joseph Farmer, 3rd
committee; Samuel Gordon, 4th com-
mittee; Wesley Fenwick, 5th com-
mittee; Henry Sommers, inside Tyler;
McLeod Fenwick, outside Tyler.

The above officers were installed by
Jas. A. Moore, county master, after
which short addresses were delivered
by all the officers. The lodge decided
that in future it would meet on the
second Monday in each month.

March credit is due Dr. Brundage
and W. S. Beale for the efficient man-
ner in which they provided for the
proper organization of the lodge. Judging
from the enthusiasm shown by the
new members on the night of institu-
tion, Sprout L. O. L. No. 10, will in the
near future be the banner lodge of

tervening years. Mr. Theal and Mr.
Shaw are building a summer cottage
near that recently built by Dr. Man-
ning on a beautiful point known as
Hillsdale Park, about a mile beyond
Grand Bay station. The Canadian Pa-
cific railway are building a new sta-

STRIKE AT SPRINGHILL MINES.
A despatch to yesterday's Monitor
Times says: "All the miners in the
Springhill mines went out on a strike
last night. Sometime ago the men
agitated for an increase of pay to four
cents a box. The demand was granted,
but yesterday the miners were no-
tified of a reduction in pay to two
cents a box. The result was that the
men quit work last night, and this
morning the mines are idle. Manager
Cowan is in Montreal, and it is
thought that the strike will not last
long. Upon his return the difficulty
will probably be settled."

SMALLPOX AT WOODSTOCK.
A despatch to last evening's Globe
says: Two new cases of smallpox are
reported, both on the south side of the
bridge. One patient is Charlie Ather-
ton, whose father is janitor of the
Brook's school. The other is a son
of a neighbor, Mrs. Stairs. Neither has
been vaccinated. The houses have
been quarantined. The board of health
has resigned on the ground that it has not received
that measure of support from influen-
tial citizens necessary to make its work
effective. Woodstock does not take
kindly to compulsory vaccination.

THE LAKE SUPERIOR.
The boilers and pumps required to
float the ship have been placed in po-
sition, and men are now at work fix-

floated on her water bottom. It is said
an attempt may be made Monday to
float, and whenever it is made it is
safe to assert that it will be suc-
cessful.

GOES TO JOHNS HOPKINS.
Son of Ex-Judge Vanwart, Glynn Ad-
pointment.

MONTREAL, June 3.—A despatch
from Baltimore contains the announce-
ment that the trustees of Johns Hop-
kins University have appointed Eddy
Vanwart, a student of the medical
faculty of McGill University, to a fel-
lowship in the department of bacteri-
ology and pathology at Johns Hopkins
University. Mr. Vanwart is a son of
Ex-Judge Vanwart of Fredericton, N. B.,
and has had a very brilliant col-
legiate career at McGill, from which
institution he will graduate with the
degree of M. D. C. M., during the pre-
sent month.

THE EXHIBITION.
Workmen are now employed in the
exhibition building enlarging the old
refreshment room. It will be extended
into the main building and will afford
ample accommodation for John who may
desire to obtain meals. All officers
also being fitted up in the main build-
ing for F. W. Hodgson, dominion live
stock commissioner, who will be present
during the entire exhibition. At pre-
sent he is assisting the association to
secure the most competent judges
available.

THEIR GOLDEN WEDDING.
Mr. and Mrs. Charles B. Barker of
Sheffield, N. B., celebrated their golden
wedding at 2424. A number of
friends gathered at the home
presented them with an address, ac-
companied by a beautiful lamp. Hon.
Charles Burpee reading the address. Mr.
and Mrs. Barker, both of whom have
pleasant memories, touching briefly the
more sad ones. After contrabuting
the bride and groom of fifty years, lun-
cheon was served and the company
dispersed, wishing the worthy couple
many more years of happiness.

EXHIBITION NOTES.
All of the ground floor of the main
exhibition building has been taken by
persons who will make a display of
their goods. The galleries are being
taken up in quick order also. A num-
ber of applications have come in re-
cently from outside concerns for
space in the agricultural building and ma-
chinery hall, and it is expected that
these places will be features of the
show. Present indications the
exhibition of stock will be the best
seen here for years.

KARS NOTES.
Mrs. Robert Jones and James Jones
are both seriously ill. Benjamin Mer-
ritt is also very ill, with two doctors
in attendance. Jones and James

KING'S CORONATION.

Central Feature of St. John's Celebration

Will be Laying of Corner Stone of the Monument at Memorial Park, North End.

There was a meeting at the City Hall
Wednesday afternoon of the general
committee chosen to take the neces-
sary steps to properly celebrate the
coronation of King Edward VII. It
was decided without any dissenting
voices that the military parade should
take place in the morning, and sev-
eral local corps will take part in the
laying of the corner stone of the
monument which is to be erected in
Memorial Park, Douglas avenue. Further
than that the committee did not see their
way clear to go. Many suggestions
were made, and finally a sub-commit-
tee was named to consist of the heads
of the military and the various organ-
izations which propose to participate
in the demonstration or people desig-
nated by them to represent the vari-
ous organizations to discuss the fur-
ther details. This committee will re-
port to the general body as soon as
possible. There were present at the
meeting Mayor White, who presided,
Revs. Dr. Wilson, W. H. Sampson, C.
T. Phillips, H. Spike, and W. C. Gay-
ton, Aldermen Hamm, McMillin, Mc-
Gill, Maxwell, McGoldrick, Lewis,
Stackhouse and Baxter, James F. Ro-
bertson, Geo. Blake, W. M. Wallace, Dr.
Gleichen, School Superintendent
Bridges, Lt. Col. Jones, Lt. Col. Mar-
kham, Geo. Carville, Director of Public
Works Cushing, A. Macaulay, W. P.
Dole, John Edgecombs, Chief Engineer
Kerr of the fire department, R. J.
Armstrong, Major Magee, Edward
Sears, C. B. Lockhart and others.

The representatives of the society
in attendance were: St. Andrew's Society;
J. Roy Campbell and C. K. Cameron;
Veterans' Association, A. McDonald
and James Hunter; No. 1 company
salvage corps, and fire police, Capt.
Henderson, Lieut. Fisher and Capt.
Clark; No. 2 company salvage corps
and fire police, Capt. Hamm; L. O. A.
Scott E. Morrell and N. J. Morrison.

The mayor in calling the meeting to
order expressed regret that his office
upstairs was in the hands of decor-
ators. In consequence he had to ask
the gentlemen to meet in the commit-
tee room, which did not accommodate
as many people. He called upon the
gatherings to elect a secretary.

Mr. Roy Campbell was chosen for the
position.

His worship described the steps
which had led up to this meeting. He
suggested a general discussion as to
the best steps to be pursued. When
that was determined upon, commit-
tees should be appointed.

After some informal talk the mayor
said it was admitted that the military
parade and the laying of the corner
stone would be a feature in the cele-
bration. All would rejoice in seeing
the beginning of the monument in
honor of the South African heroes. It
was hoped the polymorphian clubs
would give an entertainment in the
way of a parade. These would prob-
ably be the main features. The other
things should be grouped. The school
children might take part and sing
patriotic songs. The mayor expressed
the hope that all citizens would stand
ready to do all they could to make the
celebration one worthy of the city. If
it were decided to have fireworks it
was important to order them as soon
as possible.

Col. Markham suggested that the
morning be devoted to the military
end of the celebration. The several
corps would parade and march to the
new park to assist in the laying of the
corner stone of the polymorphian and
other societies. Sports could also be
held. He moved that the morning be
set apart for the military parade and
the laying of the corner stone.

This was seconded by Ald. Farnham.
Rev. Mr. Sampson asked when it
was intended to start the military
parade and the laying of the corner
stone. It might begin at 10 o'clock.

W. P. Dole asked if the polymor-
phians would not prefer to have the
morning.

R. J. Wilkins, the president of the
H. M. S. Polymorphian Club, said
that the club had always held their
parades in the morning. He
rather inclined to that on this occa-
sion. That could be arranged and the
military parade follow it all before
noon.

Col. Jones remarked that it would
not do for the two parades to clash.
The military required their bands for
their parade. If a salute were fired
it must be done at 12 o'clock noon. As
the polymorphians needed the bands,
the matter should be looked into very
carefully. He suggested two small
committees from the military and the
polymorphians to inquire fully into the
best time for the various events.

Dr. Gleichen thought the laying of
the corner stone should take place
about 11 o'clock in the morning.

In reply to inquiries, Capt. Hamm of
the north end salvage corps, said
the polymorphian parade could be held
earliest in the morning. The mili-
tary part of the programme could be
brought on. He suggested sports for
the afternoon.

James Hunter favored having the
polymorphian show first.

W. P. Dole concurred in this view,
saying such a parade put people in
good humor.

Scott E. Morrell advocated having
both parades in the morning.

The mayor pointed out that the
laying of the corner stone was the
important function.

W. M. Wallace proposed that all
bands should turn out in the morning.
Then in the afternoon a regatta could
be held, games of ball played, etc.

PAGE WIRE FENCE

This is the Page Standard Wire Fence, made of "Page" wire which is twice as strong as
common wire. The continuous coil, note wavy appearance, allows for expansion and con-
traction which is important in Canadian climate. Only one wire is in each post and
has strength of about 800 pounds. If made of pieces spliced at each horizontal, they
are strength of only about 200 pounds. We also make gates, ornamental fences,
poultry netting, and staples. The Page Wire Fence Co., Ltd., Walkerville, Ont.

N. J. Morrison said the Orange or-
der were willing to take part in a pro-
cession.

The mayor here mentioned the or-
ganizations which had notified him of
the appointment of representatives to
the committee. The Orange order,
Sons of England, Neptune Rowing
Club, 62nd Fusiliers, Artillery, St.
Andrew's Society, and Clan Mackenzie.
The firemen had expressed their will-
ingness to do all in their power to
make a success of the celebration.

Ald. Sexton suggested that the gen-
eral parade be held at eight in the
morning. This would give the mili-
tary ample time. Sports could be held
in the afternoon and a torchlight pro-
cession in the evening, with fire works.

Rev. Mr. Sampson said as far as the
Church of England were the King
himself had arranged a special service
when the proclamation would be read.
Services should be held that day
throughout the Empire.

A. Macaulay failed to see how such
a large committee could arrive at a
decision satisfactorily to all concern-
ed. He suggested a representative
committee to discuss these matters.

The mayor reminded the gentlemen
present that the military parade could
only take place in the morning.

Chief Engineer Kerr concurred in
this view and said some of the firemen
were in the military. He thought he
was safe in saying that the firemen
and salvage corps men would turn out
and do their best. They would turn
out in the afternoon if it were de-
sired.

Edward Sears said citizens had sug-
gested to him that the celebration ex-
tend over two or three days. The
erection of the monument was a laud-
able act, and the military had the right
to do that.

W. M. Wallace again urged the hold-
ing of the polymorphian parade early
in the morning.

Ald. Macaulay's motion for the hold-
ing of the military parade in the morn-
ing passed.

A. Macaulay then moved for a com-
mittee to consist of the president of
each society or a representative
chosen by him to consider the other
details of the celebration.

This was seconded by S. E. Morrell,
who added that the clergymen ought
to have a service that day. It could
be held early in the morning.

Ald. Macaulay explained that what
he intended the committee moved for
by him to do was to fix the times for
the other events outside of the mili-
tary parade.

An amendment proposed by W. M.
Wallace provided that the society
parade take place at 8 o'clock in
the morning having been lost, Mr.
Macaulay's resolution passed.

The clergymen of the city were asked
to meet as a sub-committee to de-
cide the details of the celebration.

Col. Markham spoke of the funds re-
quired, and it was determined on his
motion to ask the common council to
vote sufficient money to pay the bands
and provide fireworks.

Chief Engineer Kerr moved that what
he intended the committee moved for
by him to do was to fix the times for
the other events outside of the mili-
tary parade.

The mayor expressed the hope that
the council would be economical.

Chief Engineer Kerr moved that what
he intended the committee moved for
by him to do was to fix the times for
the other events outside of the mili-
tary parade.

Ald. Christie did not think that
would be wise, as all other societies
might come in for consideration.

Ald. Maxwell considered it unfair to
ask the city to pay the expenses of
any society or body of men.

S. E. Morrell said the Orangemen
would pay their own expenses.

Mr. Dole thought it natural for the
firemen to look to the city in this mat-
ter.

Ald. Maxwell thought it should be
a voluntary thing on the part of all.
Chief Kerr's motion was lost.

It was ordered that 2 notice in the
way of any meeting of any
committee should be sufficient notice
for the members thereof.

The following gentlemen were added
to the general committee: Lt. Col.
Armstrong, Chas. McLaughlin, John
Jackson, James McKinney, Joshua
Ward, Henry Finigan, Dr. W. H. Simon,
S. J. Ritchey, Dr. J. Broderick,
Chas. S. Everett, A. S. Hart, Carl C.
Schmidt, Chas. E. Reynolds, Struan
Robertson, Henry Gallagher, Alex.
