There seems to be a very cordial sympathy with the candidature of Mr. Pugaley for the city, and there is no doubt that the voters in the county are glad indeed to have an opporturity of marking a ballot tor such a man as Mr. McLaughlin.

There have been some surprises during the week, and everybody seems to be tak-

ipe deep interest and working as hard as possible. This is noticeable in the Independent committee rooms, where not only can be found those it aling citizens who supported the movement, but also the candidates when not speaking, and scores of workers who are industriously going over the ward lists. Such reports as this did not come from the liberal and conservative committee rooms where the workers are few and the enthusiasm so scant that it is a hard matter indeed to keep them together. There have been big meetings bo h in and
