AMERICAN LEAG

ocal Team Snowed U **England Champions**and Errors Are Ma Again Today.

It might have been the weather that Mr. D. Donald's veteran bath anyers took a day off yesterday an were beaten by an unmentionable score by the champion Worcests with, the leaders of the New Englan League. After a week's suspense play ball was called at 3.30 o'cloc yesterday afternoon and the waiting the leaders of the local men. When it was first announced that the Worcester teat would play the Marathons, supported of the local men. When it was first announced that the Worcester teat would play the Marathons, supported of the local team hoped that of the three games, the Greeks would take one. There are many who stitution that the workers would take one. There are many who stitution that the workers would take one that the laying must be an different brand from that serve up yesterday. If the Marathons had played in that fashion, they would never have won twenty-eight out thirty-five games played, and leaving the Worcester cracks out of the que toon, Newcastle, Woodstock, Otnabor or any old place would make triumphant capture of the Provincial mampionship. It is consoling however that there remain two chances for the Marathons to redeem therefore the Marathons to redeem the selves in the eyes of the public.

Of course, the Worcester player are the fastest aggregation ever see on a St. John ball field. Starting with the pitcher O'Connor, every mic can certainly play ball some. O'Connor was practically invincible and is shone at the bat, being able to play the ball in such a position that I landed safe every time. Lavigne the tacher, did not prove a sure hitt but he clouted one which was got for three bases if Burkett had in purposely loafed on the third ba Badley who will appear with it Boston Americans was the goods if first and strong at the bat. Murthe glant third baseman, showed it class which has led him to be pick as a member of the heavy hitting champion Detroit Tigers next season The fielding was perfect and ever man seemed to be Johnny on the Spatines, the locals being robbe several times of what look
