

STAR WITNESSES AND IMPORTANT FIGURES IN THE BAILEY MURDER TRIAL.

At the famous Bailey murder trial, which is attracting wide attention, Celia Coleman, a former negro maid in the Carman home, and Frank J. Farrell are reckoned as the star witnesses for the prosecution. Miss Coleman swore on the witness stand that Mrs. Carman confessed that she killed Mrs. Bailey and Farrell swore that he was on the Carman lawn and saw a woman standing at the window from which the fatal shot was fired. Other important figures at the trial are Mrs. C. L. Corby, Miss Madeline Bailey, daughter of the slain woman; Mrs. Ida B. Powell, sister of the accused woman, and Elizabeth Carman, the little daughter of Mrs. Carman, who may be a witness for her mother.

THE ALBERT TEACHERS INSTITUTE

Seventh Annual Session held in Riverside Consolidated School—Splendid programme and excellent addresses.

Hopewell Hill, Oct. 25.—The Albert County Teachers Institute, being the thirty-seventh annual session, was held at Riverside Consolidated School on Thursday and Friday, October 22 and 23. The first session opened at ten a.m. with President G. W. Chapman of Hillsborough in the chair and Miss Alice Thistle as secretary. After enrolment and appointing of committees, etc. an address was given by President Chapman followed by an address by Dr. Carter, chief superintendent of education for New Brunswick in which he spoke very strongly about the general ability and responsibility of school, comparing the progress of United States schools with Canadian schools, also the necessity of having trustees attend the meetings of the Institute.

A paper was given by Miss Ronie A. Long of Riverside on "Household Science in Public and Elementary Schools." Miss Long gave her ideas of the necessity of teaching household science in public schools. This paper was favorably spoken of and discussed by Dr. Carter, Inspector O'Brien and others.

The meeting was then adjourned until two p.m.

The second session opened with President Chapman in the chair, roll call and the reading of minutes.

Inspector O'Brien gave a paper on "How to Study." The chief points in this paper being: (1) Finding of specific purpose for study; (2) Supplementing thought for author; (3) Organization of ideas; (4) Judging value of thoughts; (5) Memorizing; (6) The using of ideas in knowledge; (7) Recognizing the flexibility of knowledge; (8) Developing individuality.

Mr. O'Brien spoke very exhaustively on each one of the subjects bringing each one out clearly. Then followed a paper by Miss H. D. McAuley, Elgin, N. B., "School Gardening." In which she brought out the need and benefit of school gardening in public and rural schools saying it was not to be treated as a distinct subject but worked in connection with other subjects. Favorable discussion followed by Dr. Carter, J. C. Hanson, Rev. H. De Wolfe and others. Mr. De Wolfe spoke of the economical side as well as the statistic side. The meeting was then adjourned until 7:30 p.m. when it was open to the public. Prominent speakers on the platform were Hon. A. R. McClellan, Dr. Carter, G. W. Chapman, Inspector O'Brien, Rev. Thomas Stebbings, Rev. Herbert De Wolfe, Dr. S. C. Murray, P. C. Prescott and Henry Stiles. The following programme was then carried out:

Speech, Dr. Murray: piano solo, Miss Jeanie Prescott; address, Dr. Carter; physical drill, very nicely done by Miss Edna Hayward's class, Grades III and IV, with musical accompaniment by Miss Kathleen Prescott; speech, Rev. H. De Wolfe; reading, Miss Mildred Murray, "Lie,"

which called for an encore; speech, Rev. Thomas Stebbings; vocal solo, R. J. McKenna, "O! Perfect Day," his encore was, "It's a Long Way to Tipperary," the audience joining heartily in the chorus. The meeting was then closed by singing the National Anthem. Over two hundred were in attendance.

The third session opened on Friday at nine a.m.

The Principal of the Consolidated School, J. C. Hanson gave a paper on "Mental Arithmetic." Mr. O'Brien followed with a practical lesson for the benefit of the teachers, illustrating a few rules on the blackboard.

Miss Julia F. Brewster read a paper on "Teaching of History," explaining her ideas concerning the methods of teaching history. A lively discussion followed in which several of the teachers compared their methods of teaching with those of Miss Brewster. The meeting was then adjourned until two p.m.

The afternoon meeting was then thrown open for the asking of questions in connection with school work. Election of officers for the ensuing year was then held by the nominating committee which resulted as follows:

President, G. W. Chapman, Hillsborough; vice-president, J. C. Hanson, Riverside; secretary, Miss Alice M. Thistle, Hillsborough; executive committee, Miss Mary Archibald and Miss H. D. McAuley, Elgin.

1. Resolved that a vote of thanks be extended to Dr. Carter and Inspector O'Brien for their attendance and kindly interest in the programme of this Institute.

2. To the railway authorities for the special rates allowed the teachers.

3. To the people of Riverside and Albert for their hospitality.

4. To the School Board, for the use of the school building.

5. To those who rendered such an enjoyable programme at the public meeting.

6. To the teachers at the Consolidated School for their kind welcome to the visiting teachers.

Resolution committee, Dorothy Dunn, Elizabeth O'Connor, Mina Stiles.

The next meeting of the Institute will be held in Moncton (by the invitation of Inspector O'Brien) in 1915. The teachers present at this meeting were J. C. Hanson, R. J. McKenna, Misses Margaret Barbour, Ronie A. Long, Dorothy Dunn and Edna Hayward, Riverside; Althea Wilbur, New Norton; Elizabeth O'Connor, Upper New Norton; Elsie Mills and Margaret O'Connor, Marvey; Clara Tingley, Germantown; Margaret Archibald, Mary Russell, Hopewell Hill; Edna Steeves, Chemical Road; Ivan Newcomb, Lower Cape; Truman Copp, Waterside; Mina A. Stiles, Riverside; Achah Rogers and Joseph Robinson, Hopewell Cape; Hattie Stevens, Vesta Downing, Surrey; Julia F. G. Brewster, Myrtle Dixon, Jennie Steeves, Ina Steeves, Alice M. Thistle, W. Chapman, Hillsborough; Orla Beaumont, Salem; Myrtle Wood, Amanda Simmons, Weldon; Laura Tingley, Evelyn Robinson, Albert Mines; Harriet D. McAuley and Laura Stiles, Elgin; Caroline Colpitts, Parkdale; Ida Stannard, Coverdale; Verna Steeves, Bridgetown; Georgia Mitton, Milton's District; Daisy Allen, Dawson; Ida B. Crozier, Hastings; Lillian McClellan, Nixon.

Several of the districts were not represented.

\$5,000 LIMERICK PRIZE

The winning of it can't ease the pain of the corn, but "Putnam's" will ease, cure and prevent corns and bunions. Guarantee goes with every bottle of "Putnam's." Use no other, 25c. at all dealers.

IMPERIAL PEOPLE MAKE FINE CLEAN-UP ON OPENING NIGHT

Five new faces greeted audience yesterday and all were well received—Excellent pictures.

An increased number of attractive features greeted imperial patrons yesterday afternoon and evening and on the whole, it was a clean, bright, entertaining programme. No fewer than five new people were included in the list and all of them bore evidence of having been selected for their merit.

The chief comedy offering was the black-faced team, Gilmore & Castle, who put on a line of old-time minstrel olio stuff that caught the crowd from the start. Their local hits were particularly good.

Muriel A. Todd and Francis J. Welch demonstrated the society dances of the hour with a grace and precision that elicited the most unmitigated praise. Their dancing, which was dignified and refined, was staged in a pretty library scene with floral adornments and the music which was played under the direction of W. W. Swornabourne, included proper airs as played in the leading dancing schools of the United States. Miss Todd and Mr. Welch demonstrated the graceful hesitation in one of its popular forms, the jingling one-step and the

Health and Beauty Hints

June: The "French complexion" you inquire about is probably the craze for liquid powders. They are thought to be more wholesome for the skin, as well as more beautifying and less likely to show, than ordinary powder. The following preparation can be made at home from ingredients to be purchased from any druggist. Get 4 ounces spumax from your druggist, dissolve in one half pint hot water and add two teaspoons glycerine. It is splendid in effect, looks very natural and clings as if it belonged to your skin.

Lily: You will find shampooing with a teaspoonful castile dissolved in a cup hot water is a quick and pleasing way to free the scalp of dust, dandruff and excess oil. This is a cleanser and invigorator most appreciated by one whose scalp is either dry, scaly and itchy or profusely oily. Its use restores healthy vigor to my scalp and induced the hair to come in plentifully, with a gloss, and greatly enriched color.

Bess: The best blood-cleanser I know is karsene because it acts on the liver and kidneys and if, as you say, you are troubled with severe and constant headaches, it is an indication that your kidneys and blood need attention. To prepare, put one ounce karsene (from the drug store) into one half pint alcohol (whiskey would not be used) then add one half cupful sugar and hot water to make a full quart. A tablespoonful before meals is the dose. This karsene tonic gently expels poisonous waste from the body and tones up the internal organs so they can do their work. You will find this tonic good for lost appetite, failing strength, and to clear up the complexion.

Loriel: Even the women of middle

age nowadays are determined to keep their flesh down who can blame her, not that present style demands slenderness. I always recommend paraffin (which I mix up at home) as the easiest, cheapest and best flesh reducer. Get four ounces paraffin at druggists and dissolve in one and one half pint hot water. Cool, strain, and take a tablespoonful before each meal. Dieting or exercise is not necessary with this.

Mrs. S.: My own experience with wrinkles was three years ago when I removed them with a very simple, inexpensive preparation which I made by mixing an ounce of almond (from my druggist's) in one half pint cold water and adding two teaspoonfuls glycerine. This, by contracting the skin slowly, restores healthy firmness and keeps the surface circulation of the blood so good that a perfectly natural glow develops in the cheeks. I have used it ever since.

Madge: No, you need not have lots of money in order to give your hair and scalp perfect care. I often recommend many made-at-home items which are even better than high-priced patent ones. As a hair tonic I get an ounce of quinine at the druggist, dissolve it in one half pint of alcohol and add one half pint of water. Rub a little at a time well into the scalp and your hair will disappear and you will keep your scalp healthy.

Exie: I brighten my eyes and rest them when tired by putting a few drops of crystals solution into each eye and bathing the lids with the same. I make the tonic by getting an ounce of crystals from the drug store and dissolving it in a pint of clear water. It will not smart and is soothing and healing. It is the safest way of making the eyes sparkling and expressive.

Free Treatment for Piles

Sample treatment of Pyramid Pile Remedy mailed free for trial gives quick relief, stops itching, bleeding, and all rectal troubles, in the privacy of your home. Pyramid Pile Remedy is for sale at all druggists, 50c a box.

Avonmore, Oct. 26.—Mrs. A. Mercer and daughter, Bertha, were the weekend guests of Mrs. W. H. Harmer. Mrs. Tom Huggard is visiting relatives in Norton.

Foster Robertson, Mercer Settlement, was visiting at the home of Mr. Wm. Parks, Sunday.

E. A. DeLong has purchased a new gasoline engine.

G. J. Kay made a flying trip to Hatfield's Point Saturday.

W. Parks had the good luck to shoot a nice deer Saturday.

Another Change in German Staff.

Paris, Oct. 26, 6:47 p. m.—The Rome correspondent of the Havas Agency says that according to despatches received in Rome from Berlin, Major General Erich Von Falkenhayn, the German minister of war, has been appointed chief of the general staff, succeeding General Helmuth Von Moltke, who is ill.

General Allied Advance Reported.

London, Oct. 26, 3:15 p. m.—"Advices from the front this morning," telegraphs the Paris correspondent of Reuters Telegram Company, "indicate a general Allied advance in the region between Neuport and Ypres, as well as to the east of Arras."

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

COAL.—Coal mining rights may be leased for twenty years, renewable for a term of 20 years. Not more than 1,640 acres can be leased to one applicant. Royalty, five cents per acre per year. The lease must be staked out by the applicant in accordance with the regulations of the Agent or Sub-Agent of Dominion Lands for the district, must in cases be made and the rental for the first year must be paid to the agent within thirty days after staking out.

QUARTZ.—A person eighteen years of age and over, having made a discovery of quartz, may locate a claim of 100 feet square. At least \$100 must be expended in exploring the claim. A mining recorder, when \$500 has been expended in exploring the claim, must be filed with the agent within thirty days after staking out.

PRELIMINARY.—Two leases of five miles each of a river may be issued to one applicant. The first lease must be for \$10 a mile per annum. Royalty, 1-3 per cent after the first year. The second lease must be for \$20 a mile per annum.

W. W. CORRY, Deputy Minister of the Interior, N. B. Unpublished publication of this advertisement will not be paid for.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

The sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency), on certain conditions.

Duties.—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within 100 miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$2.00 per acre.

Duties.—Six months residence in each of three years after earning homestead patent; also 60 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

A settler who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$20.00 per acre. Duties.—Must reside 60 acres in each of three years, cultivate 60 acres and erect a house worth \$200.

The area of cultivation is subject to reduction in case of rough, scrubby or stony land. Live stock may be substituted for cultivation under certain conditions.

W. W. CORRY, C. M. G., Deputy of the Minister of the Interior, N. B. Unpublished publication of this advertisement will not be paid for.—64388.
