**WHO WILL LOOK AFTER HOSTEL
FOR IMMIGRANTS COMING HERE?**

Meeting of the Women's Canadian Club Last Evening Discusses the Question of Caring for Household Helpers—Mrs. H. Lawrence Appointed as N. B. Representative on Immigration Committee.

Are we to have a Hostel for Household helpers coming as immigrants to this country, and if so who is going to run it?

This was the question discussed at some length at a meeting of the Women's Canadian Club held last evening in the German street Institute. Mrs. William Dennis, of Halifax, was the speaker, and while her address most extensively historic, and was filled with information and facts, the discussion which followed brought out some very interesting and surprising announcements from those present who spoke with authority. Mrs. R. T. Hayes and Mrs. David McEldan were on the platform.

Mrs. G. A. Kohring presided and spoke of the necessity of the annual meeting, asking for the appointment of a nominating committee. Ladies appointed on this were Mrs. Anglin, Mrs. Jenner, Mrs. T. H. Carter, Mrs. Bonnell, Miss Tingley, Miss Homer, Miss Annie Scamell.

Mrs. Kohring referred to the conference to be held at Winnipeg on the Education of Women to Citizenship, and asked if any delegate from the club could attend.

Before introducing Mrs. Dennis the president told of the coming to Canada of large numbers of women, and asked representatives of local societies to tell what had been done as this part in the way of immigration work.

Mrs. J. S. Flahar spoke for the King's Daughters who have been faithfully looking after women arriving from Great Britain and other lands for the past fifteen years. Mrs. Owens told of the St. Monica's Society booth at West Side and the work of their committee, and Mrs. Lawrence, of the Travelers Aid work. The Salvation Army and the port chaplains were others looking after arrivals at this city.

Mrs. Dennis, who is president of the Local Council of Women of Halifax, and of the Red Cross Society, and is a Lady of Grace of the Order of St. John of Jerusalem, began by saying that she was not a speaker, but in her well thought address, proved that this statement was not wholly true. She referred to the splendid war work of St. John women in Red Cross, Field Comforts, and especially in the welcoming of dependents at the port.

With Halifax, she said, we had the privilege of being the last to say good by and the first to welcome the Canadian soldiers. The cry for household worker is universal all over the Dominion. In the East and West the need is the same. In England the women who have helped in the war are looking for employment and here is the demand, there the supply. Household workers are what Canada wants, and while the West does not want them before the next spring, the East would accept them immediately if a scheme for their coming could be worked out satisfactorily.

The chief difficulty in previous years was that the selection on the other side was not well arranged and many undesirable slipped in.

The government, Mrs. Dennis went on to say, learnt many lessons from the war, and one is that women can do many more things than they suspected. The government is now availing itself of the services of women to solve this problem of immigration and a woman is now an official on their board. The government called together at Ottawa a conference of the heads of several National Societies, the I. O. O. F., National Council of Women, Y. W. C. A., Federated Women's Institutes and other organizations to consider the formation of a National Council of Home Workers. This council met at Ottawa and recommended several measures to the department.

First, that a most careful selection be made on the other side of all women, and that those desiring to come be instructed just what wages they would receive, and what position they would have in the country.

Second, that a careful inspection be made as to the mental, moral and physical standing of those desiring to come.

Thirdly, that the home system for agents be done away with as immigrants.

**To Relieve Catarrh,
Catarrhal Deafness
And Head Noises**

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, put out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parmit (Double Strength). Take this home and add to it 1/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Parmit is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective.

Every person who has catarrh, in any form, or distressing rumbling, hissing sound in their ears, should give this recipe a trial.

urgent demand that has arisen for further financial aid to provide for such deficiencies, a special committee appointed by the Dominion Command has given the subject exhaustive study for the past three months. This committee prepared and placed in my custody, some weeks ago, a plan which in comprehensive detail provided for the application of such aid with the maximum degree of equity and economy.

only, I am impressed that the only phase of the question which has not been fully dealt with in the plan is whether the proposed scheme is within our country's resources. This we believe can only be finally determined by the responsible representatives of the people.

We are prepared to submit our suggestions in this regard when the committee has thoroughly reviewed the actual accomplishment in re-establishment and received further evidence relating to existing needs which have not been provided for.

The concrete plan, which will be submitted with your permission, has been evolved by those members of the G. W. V. A. who originally introduced a \$2,000 bonus scheme, which has now been reconstructed to deal adequately and equitably with the conditions related before the committee.

As Returned Soldiers representing Returned Soldiers throughout Canada in a responsible manner, we desire to disassociate ourselves entirely from the statements made by Mr. Flynn which seriously reflect upon British institutions and sense of fair play, and are not in accord with the ideals for which Canadian citizen soldiers have served and which they now seek to maintain.

Those who are sincerely desirous of promoting the welfare of the returned soldier in a reasonable and constitutional manner and who consider some system of bonus payment as the proper system of relief are of the opinion that such statements have seriously jeopardized the sympathetic consideration of the needs of the dependents of those who have fallen and of the disabled men.

(Signed) C. G. McNEIL,
Secretary Dominion Council.

The clever address was ended by Mrs. Dennis speaking of the dignity of service, and how women should all get together to solve this problem, which is so emphatically their problem.

Mrs. Kohring then asked Mrs. Knell to answer questions and in mentioning the Women's Institutes called on Mrs. J. W. V. Lawlor to speak.

Mrs. Lawlor said that all arrangements had been already made by the provincial government, but that the plans were not for publication as yet. That Mrs. H. Lawrence was the government's appointed representative and that the work would be done through the Women's Institutes. Mrs. Lawlor pointed out what she considered the over-organization of St. John women and made a plea for the centralization of effort.

Mrs. Knell said that in the other provinces the work throughout the province was done by the Women's Institutes, but that the hostels were among the local societies.

Mrs. Kohring here read a letter from Mrs. Hooper, first vice-president of the Local Council of Women, regretting her inability to be present, but stating that she was enclosing in her letter a communication from F. W. Sumner, agent general for New Brunswick, asking Mrs. E. Atherton Smith, president of the Local Council of Women, to act on an immigration committee in connection with Lady Londonderry's committee and defining his authority over the selection of immigrants.

Mrs. Lawrence was asked to speak, and she told of her pleasure in being chosen for this work, especially as she felt it would bring her in touch with other organizations with whom she had worked during the war.

It was moved by Mrs. R. T. Hayes that a committee consisting of Mrs. D. McEldan, Mrs. Owens, Mrs. Flahar, Mrs. Lawrence and other representatives of societies be called for this morning to meet with Mrs. Knell who will outline the hostel plan.

During the discussion the opinion was expressed that New Brunswick as a national port should have been represented at the organization meeting of the council. Mrs. Dennis explained that in Halifax they already had a hostel run by the Local Council of Women, and that as they were prepared to offer this to the government she was asked to go to the council at Ottawa.

The meeting closed with singing of the National Anthem, after which refreshments were served, Mrs. W. H. Shaw and Mrs. Lawrence being conveners.

**G. W. V. A. Secretary
Receives Telegram**

Local Branch Hears of Proceedings at Ottawa Regarding Returned Soldiers' Gratuity—Object to Statements Made by Flynn.

A. E. Frame, secretary of the Local Branch of the G. W. V. A., received yesterday the following telegram:

Ottawa, Ont., Oct. 1, 1919.

A. E. Frame, Sec. G. W. V. A. St. John, N. B.

Flynn, Gratuity League, Toronto, who has accused officers of the G. W. V. A. of betraying the interests of their comrades, appeared before the Parliamentary Committee today to present the \$2,000 bonus plan. The committee placed him in a ludicrous position because of grossly inaccurate data, extravagant and insulting statements, and woeful ignorance of the Returned Soldiers problem. The public should be given the facts, that his tactics have seriously impeded the advantage of the bonus scheme. There are grave reasons to question his motives. Also the following statement I personally made to the Parliamentary Committee at the conclusion of Flynn's evidence:

I am instructed by the committee representing the G. W. V. A. at the inquiry, with which is associated representatives of the Army and Navy Veterans' Association and the Imperial Veterans in Canada, to state our attitude towards the question now under the consideration of the special committee of the House of Commons—in view of our knowledge of certain deficiencies in the present programme of re-establishment based on an extensive and continuous survey of returned soldiers' problems, and in view of an

**"I SUFFERED
SEVEN YEARS"**

Was Eventually Cured by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered for seven long years with a lame back, irregularities and pain. I had one physician after another but they did me no good. I read about Lydia E. Pinkham's Vegetable Compound and gave it a trial and in a short time I felt benefited and am now feeling fine, and without weakness or pain. Many of my friends have also taken Lydia E. Pinkham's Vegetable Compound and been helped by it."

Mrs. MARGARET NISS, 1846 E. Hazard St., Philadelphia, Pa.

Women who suffer from displacements, irregularities, inflammation, ulceration, backache, dizziness, headaches or "the blues" should not rest until they have given this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. If complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for special suggestions. The result of its long experience is at your service.

**Fine Record of
War Work Read**

A very interesting account of the war work done by the High School Alumnae was read at their annual meeting held last evening in the Natural History Society Rooms. The president, Miss Jessie Lawson, gave this report, showing that during the five years of war \$1,013.10 was contributed in cash, three boxes were sent to Belgian children in three years, two boxes to Nursing Sister Agnes Warner, Red Cross work was done, the Y. M. C. A. Canteen assisted, and a Christmas letter written every year to all High School boys and girls serving their country overseas.

The election of officers resulted as follows:

Miss Jessie Lawson—President (re-elected).

Miss Alice Walker—First Vice-President.

Miss Grace Betsy—Second Vice-President.

Miss Agnes Warner—Third Vice-President.

Miss Mabel Rodgers—Secretary.

Miss Jean Somerville—Assistant Secretary.

Miss Laura Myles—Treasurer.

Members of the Executive—Mrs. Bertram Smith, Miss May Ward, Miss Jean Smith, Miss Marjory McKim, Dr. Malcolm, Dr. Magee.

The secretary and treasurer both gave excellent reports, showing that a very successful year had been spent. It was stated that the St. John High School Scholarship Fund had now reached \$1,774. This scholarship was

**Everyone Should
Drink Hot Water
in the Morning**

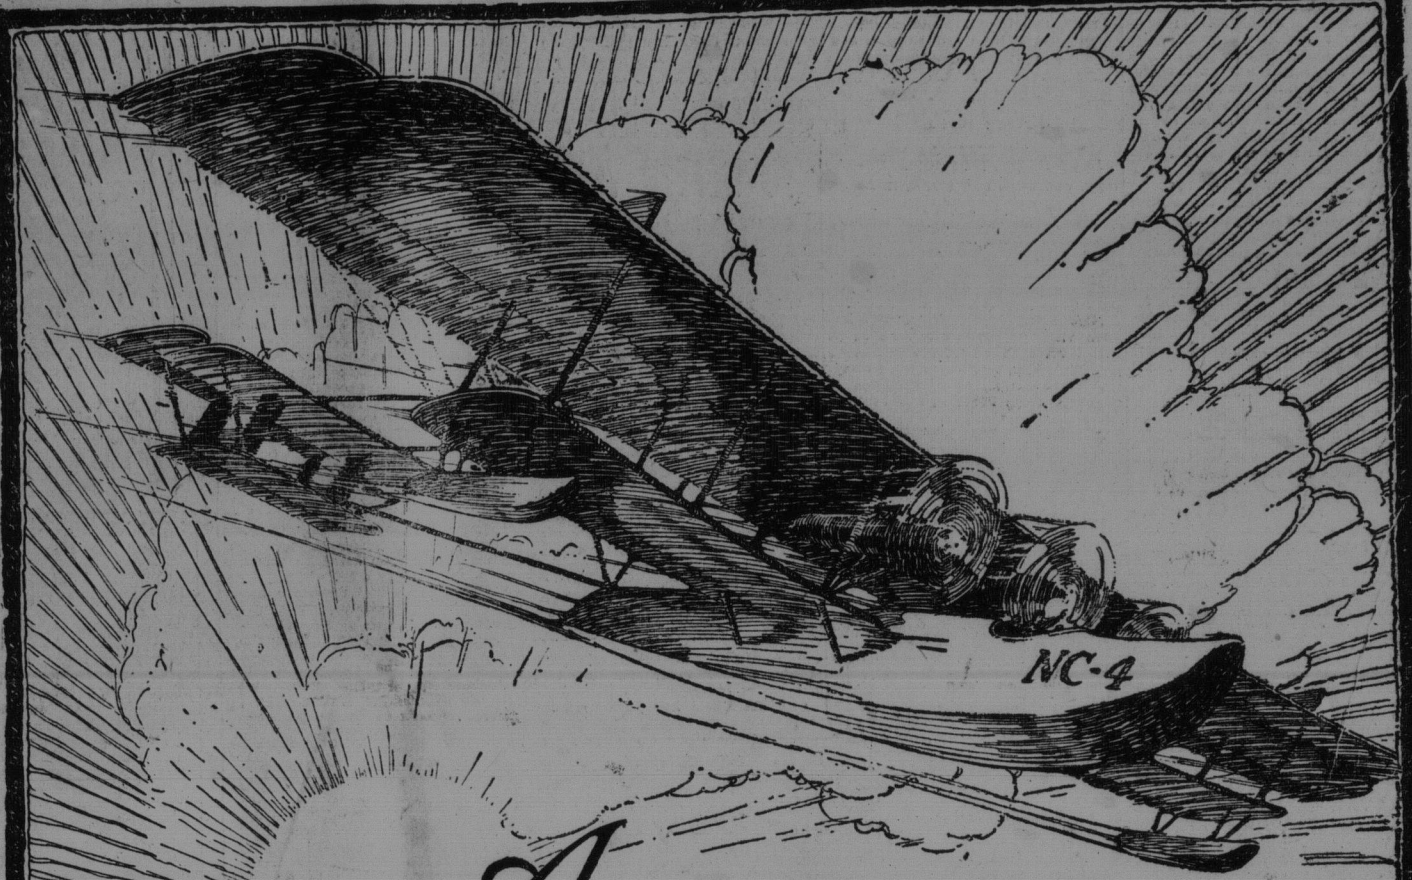

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headaches, colds, rheumatism or gas, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of Epsom's phosphate in it. This will cleanse, purify and freshen the entire alimentary tract before eating more food.

Get a quarter pound of Epsom's phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to let your system of these vile poisons and toxins; also to prevent their formation.

This year won by Kenneth Seltman. The evening was spent in making plans for the winter programme and it was decided that the business and reading meetings shall be kept entirely separate.

**Announcing the
Curtiss Aeronola**

WHEN a giant organization that built untold numbers of aeroplanes for the Allied Governments, and that built the first aeroplane to cross the Atlantic—the N.C. 4—the Navy Curtiss "Four"—concentrates its skill and craftsmanship upon the design and manufacture of a talking machine, that talking machine must command attention. Well, it does. The

Curtiss Aeronola

is the crowning achievement in talking machine production.

"Prove it." Very well, then. What is your test of a talking machine? What is that subtle quality which distinguishes one voice from another, or marks off the master violinist from the second best?—the ultimate quality which any talking machine must catch or fail in reproducing perfectly? The answer is—TONE.

So be it, then. The Curtiss Aeronola, by means of an exclusive reproducer, a perfect tone-arm, and a distinctively designed horn, reproduces to a shade, the pure quality of tone as rendered

by voice, instrument or blending of both. In addition, a discriminating choice of materials and distinction in cabinet making, presents the Curtiss Aeronola as a thing of beauty, a handsome addition to one's furnishings.

It plays Victor and Columbia Records, and it is so adjusted that without attachments it will also play Edison or Pathe Records.

But, after all, nothing that can be said about the Curtiss Aeronola is half as convincing as hearing it play. Go to your favorite music dealer or furniture store and ask for a demonstration.
