DRY GOODS OUTLOOK

Montreal, April 9.—Wholesale dry goods merchants report that the shortage of supplies is more acute than ever and stocks will not be sufficient to supply the demand for the coming season, says Bradstreet. Manufacturers and wholesalers are limiting the quantities supplied to each customer. More Canadian buyers have gone over to Europe this season than ever before and are making liberal purchases, notwithstanding the fact that prices are ruling exceedingly high.

CHICAGO GRAIN MARKET REPORT

Chicago, April 9.—Widening out of the railroad strike, together with increased export buying of breadstuffs, led to a sharp upturn today in the value of grain. Corn finished 1 3/4 to 2 7/8 not higher, and oats at an advance of 1-4 to 3-4. Provisions closed 28 to 47 down. The expected bullish view of the railroad strike as affecting the corn market was that the big terminals are almost bare of any accumulated stock and as contracts for shipments for the principal centres have yet to be filled, the stoppage of transportation tends more and more to compel higher prices.

The market was further strengthened by prospects that any inditement of price manipulation here might not be returned for weeks.

Oats jumped to the highest prices yet this season. Much concern that the impetus came from the closing out of spreads between Chicago and Winnipeg.

Provisions gave way with hogs.

He—If I should propose to you what would be the outcome?

She—It would depend entirely upon the income.
