DR. SPROULE, B. A.,

the Great English Catarrh Specialist, explains HIS METHOD OF TREATMENT.

THE GREAT ENGLISH SPECIALIST

CURES ALL FORMS OF CATARRH.

Seventeen years ago a young, but highly honored Surgeon in the British Royal Navy astonished his friends by suddenly leaving the service and entering on private

Navy astonished his friends by suddenly leaving the service and entering on private practice. That surgeon was the now famous Catarrh Specialist, Dr. Sproule, B. A. His keen brain had early seen in the then new disease, Catarrh, a menace to the life and happiness of the civilized world. While other physicians were neglecting it as unimportant, Dr. Sproule studied its nature and the means of cure. He labored in office, hospital and laboratory. He mastered the surject.

As Dr. Sproule had forseen, Catarrh spread with frightful rapidity. Twenty years ago Catarrh was almost unknown. Now, no age, sex or condition is exempt from it. No climate or locality is a cure for it. Catarrh is to be more dreaded than yellow fever or small pox. It is, in the large majority of cases, the forerunner of Consumption. Wital statistics show that deaths from Consumption in this country have increased more than 200 per cent. in the last five years. Nearly all of these cases have been traced back to Catarrh as their starting point,

Dr. Sproule makes the treatment of Catarrh a specialty. He cures Catarrh. Dr. Sproule, the first to make Catarrh a specialty, has perfected the only scientific, constitutional and PERMANENT cure. Local washes, sprays, balms, snuffs, etc., only relieve for a time. They often do harm by driving the Catarrh germs deeper into the system. CONSUMPTION, BRIGHT'S DISEASE, PAINFUL STOMACH DISORDERS are liable to result.

Catarrh is a disease of the mucous membrane, and is curable only through the blood and by medicines prepared for each case. Medicine that will cure one will often narm another. Dr. Sproul's method drives every germ out of the body. It clears the head, stops the hawking and spitting, sweetens the breath, strengthens the eyes, restores the hearing. It purifies and ehrich's the blood. It invigorates and tones up the entire system. It gives new life, energy and ambition. The hardships of life seem easier to bear. Work becomes a pleasure. The man feels as if made over.

Dr. Sproul's name is revered as that of a benefactor in thousands of homes. If you have any symptoms of Catarrh, the doctor carnestly invites you to write to him and tell him all about it.' It will cost you nothing.
