

OUR COUNTRY CORRESPONDENCE.

FREDERICTON.

Fredricton, N. B., April 7.—(Special)—A delegation from the New Brunswick Guides' Association, composed of Adam Moore, Harry Allen and A. R. Sipp, held a conference with the Hon. General Dunn and Chief Game Commissioner Knight here this evening in regard to the game law act.

ST. STEPHEN.

St. Stephen, April 7.—(Special)—McKenzie King, deputy minister of labor, has scored another triumph in the settlement of the strike at the cotton mill which has been on for three weeks excepting that a week ago last Monday, the mill started up with about 30 weavers out of 400 on strike. Since then a few more have gone back making in all about 50 at work.

HOPEWELL HILL.

Hopewell Hill, April 6.—Word has been received here of the death in British Columbia, after a few days' sickness, of Harold Scott, Samuel J. Calhoun, formerly of this place. The deceased, who was 25 years old, was born at Hopewell Hill and moved, with his parents, to Point Wolfe, besides his father and mother, two sisters and one brother, all residing in the west. Mr. and Mrs. Calhoun and family have the sympathy of their many friends here in their sad bereavement.

The Baird Company's Wine of Tar, Honey and Wild Cherry. This is the ideal preparation for Coughs, Colds, Hoarseness, Bronchitis and Asthma. It cleans the throat. Large six ounce bottles 50 cts. At all Dealers and Wholesale Druggists. THE BAIRD COMPANY, Limited, Woodstock, N. B.

rightly made by the representatives of the people and we know that agriculture has made immense advances under the increased expenditure and with the assistance that the government has been able to give. The next expenditure ever made by the government has been for the salaries of those men who are acting as agriculturists in the school trustees who have raised the standard of their own profession to so high a level. Great demands have been made on the government for the building of railways. The government has had to give subsidies to railways because the representatives of the people demanded them. Some of these subsidies were unwise. The great disaster that ever happened this province was when the legislature gave 10,000 acres of land a mile to the building of the New Brunswick Railway, thereby greatly injuring the country of York, Carleton, Victoria and Northumberland. Mr. Fleming—On what side were you?

CONGRESSMAN WILBER SAYS

(To The Pe-ru-na Medicine Co., of Columbus, O.)

"Pe-ru-na is All You Claim For It."

Congressman D. F. Wilber, of Ontario, N. Y., writes: The Peru-na Medicine Co., Columbus, Ohio: "Persuaded by a friend I have tried your remedy and have almost fully recovered after the use of a few bottles. I am really convinced that Peru-na is all you claim for and I cheerily recommend your medicine to all who are afflicted with catarrh of the bladder."—David F. Wilber. Peru-na a Preventive and Cure for Colds. In 1899 The Sangerist celebrated its 10th anniversary with a large celebration in New York City. The following President of "The Past-Tense Boating Club," writes: "Whenever the cold weather sets in I have for years past been very sure to catch a severe cold which has had to be thrown off, and which would have had effects on my constitution the rest of the winter. Last winter I was advised to try Peru-na, and within five days the cold was broken up and in five days more I was a well man. I recommended it to several of my friends and all speak the highest praise for it. There is nothing like Peru-na for catarrhal affections. It is well nigh infallible as a cure, and I gladly endorse it."—C. F. Flaven. A Prominent Singer Saved From Loss of Voice. Mr. Julian Wetsitz, 175 Seneca street, Buffalo, N. Y., is corresponding secretary of The Sangerist, of New York; is the leading German singing society of New York and also the oldest.

The steamer David Weston arrived at 4:15 o'clock this afternoon on her first trip of the season. She brought a large cargo of freight and several passengers. But little ice was encountered on the trip from St. John, although the ice in the snow fell here this afternoon but rain set in this evening and is causing it to disappear very rapidly.

Fredricton, April 8.—The intercollegiate debate between Mount Allison and the U. N. B. took place tonight and Mount Allison won. The subject was, Resolved That Canada Should Contribute to a Fund for the Defence of the Empire. Mount Allison had the affirmative and her debaters were Messrs. Day, Barlow and Tuttle. The U. N. B. had the negative with Messrs. Richard and Meadows as spokesmen. Each spoke 15 minutes, then the leaders closed the debate. The judges, who decided in favor of Mount Allison, were Justice Langtry, J. D. Whitney, H. C. and Professor Tweedie.

Fredricton, April 8.—(Special)—Hon. Mr. McKee was sworn in as solicitor general at the house of assembly this afternoon. The ceremony was performed by Lieutenant-Governor Snowball in the presence of the premier and members of the house. A number of spectators also witnessed the ceremony from the galleries. After the oath had been administered Hon. Mr. McKee was the subject of hearty congratulations from the following members: Premier Tweedie, minister of agriculture, J. J. Fraser, Winslow, at the speaker's table.

R. A. Estey has purchased from John E. Moore, of St. John, the valuable tug Scram E. Captain Ferris is in charge and will be used for towing p. boats. E. B. Elderkin, of Amherst, president of the Maritime Sloopers' Association, visited upon the local government this morning and signed \$1,000 to be contributed to the association this year to enable it to carry on its work. The government promised to consider the matter.

The special committee on the consolidation of the statutes met this morning and received the report of the commissioners, two of whom, Hon. A. S. White and E. B. Carvell, were present. Mary E., wife of Thomas E. Babbitt, the well known mill owner of Gibson, died at her late residence at 6:30 o'clock this morning.

The late Mrs. Babbitt was 62 years of age and was a daughter of the late David Babbitt, who was twice married, her first husband being Chas. Cowart. Besides a husband, two sons and two daughters survive—Mrs. J. Currie, of Portland; Mrs. L. L. Burnham, of Boston; Frank Cowart, of Boston; and Scott, of Gibson. Mrs. W. R. Robinson is a niece of deceased Mrs. Thos. Hoban is a sister.

BETTER TERMS ASKED FOR NEW BRUNSWICK.

Prince Edward Island, Manitoba and New Brunswick called for the purpose of discussing upon questions of interprovincial interest, and in the objects of which conference the executive governments of Ontario and British Columbia occurred, it was unanimously resolved that the British North America act, 1867, and the subsequent enactments affecting the same, it was impossible to foresee the development of the Dominion and to fix in the constitution the revenue so as to make sufficient provision for the central government and to furnish the various provinces with the means adequate to carry on their local administration. "And whereas it is the evident intention of the framers of the union act, as expressed in the Quebec resolutions of 1864 and in the debates at the conference at which they were adopted to make adequate financial provisions for carrying on the affairs of the central government and those of the various provinces: "And whereas the financial resources of several of the provinces as determined by the various statutes governing the matter are no longer sufficient to meet the public affairs of the province and to promote in an efficient manner their development and progress: "And whereas the various statutes now governing the financial arrangements between the several provinces is payable to each province as follows:—

Table with 3 columns: Province, Pop. Census, Actual Sub. Ontario, Quebec, New Brunswick, Manitoba, British Columbia, P. E. Island.

Table with 3 columns: Province, Pop. Census, Actual Sub. Ontario, Quebec, New Brunswick, Manitoba, British Columbia, P. E. Island.

And whereas several of the provinces are not in a position to provide by taxation or otherwise for the additional expenditure required for local purposes more than a certain portion of such expenditure: "And whereas the additional subsidy to be paid by the government of Canada would more than reimburse to them by the additional customs and excise duties collected for the Dominion: "Be it therefore resolved: 1. That the several provinces be reimbursed for the amount of the amounts to be yearly paid by the Dominion for the support of their governments and legislatures and in lieu of the amounts to be yearly paid by the Dominion for the support of their governments and legislatures to be as follows:—

month Mr. Whitridge must know whether the question will be submitted to the voters of the county. HOPEWELL HILL. Hopewell Hill, April 6.—Word has been received here of the death in British Columbia, after a few days' sickness, of Harold Scott, Samuel J. Calhoun, formerly of this place. The deceased, who was 25 years old, was born at Hopewell Hill and moved, with his parents, to Point Wolfe, besides his father and mother, two sisters and one brother, all residing in the west. Mr. and Mrs. Calhoun and family have the sympathy of their many friends here in their sad bereavement.

Hampton, N. B., April 8.—The Kings County Court resumed its sittings this morning at 10 o'clock. The first case to be taken up was the King vs. Herbert E. Wamsack, charged with assault. This was a different place in Sussex, for a violation of the Canada Temperance Act. After doing so he was ordered to be committed to the county jail, being badly injured. The unfortunate man's eyes are in a terrible condition, as the result of the accident, and it is feared he may be blind.

TRURO. Truro, N. S., April 8.—(Special)—A. Chouley, of Lunenburg, grand master of the Independent Order of Oddfellows of this town, tonight, Grand Treasurer J. A. Bakom and some 20 from Mystic Lodge, Shubenacadie, joined the banquet, after which a school concert was given. The Teachers' Institute of District No. 9, opened tonight.

Miss Davison, Grade IV, of the Truro Normal school, on excellent reading and literature. Miss Conroy, of New Glasgow staff, gave a paper and lesson on grain stocks. The 100 cent school, read a paper on Nature Work. Miss Otis Smith, drawing teacher of the Provincial Normal School, gave a talk on drawing.

but does not exceed 400,000 ... 180,000 (d) Where the population is 400,000, now it is upwards of 600,000, yet the provinces are practically receiving the same amount as was granted to them by the British North America act. That is not right. Allowance should be made for our development. It is true that some say that the provinces should be taught economy, but it is impossible to properly look after the interests of the province and to practice frugality at the same time. Mr. Blair and Mr. Fielding, who were members of the Quebec conference of 1887, became cabinet ministers at Ottawa. He carried out their own policy. Having got into power, I felt that they should have the opportunity of doing that justice to the provinces which they had demanded. If that is inconsistent on my part, I intend to be inconsistent and will continue to be inconsistent until they carry out their pledges. I drew attention to these matters last year and our action has been the means of stirring up the Quebec government. The leader of the Quebec government asked that a conference be held in that city. This was done and every province was represented.

People of Dominion Make Demand. It is, therefore, not the people of New Brunswick alone who are making this demand, but the people of the whole Dominion. The people of all Canada are such economy as they are making and they are simply asking the Dominion to give them their own money shall be divided in a different way. More Demand for Larger Subsidy. The time has come when the provinces cannot get along with the amount that was granted them in 1867. Every one knows that living is much more expensive than it was at the time of confederation and that the demands made upon the funds of the province are much greater. The people are not satisfied with the roads and bridges that would have served their purpose 36 years ago. The province cannot stand still and yet progress in the public services. There were no tourist associations in old times to claim money from that government. The agricultural demands were much less at the time of confederation than they are at present, yet these demands are

Revenue More Than Four Times Greater. In the first year of confederation the revenue of the Dominion was \$12,000,000, now it is upwards of \$20,000,000, yet the provinces are practically receiving the same amount as was granted to them by the British North America act. That is not right. Allowance should be made for our development. It is true that some say that the provinces should be taught economy, but it is impossible to properly look after the interests of the province and to practice frugality at the same time. How to Get Well Without Risking a Penny. This is how more than half a million sick ones got well:— They wrote me and told me they had bought a bottle of Dr. Sanger's Restorative. Each took it for a month, and my risk, if successful, cost was \$5.50. If it failed, I had the drug, if successful, and the sick ones were well. I have done more than 100,000 sick ones—all chronic cases—most of them difficult to cure. I have saved 30 out of each 40 have died, and the rest are well, because they were cured. I will make the same offer to you. If you simply write me and send for a bottle to get well, I will take all the risk; I will pay it all. You cannot be justly accused of neglect or an offer like that. My Restorative succeeds because it strengthens the inside nerves, brings back the only power that operates all vital organs, and gives the weak man power to do his duty, and it is all that is needed. The Restorative is a powerful engine more than from becoming deep-seated, and in chronic diseases it does what no other remedy can do.

My Restorative succeeds because it strengthens the inside nerves, brings back the only power that operates all vital organs, and gives the weak man power to do his duty, and it is all that is needed. The Restorative is a powerful engine more than from becoming deep-seated, and in chronic diseases it does what no other remedy can do.

How to Get Well Without Risking a Penny. This is how more than half a million sick ones got well:— They wrote me and told me they had bought a bottle of Dr. Sanger's Restorative. Each took it for a month, and my risk, if successful, cost was \$5.50. If it failed, I had the drug, if successful, and the sick ones were well. I have done more than 100,000 sick ones—all chronic cases—most of them difficult to cure. I have saved 30 out of each 40 have died, and the rest are well, because they were cured. I will make the same offer to you. If you simply write me and send for a bottle to get well, I will take all the risk; I will pay it all. You cannot be justly accused of neglect or an offer like that. My Restorative succeeds because it strengthens the inside nerves, brings back the only power that operates all vital organs, and gives the weak man power to do his duty, and it is all that is needed. The Restorative is a powerful engine more than from becoming deep-seated, and in chronic diseases it does what no other remedy can do.
