

Are You a Shareholder in Your Country?

WHEN you subscribe for Victory Bonds, Canada offers you shares in Canada. These are Canada's bonds, with a fixed period to run, and repayable in full at maturity, just as a Government bill is repayable on demand.

But, unlike the Government bill, Victory Bonds pay you interest at 5½% all the time you hold them.

This space made available for the use of Victory Loan by courtesy of Union Bank of Canada.

Pte. E. A. Swayne

Recently reported wounded, a native of Carleton Place. Mrs. Jas. Halliday is a sister.

A Well Known Woolen Mill Man Gone

A well-known Peterboro citizen, James Kendry, passed away at his home on November 4th. Death was due to angina pectoria. The late Mr. Kendry was president of Auburn Woolen Mills in Peterboro. He was born in Oshawa in 1847. He received his training in the Toronto Woollen Mills and Streetsville, and in 1871 went to Peterboro and took charge of a weaving department of the Auburn Mills. Three years later he left to take charge of the Clyde Woollen Mills at Lanark, and afterwards became manager of the Glen Tay Woollen Mills. Leaving Glen Tay he returned to Peterboro as manager of the Auburn Mills, and since that time has resided continuously in that city. He was president of the Canada Woollen Mills, which included the Carleton Place Mills. The late Mr. Kendry served two terms in the House of Commons and for a long period was president of West Peterboro Conservative Association. He is survived by his widow and one son.

FARMERS—Bring us your Cream. We are paying 55c a pound butterfat.
BOWLAND & McROSTIE.

After 36 years of efficient service, Sir Percy Sherwood, Commissioner of Dominion Police, has asked to be relieved of his duties. He is in poor health.

to bring them home again. The need was now, the opportunity now. Advised to talk victory bonds, say victory bonds, pray victory bonds.

Between the addresses patriotic songs were sung by the audience, and a very enthusiastic meeting was concluded with the national anthem.

NERVOUS AILMENTS

Few people realize that nervous ailments often arise from digestive troubles. The stomach fails, for some reason, to digest food properly. Then the system languishes and the nerves become exhausted in striving to continue their work. Impure blood also causes nerve troubles, but frequently it is in the stomach where the mischief starts. As the nourishment is carried to the nerves by the blood, it will be seen what an important connection exists between the stomach, the nerves and the blood, and how such troubles as nervous headaches, nervous dyspepsia and insomnia may begin.

In such cases relief is easily obtainable by means of Dr. Williams' Pink Pills. These pills replenish the blood with the food elements on which the nerves thrive; at the same time they exercise a tonic influence on the digestive organs, enabling the system to derive nourishment from the food taken. By this perfectly natural process nervous ill are steadily dispelled by Dr. Williams' Pink Pills. If you are suffering from nerves, or require a blood-making tonic, give these pills a fair trial, and see how speedily the best of health will be yours.

You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes, for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

To Prevent Potato Rot

Pick over your potatoes about three or four weeks after you have stored them away. The wet weather this season increases the tendency to rot and unless the diseased potatoes are at once separated from the healthy, there will be heavy loss. Many potatoes that look good when harvested will decay after being in storage a few weeks. Potatoes should be stored in a cool dry place. The cooler the atmosphere, providing, of course, freezing is not permitted, the better they will keep.

Gruesome Curiosity is Found in Renfrew

James Irving, Renfrew, who is now up at Magnisippi Depot as a foreman for the Colonial Lumber Co., recently came across a rather gruesome curiosity. He was out looking up some timber and came upon a small lake. On the shores of this he found an old-fashioned shoemakers' boot with a man's foot and part of his leg in it. At first he could hardly believe his eyes, but when he split the boot open with his knife he further found that the sock was still on the foot but badly decayed. He took it to the camp and showed the men, and still has the boot in his possession.

The bonus order of the Government does not meet with the approval of the Civil Service Federation.

HON. ARTHUR MEIGHEN

Honors Carleton Place with a Visit in Support of Victory Loan

Last Thursday evening a public meeting was held in the town hall in support of the Victory Loan campaign, but likely on account of the short notice and the fear of the influenza many remained away, and the hall was little better than half full.

Mayor Bates was in the chair, and in a brief address explained the object of the gathering, stating that the objective set for Carleton Place was \$240,000, hoped that the town would not fall down but rather go over the top. He then introduced Judge Scott of Perth, chairman of the county committee.

The Judge, in his opening remarks, thought Carleton Place was to be congratulated for coming out in such large numbers under all the circumstances. He was also fortunate to have the honor of a visit from so busy a man as Hon. Mr. Meighen, and again on the eve of victory in the war the meeting was held to be a memorable one. Lanark county was asked to subscribe for \$2,000,000 worth of victory bonds. This sounded large, but to-day we speak of millions as we used to thousands before the war. Did not understand why people should keep their money in the savings bank at 3 p.c. when the government needed it and was offering 5½ p.c. for it. Thought every wage earner should have a savings account, and the Victory bonds were a splendid investment, whilst it was a patriotic duty and a grand opportunity to help. Farmers especially, from the present high prices obtained for their produce, should purchase Victory bonds. Appealed to all to take a personal interest and so help the committee to realize the objective sought.

Hon. Mr. Meighen received a hearty

reception and in his opening remarks said that this was the first meeting he had addressed outside the city in this campaign. The war was near the end and another loan would not likely be offered under such favorable conditions. The need at present was great on account of having to advance money for munitions, for export of our merchandise and for expenses of our soldiers. If the people of Canada lend to the Government the country is none the poorer, whilst the interest is kept at home. Last year we had exported goods to the value of \$466,000,000 more than we imported, more than our entire loan last year. The same would be our experience this season. Had we not lent and borrowed the country would have been paralyzed for money. We had to loan to Great Britain in order that she could buy our goods. By this course we were laying the foundation of success for the future of our industries. He could not conceive of people refusing this loan. The uncertainty of the success of the war which existed in previous loans was now removed with victory in sight, and the bonds were golden in value. In Germany it was not so, for they have lost the war. He exhorted to not fall in the last chapter of the war. Referred to the dark days of last June and July, and the wonderful change since, brought about by the indomitable spirit of the British who stood solid through the trying days. Our first duty was to hold in sacred memory the lads who had made the supreme sacrifice, the victory was with the price. It was also a time for Thanksgiving. After the war was reconstruction, and all the money was needed, the very instructive and interesting address concluded with an appeal for united effort and success would be sure.

Major Hooper spoke briefly and to the point. He said that the boys we had sent over at the outbreak of the war had done their part and done it well. Now we must do our part so as

OVER THE TOP—TO VICTORY

THE word has been passed down the line, "Stand ready to go 'over the top.'" But not as the soldiers do,—to face gunfire and bayonet. We here in Canada do not have to go over the top with the bayonet or bomb. Our campaign is one of SUPPORT. Money must be forthcoming for support of our men at the front, for the thousands of needs of the war being fought for freedom and for us.

While we await the word to advance, we consider our actual needs, we figure just how much we can spare as a loan to our country, and when we go over the top it is with our open pocket-books in our hands, to loan on the best security in the world, the money that will help to bring peace.

Carleton Place has been asked for \$240,000. When that amount has been subscribed we shall have attained our Honor Flag; when 25 p.m. more than that has been subscribed we shall earn one Honor Crown on our Flag, and an addition Crown may be added for each 25 p.c. subscribed over our quota.

How Many Crowns Shall We Have?

It is up to each one of us individually and to all of us collectively. We have to get that Honor Flag and get it quickly. First let us wear the Victory Loan Button, and have our names on the Honor Roll in our place of business.

The Honor Flag will fly with more than two crowns if each will work and go

"OVER THE TOP TOGETHER."

A guaranteed time-basis loan--5½ p.c., interest payable half-yearly.

Backed by the country, the finest security in the world.

The opportunity passes on the 16th. See the canvassers early as possible.
