

A Quarterly Journal Ornithology.

(Organ of the American Ornithologist's Union)

THE AUK, now entering on its second volume, while thoroughly scientific, aims at popularizing Ornithology, and its pages are open to the Field Ornithologist and Amateur as well as to the Scientist. Volume I. centained contributions from nearly sixty of the best known Ornithologists of the United States and Canada. Its present tendency is toward a less technical character than it presented in its earlier numbers, with a larger-proportion of more or less popular articles. As heretofore, the REVIEws of current ornithological literature, and the department of GEN-ERAL NOTES, CORRESPONDENCE, and NOTES and NEWS, will form a prominent feature of the magazine. In the department of RECENT LITERA-TURE notice will be given of all papers relating especially to North American Ornithology, wherever published, as well as also of all monographic and general works. THE AUK thus covers the whole field of Ornithology in a way to make the magazine indispensable to all who desire to keep pace with the subject, and especially with the current literature of North American Ornithology. The magazine is issued quarterly, the numbers averaging about 100 pages each.

THE AUK is published under the editorship of Mr. J. A. Allen, with the assistance of Dr. Elliott Coues, Mr. Robert Ridgway, Mr. William Brewster and Mr. Montague Chamberlain.
