The main question we wish to answer by your investigation is - What is the working time per week of women employees in stores that keep open evenings - Sixty hours per week is the time asked for in the latest Massachusetts bill. We wish an intelligent report on the present times. Of course you must not depend wholly on the answers given by the head of the store but if you are satisfied I think you can get his permission to interview some of the girls.

Suppose you give me a report after you have investigated a few stores - and I may then be able to advise
