## CREAMER SKIM MILK

163 LBS. READY FOR THE PIGS  
YIELD 35 OUNCES OF BUTTER.

### AN EVERYDAY STORY RETOLD

SOPERTON, JAN. 14TH, 1901.

GENTLEMEN,—

On January 1st, I allowed your agent at Delta, Wm. Johnson, to  
place a No. 2 Alpha Cream Separator in my house on trial. He took  
163 lbs. of skim milk that we had ready for pigs, milk that had been set  
in creamers for 24 hours, and skimmed as close as we could skim it. We  
did not think the Alpha could get any more cream out of it, but to our  
surprise took out of the 163 lbs. enough to make 1 lb., 15 oz. of butter,  
for which we received 40 cents from agent, who wanted it to exhibit.

We also made another test by putting one mess of milk in creamers  
for 24 hours: from this we got 7 lbs. butter. We then separated same  
amount with the Alpha and got 9 lbs. Gentlemen, I am fully convinced  
that the Alpha is a labor-saving and money-saving machine, runs easy  
and comes up to the recommendation you gave it. I intend using one  
while I am in the butter business. Wishing your Company and agent  
success.

Yours truly,

JOHN FRYE
