MERCHANTS BANK CLOSES BEST YEAR IN HISTORY

THE annual report of the Merchants Bank of Canada just issued for the year ended April 30th, 1919, is the most satisfactory in the history of this bank. Not only were net earnings greater than in the previous year, but deposits, both interest bearing, current loans, quickly available assets, and total assets all show very satisfactory increases.

Net earnings increased from \$1,236,000 to \$1,383,596; total deposits in Canada now stand at over \$138,000,000, as compared with \$113,000,000 for the previous year.

Quickly available assets stand at \$62,700,000, a gain of over \$5,000,000, as compared with the previous year; current loans in Canada amount to \$95,874,000, a gain of almost \$20,000,000 over the figures for the previous year and furnish a striking illustration of the large part the Merchants Bank is playing in the business needs of the country. Total assets of \$166,735,000, compared with \$141,000,000 last year.

Other evidence of progress were shown by the fact that since the close of the war the Merchants Bank has opened many new branches and sub-branches. It is thus doing everything possible to provide adequate banking

facilities to the country, and at the same time absorb its officers now returning from overseas.

Sir H. Montagu Allan, the president of the bank, in his address reviewed the balance-sheet and spoke of the death of Andrew A. Allen, one of the directors. General Manager D. C. Macarow referred to the satisfactory business which had been transacted during the year, and the promising outlook for the coming year. Altogether, it was a report which reflects the highest credit upon the management of the bank.

A further evidence of the shareholders' confidence in their directors was shown by their authorization of an increase in the bank's capital from \$10,000,000 to \$15,000,000. This increase is to provide for future expansion, he president explained that there was no intention of issuing any stock in the near future.

"So Jones is dead?"

"Yes—joined the great majority."

"Well—wouldn't say that—exactly. He seemed to be a pretty good sort of chap."
