

Brighten Up for the Winter Months

The next few months will be spent indoors. You should make your house look as attractive as possible inside. Floors should be repainted or revarnished, wainscoting cleaned and painted, stove pipes enameled, cupboards, shelving, furniture, walls, radiators and everything in and about the house "brightened up." Sherwin-Williams Brighten Up Finishes include a paint and varnish and stain and enamel for every purpose. You will find the operation of "brightening up" not laborious, but interesting, and the improved appearance of your house will delight you. Ask your dealer for

IT PAYS

to make your stock comfortable. They will thrive and make more milk on less feed if you equip your stables with U BAR STANCHIONS and ACORN COWBOWLS.

U BAR STANCHIONS are strong enough to safely hold the most restless animal. They are very easy to operate.

ACORN COWBOWLS are the only perfect watering device. They require no float tank and the piping may be either above or below the stall. Cows may drink whenever they wish, there is no need to turn them out to drink from a frozen trough. They will soon earn their cost by increasing the profits from their herd.

Where warmth is not important "Galt" Corrugated Sheets save three-fourths of the wood sheeting as well as considerable labor, and will give good service for a life time of at least fifty years.

It costs no more for a "Galt" Corrugated Sheet Steel Building than for a wood one. Which do you think is the better investment? Galvanized or painted material always in stock. Complete information in catalog "3-B."
