# Know Lump Jaw

Be able to detect Lump Jaw when you see it; the safety of your herd may depend upon it. Know also how to thoroughly cure it, and how to cure a score more of the most stubborn ailments of cattle and horses. Send for our FREE ILLUSTRATED PAMPHLET on Lump Jaw and its cure, together with instructions for promptly removing Spavins, and all other enlargements by use of

Fleming's Lump Jaw Cure.

Branchton, Ont., July 20, '00.
Messrs. Fleming Bros,—Two
applications completely cured
a discharging tumor on a two
year old heifer, and 8 or 9 apyear old heifer, and 8 or 9 applications removed a hard painful tumor from the abdomen of another. The tumor was 11 x4 inches in size and 3 inches thick, and so painful we expected to lose her. One application almost removed the pain. We used Lump Jaw your remedy under any consideration.

HUGH WHITE.

Price \$2 per bottle, or three bottles for \$5. Money back if it falls. At druggists, or sent prepaid to any address. Prec-Our Illustrated Pamphlet to readers of this paper.

FLEMING BROS., Chemists Room J, 58 Bay Street, TORONTO, Ont.

# Highest

AT THE

PAN-AMERICAN EXPOSITION. THE U.S. CREAM SEPARATOR

HAS WON

GOLD MEDAL, OR THE HIGHEST AWARD,

At every International Exposition at which it has been exhibited since its invention. Our "would-be competitors" are advertising extensively as follows: "The supremacy of the De Laval machines at Buffalo is a continuation of their triumphant record at all previous great expositions."

Yes, this supremacy (?) is a continuation of their triumphant (?) record, and Yes, this supremacy "was IN WIND RATHER THAN IN WORK.

Mr. Edward Van Alstyne, superintendent of the Model Dairy at the Pan-American, states, under date of November 1st: "I find, since the receipt of your letter, after carefully going over the figures of the seventy-one runs of their (the De Laval) machine, that I mis-called the figures, and the reading should be .0172 instead of .0161."

NOW READ WHAT THE U. S. SEPARATOR DID IN THE MODEL DAIRY.

Mr. Van Alstyne states in reference to the work done by the U. S. Separator in the Model Dairy at the Pan-American Exposition from September 29th to October 30th, inclusive, that in the fifty separate runs made by the separator during these days, with the milk of the ten different herds in the dairy test, the average per cent. of fat left in the skim milk was .0138.

De Laval average test of skim milk..... United States average test of skim milk.....

Difference in favor of the United States.....

This shows that the De Laval Separator left 25 per cent. more butter-fat in the skim milk than the U.S. An immense waste that amounts to a very large sum of money upon the dairy products of the world. Enough to pay for a U.S. Separator to replace every De Laval Separator now in use. Separator our chagrined and "disgruntled would-be competitors" "with Perhaps our chagrined and "disgruntled would-be competitors" but it remains true and is a matter of record that cannot be successfully denied.

ON THE PRACTICAL EVERYDAY WORK

THE U. S. SEPARATOR STANDS WITHOUT A PEER.

THE MOST THOROUGH SEPARATOR IN THE WORLD.
