## Onr Children's Corner.

My Children. They sleep ; athwart my white Moon-marbled casement, with her sole Silently watching o'er their rest serene, Gazed the star-eved Night.

My girl, sedate or wild, By turns as playful as a summer breeze, Or grave as Night or star-lit Southern seas, Serene, strange woman-child !

My boy, my trembling star! The whitest lamb in April's tenderest fold, The bluest flower-bell, in the shadiest wold His gentle emblems are.

They are but two, and all My lonely heart's arithmetic is done When these are counted, High and Holy one

O hear my trembling call ! burning, like William. I ask not wealth nor fame For these, my jewels. Diadem and wreath Soothe not the aching brow that throbs beneath.

Nor cool its fevered flame. I ask not length of life, Nor earthly honors. Weary are the ways

The gifted tread ; unsafe the world's best praise And keen its strife.

I ask not that to me Thou spare them, though they dearer, dearer be. Than rain to deserts, sunshine to the sea,

Or spring flowers to the bee. But kneeling at their feet, While smiles, likes summer light

streams. Are glancing from her glad and sinless dreams.

I would my prayer repeat In that alluring land,

The Future, where amid green, stately bowers Ornate with proud and crimson flowers, Pleasure, with smooth, white hand.

Beckons the young away From glen and hill-side to her banquet fair. Sin, the grim she-wolf, croucheth in her lair,

Ready to seize her prey.

The bright and purpling bloom Of Nightshade and Acanthus cannot hide The charred and bleaching bonds that are det Taper, and chrism, and tomb !

Lord, in this midnight hour, I bring my lambs to thee. O, by thy truth, Thy mercy, save them from the envenomed toot And tempting poison-flowers !

O, Crucified and Crowned. Keep us! We have no shield, no guide Thee !

Let sorrows come-let Hope's last blossom be By Grief's dark deluge drowned ;

But lead us by Thine hand, O gentlest Shepherd, till we rest beside The still, dear waters in the pastures wide Of Thine our Sinless Lamb.

Sits : I have used your Fills in my general and hospital practice over since you made them, and cannot hesitate to any they are the best cathartic we employ. Their regu-lating action on the liver is quick and decided, cons-quently they are an admirable remedy for dorangements of that organ. Indeed, I have seldom found a case of billous disease so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D., *Physician of the Marine Elopidal*.

Your Pills have had a long trial in my practice, and I hold them in estewn as one of the best aperionts I have over found. Their alterative effect upon the liver makes them an excellent remody, whon given in small doses for billious dysentery and disrrhoz. Their sugar-conting makes them very acceptable and convenient for the use of women and children.

my friends. WARSAW, Wyoming Co., N. Y., Oct. 24, 1855. DEAR SRS: I am using your Cathartic Pills in my prac-tice, and find them an excellent purprative to cleanes the system and purify the fountains of the blood, JOHN G. MEACHAM, M. D.

JOHN G. MEACHAM, M. D. Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Drop-sy, Paralysis, Fits, etc. From Dr. J. P. Youghn, Montreal, Canada. Too much cannot be said of your Pills for the cure of costiveness. If others of our fraternity have found them as efficacious as 1 have, they should join me in proclaim-ing it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe co-tiveness to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston. I find one or two large dones of your Pills, taken at the proper time, are excellent promotives of the natural semp-tion when wholly or partially suppressed, and also very effectual to cleanse the stomack and expel worms. They are so much the best physic we have that I recommend to other to my patients.

From the Rev. Dr. Hankes, of the Methodist Epis. Church. From the Rev. Dr. Hamber, of the Mchodick Bpis. Church. PULASE: HOUSE, Sarannah, Gai, Jan. 6, 1856. HONORED Stat I should be ungrateful for the relief your akill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excre-cisting neuralyic pains, which ended in chronic rheume-tim. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackengie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

in the use of them, i am now estirely well. SENATE CHARGER, Bason Rouge, La., 6 Dec. 1855. Ds. AVER : I have been entirely cared, by your Pills, of Rheumadic Goud - a painful disease that had afflicted me for years. VINCENT SLIDELL. Age Most of the Pills in market contain Mercury, which, slithough a valuable remedy in skifful hands, is dangerous in a public pill, from the dreadful conse-quenese that frequently follow its incentious use. These contain no mercury or mineral substance whatever.
