The Oxford 400 Series.

THE ANTI-CLINKER GRATE.

In the patent hexagonal grate used in all Oxford Furnaces the bars are so constructed that air passes between and reaches the centre of each - insures perfectly ignited body of coal - makes obstruction to draft impossible - and a positive prevention from the formation of clinkers. It is the most powerful grate from the standpoint of economy and power - the simplest in construction, of any in the market to-day - Effective and durable. A perfect grate is the "main spring" in furnace making to-day. The OXFORD GRATE is the Perfect Grate, and it costs you no more to have the best. Get posted before you choose a furnace.

BELLE EWART
 GIVES PERFECT SATISFACTION
 Because every block is cut from the clear, pure waters of Lake Simcoe, and by a special process prepared for household use. Being entirely free of specks, weeds and snow, it lasts longer than ordinary ice, and yet costs no more.
 We are not in the trust.
