

C. & B. Jelly Powders

and Jelly Tablets should be on every grocer's shelves, for they are in universal demand at all seasons of the year, and at no time more than in the summer and fall. They are instantly dissolved in boiling water, and set rapidly. As they are practically unaffected by either heat or cold, they can be kept for almost any length of time. Other jelly powders and tablets taste insipid when compared with those made by C. & B., which possess a distinctive taste, and which are richly flavored with the purest fruit juices. The reputation of the firm will assist you to sell C. & B. jellies in preference to cheaper ones. Their quality will guarantee repeat orders from every one who tries them. Insist on your wholesaler supplying you with these jellies. If he does not stock them, have him import them for you.
