"Will Berlin be incorporated as a city next year?" is a question that will agitate the progressive citizens of Berlin during the next few months.

The council meeting on Monday evening the first steps were taken when a resolution, fathered by Aids. Lang and Clement, was passed requesting the town solicitor to inform the council what measures are necessary to be taken to make Berlin a city.

Hans came in from his ranch to buy a horse. "I've got the very thing you want," said Ike Bergman: "it's a fine road horse, five years old, sound as a quail, \$175 cash down, and he goes ten miles without stopping." Hans threw up his hands skyward. "Not for me," he said—"not for me. I wouldn't give you five cents for him. I live eight miles from Astoria, and I'd haf to walk back two miles."

Forest fires during the recent dry autumn swept through a considerable portion of the Greenock swamp, clearing up a lot of undergrowth and killing much valuable timber, which, in consequence, must be taken out this winter, as if left for a year or so will rot and become worthless. To facilitate matters along this line Mr. W. D. Cargill, the owner, will run a railway into the centre of the timber limit and connect it with his mills. This means that this winter will witness great activity in the lumber camps, where a great rush of hands is wanted.

It has been decided that the act of last session, respecting the sale of patent medicines, shall come into force on the 1st of April. After that date any preparation which contains chloral, acornite, ergot, strychnine, or any other of the numerous list of deadly drugs will have to be approved by experts of the department of Inland Revenue, or bear a printed statement on the outside of each package that there is a deadly drug in the preparation, and the name of the drug.

A good deal of dickering has been going on during the last few days between John P. Klempp, proprietor of the Royal Hotel, and J. H. Mosack of Posmosa, for the sale and purchase of this hotel. We understand that they have agreed on the price, which, with the furniture is in the neighborhood of twelve thousand dollars, but that the writings have not been executed yet. And so it is a case of a sale and yet not a sale.—Telescope.

M. C. M. Bowan's house in Southampton was nearly burned last week. Men had been boiling oil on the stove to oil the floors. This oil took fire and when the men attempted to throw it out it hit on the door and spilt. The result was that the kitchen was badly scorched. If it had not been for the good work of the fire brigade there would likely have been a bad fire.

A Minto township farmer last spring hired his 16-year-old son to a neighboring farmer, for a term of seven months, the consideration to be \$10 a month. At the end of five months the boss paid the lad off with \$10 a month and let him go. The father was not satisfied with this, claiming that the boy was kept during the heavy season in spite of the fact that

Mi-o-na will cure your dyspepsia or any other stomach trouble by building up the flabby walls and making the stomach so strong that it will digest food without pepsin or other artificial aid.

In other words, Mi-o-na cures dyspepsia by removing the cause. J. Coates is the agent for Mi-o-na in Mildmay and he says to every reader of the Gazette whose stomach is weak, who has indigestion or dyspepsia, that Mi-o-na is guaranteed to cure or money back.

The price is only 50 cents a large box, and one box is all you need to prove that you are on the right road to health and happiness.

Mr. Geo. Linder of corner Mill and Park Streets, Elmira, Ont., says: "For about ten years I have been severely troubled with stomach trouble and indigestion so bad that I could not retain my food after eating. I could not eat meat, or scarcely anything and had headaches and constipation. I secured a package of Mi-o-na with the result that now after having taken two boxes I am entirely cured and can eat anything, digest perfectly and am feeling fine. Mi-o-na also overcame my constipation. I am only too glad to publicly endorse and recommend Mi-o-na."

There is a darkey in Philadelphia who is convinced that the whole is not always equal to the sum of all its parts. This darkey, who is the recipient of the discarded clothing of several business men for whom he has worked, was one day seen to observe himself carefully in a mirror and heard to deliver himself of the following remarks:

"Here I is, wearin' de shoes of a banker; de pants of a railway president; de coat an' vest of a member of de Chamber of Commerce, an' a State Senator's in spite-r all da, I looks like a
