LO! THE POOR INDIAN WHEN CONKLE ARRIVED

Hank Peters and Hamilton Man in Wrestling Match Last Night—Conkle's Ability Made Him Easy Winner.

"The boys will all be out of here by 10.30 and the lights will be out," said Charlie Conkle, the Hamilton mat artist as he faced big Hank Peters, the 180 pound Indian wrestler, who recently has been scaring off all the local wrestlers. As Mr. Conkle himself tips the scales at 147, fans were wondering just what the big Indian would do. The lights were out at 10.30 and boys were out of their seats, as Mr. Conkle predicted. It closed the best program of boxing and wrestling put on this year. There were no knockouts and the order and decorum of the audience were much improved. The affair was under military auspices for Capt. Newman's company. The crowd was large and enthusiastic. It was a night seemingly chock full of challenges, announcements and acceptances. Such a brain fever of 'Let me get at you' never filled the atmosphere before. Even a Berlin promoter got in an advertisement. Hamilton fans came up with Conkle 25 strong, including the famous promoter Bobby Robinson of the Spectator. Paddy Jones of the Herald saw Conkle eat the big Indian. They saw that in Hamilton the sport of boxing and wrestling has been put on the blink, hence the avidity with which the Hamiltonians went for the stuff last night. And it was fairly good stuff, too.
Three boxing and a wrestling bout formed the program. Fred Johnson's two little sons, scarcely in their teens started things in four short rounds. The ability of these youngsters to punch and take punches put the crowd in happy vein. The little fellows were distinctly clever and enjoyed the milling as much as the audience. Some day they will be cleaning up the whole school if they haven't started already.
Brooks, the Hamilton boxer, with the punch, who put Carpenter to sleep a few weeks ago and Wag Bremner of Brantford, then engaged

in four rounds, the result of which was a draw. Bremner appeared the shifter of the pair, but was not prone to follow up his advantage. Brooks endeavored to get in close, but Bremner while he did not hesitate to go in himself, did not take too great a chance on the sleep producer of his opponent. The result was four cleverly boxed rounds and the decision of a draw was about right.
The next bout was a family feud, an Indian tribal affair between Pete Scott and George Peters. Scott's story is that the Peters family on the Reserve once gave him a beating up collectively, and he proposes to get back individually. Last night was the first opportunity. Scott has some science while Peters displayed more of a rough and tumble ability and lack of the sense of touch in that the punishment. Scott gave him a wicked left seemed to have but little effect until the third round when the bout was stopped and Scott declared the winner. It was a slugging match. Scott being fairly proficient in the wing, while Peters undoubtedly is some bruiser in his locality.
The wrestling match between Hank Peters and Conkle, was all to the merriment, as it revealed the old man's undoubted ability and cleverness. Peters could no more get a toe-hold on Conkle than an elephant could on a worm. Each time Conkle allowed the Indian to play for a while with his pedal extremities and then came up from seemingly impossible positions and got the half Nelson and scissors hold for a fall. The first bout for Conkle was in 12 minutes, 27 seconds; the second in 4 minutes, 16 seconds. The crowd cheered Conkle's work as the Hamilton man has always been popular hereabouts.
Everybody enjoyed the program thoroughly.

NEW BIPLANE WINNER OF HEIGHT RECORDS

Much attention has been centred in aeronautical circles recently on the contest for altitude and duration records between French and German aeroplanes and aviators. Three new passenger height records have been made by one French biplane of new type, the Schmitt, which has also been entered in the big safety prize contest now in progress in France. Stability is claimed for the new biplane because of wings of variable angles.
The records were won by the French aviator Garais on the biplane, which was built by Paul Schmitt.
A picture of the new biplane shown above has aroused interest among members of the Aero Club of America.

President Bowtle On the Local Soccer Situation

Players Warned to Keep Off Baseball Diamond Until Ground is Dry—Referees League May Settle Up.

Sporting Editor Conries:
Sir,—On behalf of the Brantford and Paris Football League, I desire to state that the Executive have issued instructions to all league players that they (the players) are not to practice or play football on the baseball diamond at Agricultural Park. All our games will be played on the football ground provided by the Parks board. Should it be deemed necessary to play any of the Cup Final games on the diamond the executive will apply to the proper authorities. It is the earnest desire of this league that the baseball diamond be not injured in any way by any of our members. The men referred to as "Bonehead Footballers" who were kicking a ball around the diamond are not members of this league, as far as we know. I would thank you to publish this letter, as it may be the means of bringing to the notice of the players our wishes with reference to the diamond. As regards last season's referees, there is yet the possibility of a settlement suitable to the league and themselves, but the constitution put before the league officials has been turned down for good for the reason stated by our secretary, but Brantford may yet have a Referees' association, as it is realized it would be beneficial to the game in general.
Thanking you for the space given your league.
Yours very truly,
A. G. BOWTLE,
President.

ALL SCOTS MEET

Strong Team Welded Together For Season—J. Morrow Captain.

An enthusiastic meeting of the Scots United Football Club was held on Thursday night at No. 21 George St. There were quite a number of players and members present. President J. McDonald opened the meeting first by congratulating the committee for working so hard and getting together such a strong team. Considerable business had been transacted and are now in splendid shape for the opening of the season. J. Morrow was elected captain and T. Forgie vice captain. We are glad to say that the best of last year's players have re-signed along with quite a few ones which makes us a much stronger team than last year. The Scots are getting right down to business, and want to play good and clean football. The Scots United wishes to make known that it was none of their players that was playing football on the diamond at Agricultural Park.
The Legislature defeated the Liberal motion for public ownership of telephones.

SUNDAY LACROSSE IS WANTED BY ST. KITTS

ST. CATHARINES, April 4.—The local O. A. L. A. club favors an amendment to the constitution which will allow Canadian clubs to play games with teams across the American border on Sundays. They have found that in order that lacrosse may be financed in big American cities where Sunday baseball is considered quite in order as a road race in St. Catharines on Good Friday, Sunday games and Sunday crowds, which are larger, are necessary.
Although they respect the Canadian Sabbath and do not desire to have it desecrated, they do not see why a Canadian team should be blackballed for endeavoring to plant the line if Sunday is the most convenient day. This point will likely be raised at the Good Friday convention.

FOOTBALL

The P. S. A. Football club will have a practice on Saturday afternoon, April 4, at 5.30 in Recreation Park. All players are requested to be on time.

Sporting Comment

They will be here April 18th, and then people can talk as much as they like. Rube will do.
Artie Latham: "Ladies and Gentlemen, I'm glad to see such a large and respectable crowd, I'm large and your respectable."
"Rube's" not a slave driver, but he has the knack of getting work out of a team. Some way or other they just can't help working for him.
By all indications cricket will boom in this city this year. The club has a hustling president in Mr. Van-Lane, who is a cricket enthusiast from the word "go."

The lacrosse enthusiasts are going to have their little say on Wednesday. It's to be hoped they have a larger crowd in attendance than at the soft ball organization meeting.

The soft ball officials believe in the motto, "Try again," and are going to hold another meeting next Thursday night. Here's hoping all the bunch will be out to start something.

Manager "Rube" Deneau will be here to-night loaded down with a bunch of new contracts which promise some surprises. Who are they? No one knows not even President Nelson.

The "Rube" has a funny habit of keeping things to himself until after May 7, and then look out. What he won't do to London is hard to say. He won't have to apologize this year for anything he says to the Cockneys.

Mayor Spence has signified his intention of going into training with the Red Sox in order to strike out P. Kellett on opening day. Aid Ward will also work with him, doing the receiving for His Worship's rapid fire delivery.

Come all you girls, if you want to flirt.
Here comes a ball-player in a new white shirt.
You can flirt and tease just as much as you please.

But never make a ball player get down on his knees.
Sounds from Agricultural Park, on May 7th.
"Isn't he just grand, and so good looking too?"
"Gabby" Ivers hasn't lost a bit of his weight. Doesn't he look funny?"
"Mayor Spence ought to join the twirling outfit. He's as good as we had last year."

The following conversation took place between President T. J. Nelson and a reporter:
Reporter: "Who looks best to you?"
Mr. Nelson: "I don't know, but I'll tell you one thing, the cellar position isn't going to be between Brantford and some other team."
Reporter: "The Red Sox looked good last year, didn't they?"
Mr. Nelson: "Yes; at the first of the season the race was between Brantford and seven other teams—but we raced the wrong way."
Reporter: "What was the matter?"
Mr. Nelson: "The brakes wouldn't work. That was once Westinghouse wouldn't work."
Which all goes to show how we lost the 1913 race.

The contract has been let for a high school at Winchester, the fifth in Dundas county.

Dufferin Bowlers Off To Excellent Start Again

Annual Meeting and Supper Held Last Night—Officers Are Chosen For the Year—Members Are Enthusiastic.

Between 75 and 100 members of the Dufferin Bowling and Lawn Tennis Club sat down to a sumptuous repast at the Tea Pot Inn last night prepared by Mine Host Crumback. After the splendid supper the annual meeting of the club was held and election of officers for the ensuing year took place.

In the absence of Mr. A. P. VanSomeren the president of the club, who was unable to attend Mr. R. C. Burns, 1st Vice-President, took the chair and read Mr. VanSomeren's address, which contained many useful and inspiring suggestions for the work of the coming year.

One of the main features of Mr. VanSomeren's address was the suggestion to change the date of the payment of the fees from July 1st, to June 15th. Business reasons were suggested for making this change, which was afterwards passed.

The report of the Treasurer Mr. A. Dymond, was read showing a small balance on hand and was adopted.

An enthusiastic report was read by the Secretary, Mr. H. A. Lister in which he stated that the club now has a membership of 156 an increase of 28 over last year. Mr. Lister referred to the treasurer's report and suggested some ways of raising money for this year.
The Finance Committee's report followed and was read by Mr. W. F. Wilson one of the most enthusiastic and earnest workers of the club.

The report of the grounds committee was read by Mr. T. A. Cowan, who suggested some improvements, which could be made and also told of the work accomplished last year.

Mr. Chalcraft, president of the Horticultural Society, spoke advocating the putting in of a number of flower beds on the premises to beautify the grounds.

He also spoke of the pleasant relations he had with the Dufferin Club and of the splendid organization which they had.

Mr. Chris. Cooke also spoke of the good work of the club, and Mr. Dowling and Mr. A. Thornburn, secretary of the tennis club followed him with short speeches.

During the evening Mr. W. J. Feldcamp rendered their mouth organ and guitar solos, which were heartily enjoyed. In one of his numbers Mr. Feldcamp blindfolded himself.

By motion the executives of both divisions were amalgamated, which it was thought would work for the best interests of the club.

The club looks forward to a banner year this year, and all the members have pledged themselves to make it such.

A Good Test.
