## WOMAN, ILL, HELD ON MURDER CHARGE

**Mrs. Bianca de Saulles Will Probably Plead Temporary Insanity**

By Courier Leased Wire  
Minola, N. Y. Aug. 7.—An application for the removal to an hospital of Mrs. Bianca de Saulles, held in the county jail here for the murder of her former husband, John L. de Saulles, is expected to be made today. This announcement was made by her attorney after three physicians had made an examination of his client. Although he would not state specifically just what her ailment was, the attorney said the events of the last few days had accentuated her illness and brought on a collapse. He said also, he might go before the Supreme Court in Brooklyn in an effort to have Mrs. de Saulles admitted to bail on the ground her life was being endangered being confined in county prison here.

The mother of Mrs. de Saulles, cabled from Valparaiso, Chile, that she was leaving there on Wednesday for New York and was bringing another daughter and her son with her. The belief that Mrs. de Saulles' defense will be temporary emotional insanity was strengthened today. Her attorney reiterates she had no intention of shooting her husband, who she had divorced on the grounds of infidelity when she went to his home to demand the return of her son.

## MAYOR BOWLBY ON FOOD PRODUCTION

**Strongly in Sympathy With Campaign for Farm Help, But Remains Passive**

"The extreme need for help to harvest the Ontario crop leads me to appeal to you to release every possible corporation employee for this work, and to interest yourself in immediate organization of your municipality to secure farm help." Such was the text of a telegram received yesterday by Mayor Bowlby from W. H. Hearst, Premier of the Province, urging the necessity for assistance to the farmers in bringing in their crops. This morning an explanatory letter in relation to the telegram was received, containing further and more specific particulars. The communication points out that the saving of the harvest is an imperative duty not only to ourselves, but to the boys at the front, the British Empire and to our Allies, that there may be no shortage of food to hinder the successful continuation of the war. It is estimated that 10,000 men will be needed in Ontario for a period of from one to six weeks. A list of centres where those willing to assist in this enterprising may register, may be seen at the city hall. The government is willing to pay the railway fares of those who, while willing to do farm work are not needed in their own community, but will go to some other county where the need is greater.

"I am as much in sympathy with the movement for saving the crops as anyone, but I doubt if I should exercise my authority to induce any to leave the city for that purpose," declared Mayor Bowlby this morning. "The manufacturers are in very hard straits owing to the shortage of labor, and I know it. I am also perfectly well persuaded that the manufacturers are patriotic in the broad sense of the word, and there is not one of them who would not do anything legitimate to help the farmer in saving their crops, but I have no personal desire to 'queer' the position and render it more difficult for them to keep their contracts for their manufactured products."

In regard to his attitude to municipal employees leaving the positions temporarily, as was suggested in the letter, his Worship stated: "Every available man who can get a job in the country should go and get it and help with the harvest. If he can get off, and he may be assured that his position will remain open for him on his return."
