A Bell of the Lansdowne, returned yesterday from spending several days in Winnipeg.

Jno. Knox, inspector for the Dominion Express Co., was in the city Monday.

The Trades and Labor Council will hold a meeting on Saturday evening at which the officers for the year will be elected.

A Leap Year social under the auspices of St. Mary's Ladies' Aid, will be held on the 21st inst. in the reception rooms of St. Mary's Presbytery.

J. T. Mutrie, formerly of Regina, was married last Wednesday to Miss Isabel Bethune, a former teacher of Regina schools. Mr. and Mrs. Mutrie will make their home at Vernon.

The city council will take over the Victoria hospital after February 1st. A commissioner in the person of G. M. Baird of Indian Head has been appointed to manage the hospital at a salary of \$75 per month.

A bill will be introduced at the present session of parliament to provide for the issuing of scrip to each volunteer who enlisted for South Africa from Manitoba, Saskatchewan and Alberta.

J. A. Goth, who has been absent from the city since October returned home Monday. He spent some time in Ontario and in New York state. While away Mr. Goth disposed of some Regina property.

Baptie and Bellefeuille gave a very interesting exhibition of speed, fancy and trick skating at the auditorium rink on Saturday night. A large crowd was in attendance.

A number of local Knights of Columbus left on Friday last for Edmonton where they participated in degree work. The party returned to the city Tuesday having had a most enjoyable trip.

The Regina Flour Mill Co., are advertising in this issue a new coal which they are handling. There are no screenings or fine coal in what they sell as they use those parts for their engines at the mill.

A motor boat designed by Mr. F. Hewitt and built by the Regina Machine & Iron Works is on display in the windows of the Trading Co. It is well designed and built and reflects great credit on those who had it in hand.

The Canadian Courier is authority for the statement that every week some British judge dismisses a prisoner on the plea that he "has promised to go to Canada." This throws a side light on the origin of the editorial staff of the Regina Leader.—Regina Standard.

D. S. McKenzie deputy minister of education for Alberta and D. P. McGill, deputy minister of education for Saskatchewan, left last Thursday evening for Winnipeg to attend a conference regarding the new school books for the three western provinces.

It is believed that the C.N.R. will extend their railroad from Regina to Medicine Hat during the coming summer. The people of Medicine Hat have been assured that part of the \$15,000,000 secured in England by Mackenzie & Mann, will be expended for that purpose.

Mr. A. Lewis, late manager of the King's Hotel, was the recipient of a handsome leather trunk from the members of the Elk's Club last Friday evening. He was also dined at the Wascana hotel by the members of the R.N.W.M.P. lodge A.F. & A.M., the same evening.

The Bell Telephone Co., are now changing their system here so as to provide that their patrons will not have to ring up central. Under the new arrangements which are to be made all that will be necessary will be to lift the receiver. The arrangements for this new feature it is expected will be completed in about three weeks.

Victor Dane a young fellow from Wolseley was brought here on Thursday evening last and taken to the hospital in Wright Bros. ambulance. The little fellow was standing near his father who was chopping wood, when the axe glanced and cut the knee cap of one of his son's legs. The wound was very painful.

The trial of Samuel Pryor on the charge of murdering Rosie Mohr will take place at Wolseley before Chief Justice Newlands, on Wednesday, January 22. The trial will not like by last more than a day. Levi Thompson will prosecute, while F. W. G. Haultain will defend the prisoner.—Wolseley News.

The new invention of a Toronto furrier is certainly a great thing—looks like a muff and can be used as such; fold a little flap over one end and it is a tea cosy, unbutton the middle and it becomes a chair cushion, wrong side out with both ends tucked, it is a sofa pillow; rolled up tight with the top inside it makes a first class football, and after a season's wear it makes an ideal bed for a dog.—Ex.

Max Heppner, of Montreal, was in the city last week, a guest at the Lansdowne. Mr. Heppner came west as a representative of Baron Hirsch, and visited the colony at Hirsch, Sask., named after the well known Hebrew philanthropist. While at the colony, Mr. Heppner discussed the matter of seed wheat, and there is no doubt that if the government does not provide seed for the needy Jews, the good old baron will again come to their relief.

It apparently pays the farmer to store his poor wheat in the granary before he sells. N. E. Cribb at the time of threshing put his poorest car of wheat in the granary and held it until last week. When this wheat was threshed, about twenty-five per cent of it was green kernels, soft, and it graded two grades better than wheat of the same field shelled at the time of threshing. Besides the difference in price on those two grades and the better prices when sold, Mr. Cribb has gained thirty cents per bushel on that car. The gain is twice as much as what some farmers sold their wheat for at the elevator. This is only one instance of many that have come to our notice lately.—Heward Chronicle.

Drink and the gang drinks with you; swear off and you go it alone, for the bar room bum who drinks your rum has a querulous taste of his own. Feast and your friends are many, fast and they cut you dead; they'll not get mad if you treat them bad so long as their stomachs are fed. Steal if you get a million, for then you can furnish bail; its the limit thief who gets out on leave

Dr. Henderson, pastor of the Dominion Methodist church, in the course of his sermon tonight took a few raps at Ottawa's high society. "There are

two classes of people in this country who are not civilized," said Dr. Henderson. "The barbarian Indians in the west, who live like groundhogs or chipmunks, and the extreme society people, who live like bumblebees or butterflies. The best society of Ottawa does not have its name appearing in the society columns of the newspapers."

Dr. Henderson declared that it was outside of the preacher's province to denounce those who danced or went to the theatre, but those who devoted their time to such amusements were usually the least educated in their heads and brains.

The scenic and electrical effects used in this city by Manager Walker's attractions speak well for all concerned. The lighting effect in the first scene of Raffles last Friday evening deserves special mention. On the rise of the curtain a round of applause showed that the people of Regina appreciate a good thing when they see it. Cripple Creek Co., are said to be as well off, if possible, better equipped than the Dominion Stock Co.

You Will Save Much Money by Buying Your Groceries Here

The Grocery Announces FURTHER ARRIVALS OF

Fresh Tender Lettuce
White Crisp Celery
Cape Cod Cranberries

Also Japanese Oranges, in first-class condition. For, although just to hand, we have picked them over and re-packed them to be sure they were good.

Trading Company Teas and Coffees are Most Popular

We have reason to be proud of the clientele we have in our store, and especially in the grocery. We cater to the wants of many critical and discriminating people and the best of it all is we generally please them both in goods and service.

But we want you to know about our teas and coffees. Tea and coffee values interest most people, for if your house don't use one you use the other, and if there's savings to be made a person likes to have them, especially on every day necessities.

And yet it takes a little thought to get at the basis of true value. For instance you might be offered two teas, one at 25c a pound, and for illustration, our 40c special tea. You might save 15c a pound on the cheaper, but lose 25c when it came to using it. Inferior quality can never make up for a few cents saved in a pound of tea or coffee.

Then look this way for quality, and "the cheapest in the end."

IN TEAS

Or our Special Blends at 40c and 50c a pound.
